The purpose of this bibliography is to help you locate information on Biblical and classical languages through the use of carefully selected reference sources available in the Kinlaw Library. Should you have any questions, please do not hesitate to ask a Reference Librarian for help.

INDEXES

The Index provides access to English language periodical articles through author and subject entries arranged in one alphabet. In addition there is a separate listing of citations to book reviews. Language and literature and classical studies are included among the subject fields indexed.

ONLINE  Proquest Research Library: Humanities Module. 1971 to date.

The Research Library features a highly-respected, diversified mix of scholarly journals, trade publications, and magazines. This combination makes it one of the broadest and most inclusive databases. Search periodicals on subjects such as communication, history, journalism, literature, philosophy, religion, and more in this module. This subject-specific module provides access to a large number of full-text titles (over 300) in the humanities, many not found in any other database.

This index provides access to periodical citations of interest to the evangelical community through author and subject indexes. Biblical language studies is included among the subject fields indexed.
