About Asbury University

The Statement of Mission

Asbury University, a Christian Liberal Arts University in the Wesleyan-Holiness tradition, equips students, through academic excellence and spiritual vitality, for lifelong learning, leadership and service to the professions, society, the family and the Church, preparing them to engage their cultures and advance the cause of Christ around the world.

The Statement of Purpose

Asbury University is an independent liberal arts University, providing undergraduate and graduate programs guided by the classical tradition of orthodox Christian thought. Central to this endeavor is a clear affirmation of the scriptures of the Old and New Testaments as God's infallible and authoritative word, and particularly its teaching that the world was created by God and that persons are created in the image of God. On this foundation, we seek to provide an excellent integrated educational experience that appreciates truth in all areas of life and develops whole persons for achievement and service. Whether preparing students for further advanced degree study or for professional employment, the educational programs of the University reflect a liberal arts character.

The University believes in the humanizing value of broad exposure to the Western cultural heritage, the "great tradition" as both a classical body of knowledge and a dynamic conversation on the great ideas and values that have shaped this civilization. In robust interaction with Christian faith and practice, this educational approach develops students' natural God-given potentials as rational, moral, spiritual, social, and physical beings. The University seeks to expand students' horizons outward to understand the history and value of other peoples and cultures and prepares them for involvement in a complex and changing global reality.

University life is shaped by the Wesleyan understanding of sin, grace, and the possibility of full salvation for Christ-like living. Asbury University embraces the equality, dignity, and worth of all persons and endeavors to be a campus community that reflects both the unity and diversity of the body of Christ. Asbury University fosters in students a commitment to Jesus Christ as personal Savior and to holiness of heart and life. The University sends them forth to transformatively engage the cultures in which they are called to live out their allegiance to the Kingdom of God and to participate in the cause of world redemption.

The Statement of Faith

Asbury University is a Christian liberal arts University which stands in the long succession of Christian orthodoxy. Although no official denominational emphasis exists at Asbury University and all may participate fully in the spiritual life of the campus, the institution maintains its commitment to an evangelical Wesleyan-Arminian perspective and requires all who affiliate with the University community to live within the guidelines of this commitment. Those basic beliefs to which Asbury University is dedicated are stated as follows:

We believe:

1. That the Scriptures of both the Old and New Testaments constitute the divinely inspired Word of God, that they are inerrant in the original writings, and that they are the final authority for truth and life.
2. That all truth is a unity since it originates in God, and that God imparts it to man through His revelation in Jesus Christ, in the Scriptures, and in nature.
3. That there is one God, eternally existing in three persons: Father, Son, and Holy Spirit.
4. That Jesus Christ was begotten by the Holy Spirit, born of the Virgin Mary, and is true God and true man.
5. That Jesus Christ died for our sins according to the Scriptures, that His atonement is for the whole human race, and that whosoever repents and believes through faith in Him is justified and regenerated and saved from the dominion of sin.
6. That man was created in the image of God, that man fell into sin through disobedience and "so death passed upon all men for that all have sinned" (Romans 5:12), that all human beings are born with a bent toward sinning, and in the case of those who reach moral responsibility, become sinners in need of conversion.
7. That entire sanctification is that act of divine grace, through the baptism with the Holy Spirit, by which the heart is cleansed from all sin and filled with the pure love of God. This is a definite cleansing work of grace in the heart of a believer subsequent to conversion, resulting from full consecration and faith in the cleansing merit of the blood of Jesus Christ.
8. That the Holy Spirit bears witness both to the new birth and to entire sanctification enables the Christian to live a godly life, to grow in the graces of the Spirit, and to walk blamelessly in His holy commandments.
9. That the church is the body of Christ, and that all who are united by faith to Him are its members and love one another out of pure hearts.
10. That the crucified body of the Lord was resurrected, that He ascended into heaven, and that His return will be personal and is imminent.
11. That there will be a bodily resurrection, of the just to everlasting blessedness, and of the unjust to everlasting punishment.

The institution maintains its historic Christian commitment and resists the public practice or propagation of beliefs alien to its Wesleyan Christian orthodoxy. It welcomes students though who have not come to that faith but are respectful of the institution, its mission, and its commitment.

