Personal Safety & Security

Asbury University is a relatively safe and secure campus and community environment in which to attend classes and work. However, crimes do occur, and it is necessary to provide the following policies, recommendations and information regarding personal safety and the security of possessions on campus.

Campus Safety Officers

Asbury University safety officers are on duty 24 hours a day/ 365 days a year. The goal for these officers is to provide excellent customer service while facilitating a safe environment for everyone on campus.

The Assistant VP of Campus Safety is on duty during the week, normally from 8 A.M. to 5 P.M. The AVP or the on-duty officer may be contacted through the University Switchboard to assist with any personal safety or security concerns.

Campus safety officers are in contact with the University Switchboard /dispatch center at all times, and should an urgent request arise, Wilmore City Police, or the appropriate emergency service would be contacted for assistance.

The AVP of Campus Safety maintains the campus crime log on the University website and has on-going communication with law enforcement authorities regarding crime that may affect campus.

Campus Buildings

In general, campus buildings are open for use Monday through Friday from 7 A.M. to 11 P.M. Many of the buildings are not open on weekends except for special events. The university switchboard operator/dispatch center may be contacted any time by dialing the main campus number, (859) 858-3511 ext. "0". Each student should keep the number in their phones.

Residence Halls

Residence halls are secured and accessible via card-reader. If there is a malfunction or a card is misplaced, access may be gained by contacting the university switchboard. Proof of identity will be required.

Crime

Any crime which is observed, or of which a person has knowledge, must be reported as soon as possible to student life staff or the university switchboard.

Timely Warnings

In the event a situation or emergency occurs which may constitute a continuing threat or safety concern to campus, an Asbury University timely warning will be issued. The alert may be issued via text messaging and/ or email, and may also be posted to the University Website. Additional modes of communication may also be used depending upon the circumstances and duration of the situation.

Theft

The primary crime on/ near campus has been theft. All persons parking on campus should secure personal belongings by keeping items out of plain sight and securing automobiles. All residents should ensure doors are locked when not inside rooms. All property maintained on campus should be marked and serial numbers recorded in case of theft/ loss.

Prohibited Substances

No student or employee is allowed to bring any tobacco product, alcoholic beverage, or illegal drug to campus. Confirmation of possession or use/ sale of alcoholic beverages or illegal drugs may result in dismissal from the university.

Firearms & Deadly Weapons

As outlined in Kentucky Revised Statutes and University handbooks, firearms and other deadly weapons are not permitted on university property.

Safety Policy

University policy regarding safety is explained to new students and new employees during orientations. Additional information, including yearly campus crime statistics are available at <https://www.asbury.edu/about/offices/campus-services/security/>
