

Witness Team September Highlights

September 2: Worship Team of 4 students + Dr. Dan Pinkston flew to Los Angeles, California to lead 3 worship services and speak about the Outpouring for the Light at the Lighthouse Music Festival (alongside groups like Christafari).

September 4-15: 1 student + Zach Meerkreebs went to Germany and London to share about the Outpouring in multiple locations.

September 10 & 17: 1 student + Greg Haseloff held zoom sessions with a Sunday School class in Steilacoom, WA.

Sept 16-17: 2 students flew to Prairie Creek Church in Iowa to give their Outpouring Testimonies in a Sunday morning service.

Sept 20-22: 3 students + multiple AU Staff were on a panel at the New Room Conference in Texas. 2 other students went to minister in their Consecration Room modeled after what developed during the outpouring.

Sept 23-24: 3 students drove to Cornersburg Baptist Church in Youngstown, Ohio to share in a Saturday evening plus Sunday morning services at 2 churches.

Sept 24: 1 student + Bridgette Campbell zoom with a Sunday School class at First Methodist Church in Austin, Texas.

A definite theme has arisen with students going to share about the Outpouring. In general, we work to make sure that they have thought through their testimony, specifically thinking not just about what things looked like for them in February - while leaning into how the Lord is working in their lives today as a result of the outpouring.. Often, students get to their destinations with their notes and plans, and the Holy Spirit takes over - animating their plans and expanding their stories beyond their 'notes and plans'. As it pertains to being in front of people, they are learning to depend on the Lord for strength in their own weakness!

“The thread that ran throughout the witness team's stories was that God is sovereign. He meets with us not because we are perfect but because he loves us. A move of God is not about the feeling in the moment but the fruit. It was an absolute joy to have them with us. They were faithful in sharing their story, they were clear in how they shared. The genuineness of their hearts came through and their desire to encourage others to believe God wants to move was clear.”
Martin Segal/Newday (Newday, Youth Festival in England)

Gabe '25, “The Holy Spirit was so prevalent there. The whole experience has been such a blessing!!”

Lexie '23: “Attending New Room was something I didn't even know I needed to do. God truly moved in a way that humbly brought me to my knees. The Outpouring completely changed my life and attending New Room continued to clarify exactly what God is calling me to do. I am so grateful for the opportunity to keep sharing what He's doing in my life, but also what He's doing through the university across the globe.”

AJ '25: “I feel like every time I share I feel a little bit of the same Spirit that we felt back in February. I think through that I have seen just how much the Lord has been moving this year and how openheartedly people are responding. As always it was a blessing to be able to answer questions from the audience on the panel. People were so curious to find out what we experienced in our time during the Outpouring.”

PENNSYLVANIA TRIP DETAILS

4 students share at multiple venues over Fall Break in Pennsylvania organized by Larry Brown (AU Chairman, Board of Trustees). Students will share with a variety of Gen Z ministries, Geneva College, Christ Church of Grove Farm, and other smaller groups.