In keeping with our rich Wesleyan-Holiness foundation and commitment, Asbury University believes firmly in the inherent equality of all persons before God, irrespective of race, gender, age, or socioeconomic reality. This equality includes salvation, full membership, participation, and leadership in Church and society (including pulpit ministry), reception & exercise of spiritual gifts, and pursuit of vocational call. Therefore, Asbury University is committed to encouraging all persons to explore, discover, and express their vocational call in obedience to God and for His glory.

The Wesleyan Theological Heritage

Five Biblical concepts, promoted by John Wesley and his followers, guide our mission.

1. The Nature of the Truth: We believe that all Truth is God's Truth, liberating us to pursue knowledge in any and every legitimate discipline of learning.
2. The Authority of Scripture: In pursuing Truth, we are anchored to the authority of the Bible employing reason, experience, and tradition to develop a Christian world view that unites academic excellence and spiritual vitality.
3. The Nature of Humanity: We believe that men and women are distinct beings created by God, endowed with a free will, and dependent upon God's undeserved mercy to exercise the freedom to choose and change responsibly.
4. The Importance of Purity: We believe that the Christian's deepest need is for a purity of heart and a freedom from the power of sin, which we describe as entire sanctification, in order to live pleasing to God. Sanctification is a definite cleansing experience by the Holy Spirit subsequent to conversion, and a life-long process of cleansing by the Holy Spirit gradually conforming the believer into the image of Christ. It is a process encompassing both purity and maturity.
5. The Call to Service: We believe that the primary motivation for seeking Truth is to live lives of meaningful, sacrificial service contributing to God's redemptive purposes for creation and society.

The Asbury Heritage

Asbury University was founded in 1890 as the fulfillment of a pledge the Reverend John Wesley Hughes, a Methodist evangelist, made as a student at Vanderbilt University a decade earlier. He chose Wilmore as the school's location because it was situated within his evangelistic preaching circuit and because the townspeople had shown a willingness to support the financing of the initial physical plant.

Originally named Kentucky Holiness College, the school was renamed Asbury College to honor the founder of American Methodism, Bishop Francis Asbury. He was directly responsible for the organization of Bethel Academy in the 1790's. The first of its kind west of the Allegheny Mountains, Bethel Academy was a pioneering Methodist school, located on the banks of the Kentucky River, approximately four miles south of the present Asbury University campus.

On March 5, 2010, Asbury College was renamed to Asbury University, to reflect the institution's growth and further planned expansion in its master's level programs and international markets.

Asbury opened its doors for instruction in September 1890, stating in its 'Bulletin' that, "While we give prominence to the religious, we give equal prominence to thorough mental training; thus giving liberal culture of mind and soul." Since 1893 the University has graduated more than 16,500 men and women, among whom are University presidents, denominational leaders, business executives, medical doctors, lawyers, school administrators, and professors. A host of pastors, missionaries, evangelists, and other full-time Christian workers are also among the alumni, who have placed the Asbury imprint around the world.

Asbury University is an independent institution, held in trust by a self-perpetuating board of trustees. It is evangelical in its religious commitment, bound by its by-laws to those doctrinal standards established by John Wesley and his immediate successors. The University is not supported by any denomination nor does it receive government funds. Admission is open to any qualified student meeting its standards for matriculation.

Students must submit all official transcripts and documents to be fully admitted.
2. Selection of a program level determines admissions requirements, program costs, financial aid availability, and academic calendar, as well as availability of specific courses, majors, programs, and degrees.
3. Students are considered "Active" in only one program level or one graduate program at a time.
4. When moving from one of the four program levels to another, or from one graduate program to another, students must apply to and meet all the requirements for acceptance into the new program.
5. When applying to move to another program, the start and end dates of any registered classes in the current program and the future program may not overlap.

Academic Resources

Academic Advising

The role of the academic advisor is to aid students in the choice of courses as well as to provide general guidance. The academic advisor should normally be the person of first recourse for a student who needs help in any area of adjustment to University life. Prior to each semester's registration, students should discuss a proposed schedule with a faculty advisor in the major to review the semester's class choices. The purpose of this personal attention is to help students make successful academic progress toward graduation.

