

PRE-NURSING MAJOR

Pre-Nursing Program restrictions

1. PNR Student completes the major requirements at Asbury. PNR majors transfer to an accredited 4-year school of nursing to complete the major and the AU degree by finishing one full-time year (30.0 hours) of nursing courses. These credits must be officially transferred back to Asbury University to receive an AU degree. Students must have 124.0 total hours to receive an AU degree.

2. PNR Student may not have a double major. If completing any other Asbury major the Pre-Nursing major will not be listed. Student will complete and graduate from Asbury University in the other major only. However, any student who is preparing to apply for nursing or medical schools should contact the Health Professions advisor about taking required pre-nursing or pre-medical courses outside their declared major.

3. Transfer course restrictions: 50% of the PNR major must be completed at Asbury University (minimum 33.0 major hours at Asbury) with the transferred nursing hours accounting for the other 50% of the major. If any of the below listed major courses are taken at other schools the student will be required to take additional Asbury University course hours in BIO, PSY, CHE, or SOC to account for the 50% at Asbury.

4. The 75.0 hours maximum transfer rule applies and includes the 30.0 nursing hours which limits all other transfer hours and institutional credit to 45 hours.

5. All Pre-Nursing students are reviewed at the end of the sophomore year (60.0 cumulative hours). After 2 years, students should have no grade below a "C" in all BIO and CHE courses, a minimum science GPA of 2.75, and a cumulative GPA of 2.75, in order to continue in the program.

6. Changing out of the PNR major - A student who decides not to pursue nursing needs to make this decision by their junior year to allow sufficient time to complete the courses needed for another major. Discuss major changes with the Health Professions advisor.

MAJOR REQUIREMENTS (65)

[Please indicate with (T) if requirement met by transfer course]

Choose one Biology with lab:

__ 4 BIO 100+101 Biological Science + Lab
 __ 4 BIO 201+203 General Biology I + Lab

Take:

__ 3 BIO 211 Microbiology
 __ 1 BIO 213 Microbiology Lab
 __ 3 BIO 252 Nutrition
 __ 3 BIO 262 Human Physiology
 __ 3 BIO 331 Human Anatomy
 __ 2 BIO 341 Ethical Issues

__ 3 CHE 115 Chemistry for Health Sciences
 __ 1 CHE 117 Chemistry for Health Sci Lab

__ 3 PSY 101 General Psychology
 __ 3 PSY 201 Developmental Psychology

__ 3 SOC 100 Intro to Sociology

Choose one Statistics course:

__ 3 PSY 315 Stats for Behavioral Science
 MAT 232 Probability & Statistics

Complete 30 Nursing Transfer hours:

__ 30+ T-PNR courses
 Credits transferred from an accredited four-year school of nursing

MAJOR plus FOUNDATIONS requirement of (39)

(3 hours social science and 4 hours science satisfied by required major courses.)

Plus electives needed for the 124 hour degree requirement (20)

Additional courses below can count towards the 33.0 hours of Asbury University PNR major credits in place of transfer courses.

__ 3 BIO 202 General Biology II
 __ 1 BIO 204 General Biology II Lab
 __ 3 BIO 280 Scientific/Medical Terminology
 __ 3 BIO 322 Genetics
 __ 3 BIO 372 Cell & Molecular Biology
 __ 1 BIO 374 Cell & Molecular Biology Lab
 __ 3 BIO 379 Immunology

__ 3 CHE 121 Gen College Chemistry I
 __ 1 CHE 123 Gen College Chemistry I Lab
 __ 3 CHE 122 Gen College Chemistry II
 __ 1 CHE 124 Gen College Chemistry II Lab
 __ 4 CHE 201 Organic Chemistry I + lab
 __ 4 CHE 202 Organic Chemistry II + lab

__ 3 PSY 220 Stress Management
 __ 3 PSY 342 Cross-Cultural Psychology
 __ 3 PSY 351 Counseling I
 __ 3 PSY 352 Counseling II
 __ 3 PSY 360 Abnormal Psychology

__ 3 SOC 201 Social Problems
 __ 3 SOC 312 Intercultural Relations
 __ 3 SOC 353 International Social Issues
 __ 3 SOC 414 Perspective on Aging
