¹QPI for 2003 is for informational purposes only; results to become part of federal Title II report in September 2004.

² Beginning September 2004 institutions must publish the QPI and the performance level descriptor in all relevant school publications (Section 207(f)(2) of Title II).

³ Mid-Continent is a new program with only one year of data therefore no QPI could be calculated.

⁴ Due to having <10 program completers, two years of data (00-01 and 01-02) were used to calculate a Praxis pass rate for Pikeville College.