- All students are assigned a faculty member as an academic advisor based upon the student's program and major field of study.
- Traditional undergraduate students who are undecided in their major will be advised by the Coordinator of New Student Advising.
- The APS Advising Center provides a contact point for adult learners in the APS program online. All APS undergraduates, and especially those who are undecided majors, should contact the APS Advising Center as an additional resource. Email: advisingcenter@asbury.edu
- All graduate program students will be assigned an advisor within the program entered. All steps in the graduate program will be accomplished in consultation with the advisor. It is the responsibility of the graduate student to become thoroughly informed about the general regulations and policies governing the master's program. The graduate student is also responsible for completing all program requirements within the permitted time limit.
- The Office of the Registrar is available to all university students for general help and advising on academics-related issues.

Center for Academic Excellence

The Center for Academic Excellence (CAE), located on the lower level of Kinlaw Library, exists to support students across all academic disciplines. On campus, students are offered free academic support through the Center for Academic Excellence (CAE) - writing support and tutoring services. Fee-based tutoring is available for Academy students. Online students in the APS program and Graduate program are offered free academic support through the CAE - writing support and tutoring services. Students can request tutoring and other academic support services at any time during a semester through the CAE website, asbury.edu/academics/cae or by emailing: writingcenter@asbury.edu or tutoring@asbury.edu. Contact the CAE office, (859) 858-3511 ext. 2197, or your program office for details.

Academic Accessibility Resources

Academic Accessibility Resources (AAR) provides reasonable academic accommodations for students with disabilities in accordance with the ADA Amendments Act of 2008 (ADAAA). AAR offers academic accommodations on a case-by-case basis depending on student self-report, past history of need, and current need of academic accommodations. Even though the AAR reserves the right to request supporting documentation for requested services, we encourage students to meet with our AAR Director as soon as possible because accommodations are not retroactive. Students who receive academic accommodations complete the same course requirements as all students, and accommodations will not interfere with the fundamental requirements or objectives of the course. Academic accommodations are meant to provide equal access to students.

Students who would like more information about receiving academic accommodations can contact the AAR Director at academicaccessibility@asbury.edu or (859) 858-5283. Disability information will remain confidential unless permission is given by the student or where disclosure is required by law. Documentation is housed in the Academic Accessibility Resources office. Documentation will be kept five years past graduation and three years past transfer or withdrawal. See more at www.asbury.edu/academics/resources/academic-accessibility/

Academic Integrity

Academic integrity, the embodiment of the moral and spiritual principles to which we adhere, is the essential basis of the Asbury University academic community. Integrity, as partially defined by the Student or Program Handbook on Community Life Expectations, is "both knowing the right thing to do and doing it regardless of the circumstances." This definition may be applied to all of the scholastic interactions of the academic community. Every member of the community shares responsibility for maintaining mutual trust, respect, and integrity. Violations of such trust and specific acts of academic dishonesty will be subject to disciplinary action.

Definitions of Academic Dishonesty

Academic dishonesty can be defined as any type of cheating relative to a formal academic requirement. Academic dishonesty is typically thought of first as plagiarism. Plagiarism, whether intentionally or unintentionally, occurs when credit is taken for what someone else worked hard to discover and record if there is no clarification from where or from whom information is taken. Plagiarism is the use of another's ideas, words, thoughts, or organization without appropriate credit and documentation when used for a project, paper, presentation, or exam.

More examples of academic dishonesty include, but are not limited to: unauthorized collaborations, fabrications of data, unauthorized access to sources on an exam, excessive revision by someone other than the student, re-use of previous work without permission, and other situations described by faculty for specific purposes.

Appeals Process

Students desiring to appeal a determination of academic dishonesty will follow the 'Academic Appeals Procedure' below.

Determination of Academic Dishonesty and Consequences

Faculty will address suspected occurrences of academic dishonesty as follows:

1. The faculty member will meet with the student individually to discuss the incident. At the faculty member's discretion, the department chair will either be notified of the meeting or be asked to be present for it. The student will be informed of the department chair's involvement.
2. At the faculty member's discretion the student will receive a lowered grade, an 'F' or 0% on the assignment in question.
3. Within 2 weeks of the incident the faculty member will report the details in writing to the Registrar, including the course number/title, section, type of academic integrity violation, timeline, and actions taken (academic and otherwise). The Registrar maintains record of reported academic integrity violations and will notify the faculty member as to the number of offenses on record for the student.
 1. If the incident is the student's second offense of academic dishonesty as verified by the Registrar, the student will meet with the Dean of the college or school where the most recent incident occurred. At the Dean's discretion, the student may be given an 'F' in the course.
 2. If the incident is the student's third offense, the student will be suspended from Asbury University.

