ABOUT OUR WORKSHOP PRESENTERS:

Kentucky Refugee Ministries is a non-profit organization dedicated to providing resettlement services to refugees through faith and agency-based co-sponsorship in order to promote self-sufficiency and successful integration into our community. KRM is committed to offering access to community resources and opportunities and to promoting awareness of diversity for the benefit of the whole community.

Mission Year is a year-long program where Christian young people live in an urban neighborhood volunteering, worshiping and loving their neighbors. It is an opportunity for anyone 18 and over, both single and married, to spend a year following Jesus' command to "Love the Lord your God, and love your neighbor as yourself." By partnering with a local church, volunteering at a service site and spending time with neighbors, Mission Year team members effectively impact their communities while catching a deeper vision for what the kingdom of God is like.

Keynote is the creative arts ministry of Campus Crusade for Christ, bringing the message of hope through innovative resources, screen-based ministry, performing arts, film and communication training. Keynote exists to break new ground and help other ministries reach their world for Christ by offering resources and forming strategic partnerships.

THE GCC IS COMMITTED TO:

Motivating through promotion and encouragement of year-round engagement of a "Great Commission Lifestyle" on our campus, in our community and around our world.

Equipping students to define, explore and answer theological, spiritual, social and cultural implications at the heart of living out the Great Commission.

Mobilizing Christians — individually and corporately — to help fulfill the Great Commission mandate in our generation.

THE PRAYERFUL OUTCOMES FROM THE GCC ARE:

- A significant increase in Great Commission-centered thinking and action on campus through consistent prayer, stewardship and daily witness.
- A growing wave of students, faculty, staff, administration and alumni regularly participating in short-term missions — domestically and internationally — thus growing in our expression of the mission Cornerstone.
- A larger remnant of the campus community committing to a lifetime of cross-cultural and international Great Commission service.
