

## 2023 Witness Team Highlights

*"The chapels opened my eyes to how active the Holy Spirit really is. I have always believed in the full trinity including the Spirit, but it was not until recently that I began to pay close attention to the work the Spirit is doing among us, and the messages given at the chapels as well as my conversations with the students reinforced that the Spirit is indeed moving. I felt God saying to me that He is moving here at Messiah, and that while we should be waiting expectantly for Him it's not anything we do to prepare, but rather God who moves."*

*~ Student, Messiah University leadership team*

Over 55 individual students and 10 faculty/staff have shared in at least one venue

Tens of thousands of people in audiences have heard Outpouring testimonies from the Witness Teams.