Academic Appeals Procedures

This section of the Academic Catalog exists to enable students to resolve academic concerns.

For all other non-academic concerns and complaints, contact the Office of Student Development. Procedures for the complaint resolution are available in the Office of Student Development, online in the Student Handbook at asbury.edu/complaint-policy, or email DeanofStudents@asbury.edu.

 5. The Vice Provost will review the written appeal and if unable to resolve the matter, will refer the matter to members of the Academic Policies & Curriculum Committee. The student will receive a decision in writing. The decision of the Academic Policies & Curriculum Committee will be considered final.

Withdrawal from the University

WITHDRAWAL FROM ALL REMAINING SCHEDULED CLASSES

1. A student may completely withdraw from the University any time before the end of their final class period of the semester.
2. **To completely withdraw from the University a student must complete the appropriate form or written request to the Office of the Registrar. Email registrar@asbury.edu for withdrawal information.**
3. The official date of withdrawal is determined by the student's date of notification to the Registrar's Office.
4. A student who officially withdraws from the University after the end of the Drop/Add period is assigned the grade of 'W' in all scheduled courses in the current term which are in process or are still scheduled to start. The student will keep any final grades that were posted for classes that finished prior to the withdrawal date.
5. Courses registered for the next or future terms will be unregistered. Withdrawing may affect future financial aid.
6. Tuition reduction in charges percentages for a student who withdraws from the University are described in Student Accounts. See also Financial Aid Repayment.
7. Students who withdraw from the University are no longer Asbury University students and therefore a letter of good standing cannot be issued to another institution.
8. All students who withdraw from the University in a fall or spring semester **must re-apply and be readmitted to register for any subsequent semester - even the next immediate semester.**
9. Students who withdraw or become inactive must reenroll within two years of the last term attended to continue on the same year Academic Catalog degree requirements. Students who reenroll after the two years become subject to all catalog degree requirements in place at the time of reenrollment.
10. Students with any break in enrollment in certain programs may be subject to new requirements mandated by outside accrediting agencies upon reenrollment, even within this two year period.
11. NOTE: Returning students may not reenroll in a degree program, major or minor that has been discontinued. Returning students in such programs must declare a current active program at the time of readmission.

Administrative Withdrawal

The Vice Provost, or his designate, may, in his sole discretion, involuntarily withdraw a student for the following reasons: (1) academic reasons; (2) financial reasons; (3) administrative reasons; (4) disciplinary issues, including but not limited to violation of University policies and regulations; and (5) failure to attend class and/or engage in coursework. Students who do not attend the first two* weeks of any class may be administratively dropped from their courses, and students who fail to

engage in coursework totaling 14 days in a 15-week course (or 2 total days in an 8-week course) may be administratively withdrawn from the university (all courses).

An administratively withdrawn student will receive posted grades of 'Withdraw' (W) and a 'Withdrew' comment and effective date on his/her transcript. Students who are administratively withdrawn are wholly responsible for any and all consequences of their withdrawal, including but not limited to the need to reapply for any future enrollment, transcript notations, and financial obligations such as tuition, room and board, financial aid or student account.

**Consistent with reporting attendance for students to receive financial aid.*

Non-Returning Students - after finishing the semester

Students who know, upon finishing the current semester, that they do not plan to return for the next regular semester (Fall or Spring) are asked to inform the Office of the Registrar of this fact. The Registrar's Office will inform the other campus offices of the student's decision not to return.

Academic Information for Undergraduates

Student Status and Responsibility

Asbury Community Life

Asbury University is a community of learners in the Christian liberal arts tradition with a mission to prepare students educationally, socially, and spiritually to impact their world for Jesus Christ. The community is committed to ten foundational principles (see the undergraduate *Handbook for Community Life*) which promote the development of a holy, holistic, and honoring life. At the heart of this community are Jesus' two great commandments found in Matthew 22:37-40: "You shall love the Lord your God with all your heart, and with all your soul, and with all your mind...And...you shall love your neighbor as yourself."

In order to develop a Christ-like higher education environment, the University has guidelines governing social life and conduct on campus, including the use of tobacco, alcoholic beverages and drugs. Students enrolled in the traditional undergraduate program can learn more from the *Handbook for Community Life*.

