

Dear Friends,

Just wanted to let you know that we still need a lot of teachers for next year. If you know of anyone who might be interested, the contact person is listed below. I think we have a great school and great kids (almost 200 of them now), but we do need teachers! The school pays for housing and transport to school and back each day. Teachers would need to raise some support or have other resources to meet other living expenses.

Whether or not you know of anyone who might be interested, please pray!

Here's the list of staffing needs we have for next year:

Secondary Principal
Kindergarten
Grade 2
Grade 4
MS Science
MS Math
MS RE (half year)
HS English
HS Math & Physics
HS Social Studies
Computer
Music
ESL