Whether you are a new or returning student, furthering your education will present opportunities for growth. Asbury University provides programs and support services to assist you as you pursue your educational goal. Go to asbury.edu/life/ for more information.

Your Asbury Email Account is the official means of communicating with academic office representatives and faculty unless meeting in person on campus.

Student Full-Time Enrollment Status and Academic Load

- 12 or more hours per semester is considered full-time for all undergraduates.
- 9 - 11 hours per semester is considered three-quarter time.
- 6 - 8 hours per semester is considered half-time.
- Under 6 hours per semester is considered less than half-time.
- The normal, expected academic load for degree-seeking Traditional Undergraduates is 15-17 semester hours for a fall or spring semester.

Classification of Undergraduate Students

1. Undergraduates completing degrees (associate degrees, bachelor degrees)
 - FRESHMAN: 0 - 29 credits earned.
 - SOPHOMORE: 30 - 59 credits earned.
 - JUNIOR: 60 - 89 credits earned.
 - SENIOR: 90 or more credits earned.
2. All students taking classes which are not being applied towards a degree at Asbury University are considered Non-Degree seeking for reporting purposes and include:

First-Time, Full-Time Freshmen Designation

Undergraduate students who enroll full-time at Asbury University and who have not attempted 12 credits or a full-time semester of academic credit at another college or university since graduation from high school are designated as first-time, full-time freshmen for reporting and financial aid. This is true regardless of years since high school graduation, college credits earned during high school, or any military or non-college training since high school graduation. First-time, full-time freshmen are required to provide verification of high school graduation (high school transcript, diploma, or GED). Students who are designated as first-time freshmen may simultaneously hold a higher actual grade level classification (sophomore, etc.) based on credits awarded from dual enrollment or advanced placement credit.

Class Registration Procedures for Undergraduates

It is the student's responsibility to verify the accuracy of their class schedule on the student portal (portal.asbury.edu) prior to the Drop/Add deadline for the term, and to make any necessary schedule adjustments before this deadline.

- All attendees of a course (student or auditor) are to be officially registered and on the class roster.
- Students will be expected to attend the classes on their schedule as of the close of Drop/Add (and only those classes) and will be billed and graded accordingly.
- Students will NOT receive a grade or credit for courses in which they are not properly registered.
- Courses may not be registered or added to the schedule after the fact.

NOTE: Asbury University reserves the right to change course offerings, and to cancel any course not elected by a sufficient number of students at the time offered.

Registration Changes During the Official Drop/Add Period

1. The Drop/Add period is specific to each program. The official Drop/Add periods and the dates of the Last Day to Drop or Add a class for each program are listed in the Academic Calendars (Traditional Undergrad, APS, and Graduate).
2. Classes must be registered before end of the official Drop/Add period published for the program.
3. Classes starting on a date after the official Drop/Add period closes may only be withdrawn or exchanged.
4. A student may unregister classes during the official Drop/Add period without academic penalty via online registration on the student portal. If a student unregisters all classes during the official Drop/Add period, the student is considered canceled for the term and the returning student's status will be inactivated when enrollments are updated after the conclusion of the Drop/Add period.
5. After the Drop/Add period concludes, if the student wishes to completely withdraw from all courses at the institution, please see 'Withdrawal from the University' in Academic Resources for All Students
6. No class can be unregistered after the Drop/Add deadline. After the Official Drop/Add period, the class can be withdrawn with a grade of 'W' up to the deadline for class withdrawal. Withdrawing from a class must be officially completed through the Registrar's Office. See Academic Policies 'Withdrawal from A Class after the Drop/Add period' below for official process.
7. Students in the APS program which has classes scheduled to start after the Drop/Add period ends may be allowed to exchange later classes (for the same credit amount), or add a later class, BEFORE THE CLASS START DATE, at the discretion of the Registrar.
8. Students in the APS program who wish to drop/withdraw from a modular course that meets early in the term but retain a modular course that meets later in the term, even dropping during the drop/add period, must contact Financial Aid to ensure continuation of aid.
9. **NOTE:** Changing enrollment status from full-time to three-quarter time, half-time, or less when unregistering or withdrawing a course will impact financial aid eligibility. It is the student's responsibility to contact Financial Aid to see if any change in registration will affect aid.

Registered Credit Hours Restrictions

- All undergraduate students with a GPA below 2.75 and all first semester students may not register for more than 17 hours in a fall or spring semester.
- Undergraduate students are not permitted to take more than 19 hours in a fall or spring semester.
- Undergraduate summer registration is limited to 9 hours. For traditional undergraduates, if online classes are included, see "Online Registration Limits" below.
- Traditional undergraduate students are not permitted to take more than one (1) PE activity course in any one semester. Varsity athletics (PE 108, PE 110) is not registered credit towards full time status but is added as institutional credit at end of term with verification of team participation from the coach, provided student has not reached the PE 4.0 credit maximum for the degree.

Online Course Registration Limits - For Traditional Undergraduates Only [TUG]

Modular courses are those that do not meet for the full semester (i.e., the 8 week online course sections).

- A. To register for online modular courses in a fall or spring semester, TUG students are required to be in Good Academic Standing and making Satisfactory Academic Progress toward earning the degree.
 1. See Academic Standards, Probation & Suspension for Academic Progress Scale.
 2. Satisfactory academic progress typically requires full-time status each semester (12 or more credit hours).
 3. New and transfer students without an Asbury GPA will need to await the posting of first semester Asbury grades prior to registering an online modular class.

- B. If eligible students choose to take online modular courses during fall or spring, the meeting dates for each online modular course may not overlap. (Limit one class per module.)
- C. International students must meet on-campus minimum hours for residency requirements before permitted to register any online course.
- D. In the summer term, TUG students may take a maximum of two online courses that meet simultaneously. Students must be in Good Academic Standing and making Satisfactory Academic Progress to add the second class.

Withdrawing from a Class After the Drop/Add Period

The Drop/Add period and Last Date to withdraw from a class based on start and end date of the class are listed in the Academic Calendars.

For classes with start and end dates that are not the full semester or are not in one of the regular class module periods, the last date to withdraw without a grade of "F" is before the two-thirds point of the class.

1. A student must contact the Registrar's Office to withdraw from any class.
 - a. Email registrar@asbury.edu
 - b. The instructor cannot withdraw the student. Notifying the instructor or advisor does not constitute an official withdrawal from a class.
 - c. A student who stops attending a class without giving official withdrawal notice to the Registrar's Office will remain registered and receive a grade of 'F' at the end of the course.
 - d. The official date of withdrawing the class is determined by the student's date of notification to the Registrar's Office.
2. Students must withdraw before the Last Date to withdraw without a grade of 'F' set for their program and class session. The official **Last Date to Withdraw from the class sessions** for each program is listed in the Academic Calendars (Traditional Undergrad, APS, or Graduate). For classes with start and end dates that do not follow the official class sessions or modules listed in the calendar, the last date to withdraw without a grade of F is before the two-thirds point of the class. After the last date to withdraw or after two-thirds of the class sessions have passed, the student must receive the earned grade for the class.
3. Once a class ends or a grade is recorded, the class may not be withdrawn.
4. **Any full-time student or any international student wishing to withdraw a class that leaves them completing less than full-time hours must be cleared by the Registrar prior to withdrawal. Students completing below full-time hours may have their financial aid reduced, and should, therefore, check with Financial Aid before making the decision to withdraw the course.**
5. A grade of 'W' is recorded on the transcript for any withdrawn course. The course will not factor into the calculation of the GPA but will factor into satisfactory progress for financial aid.
6. Students receive no refund of tuition and fees for an individual course which is withdrawn after the official Drop/Add date unless completely withdrawing from all courses at the institution.
7. Students may not unregister/cancel enrollment in a class after the Drop/Add period for the class has passed. The class and hours remain on the schedule as part of their original registered hours for billing and Financial Aid.
 - a. Classes that have started can only be withdrawn after the Drop/Add period has ended.
 - b. Modular classes which have not yet started, but which will start after the official Drop/Add period, can be withdrawn, but may be exchanged for another class that has not yet started.
8. Students in programs with modular classes who wish to withdraw from the beginning or middle modular courses but continue with a class later in a semester should contact Financial Aid to ensure continuation of aid in classes that follow the withdrawn class.
9. To completely withdraw from all classes in a semester see 'Withdrawal from the University' in Academic Resources for All Students.

Administrative Withdrawal

The Vice Provost, or his designate, may, in his sole discretion, involuntarily withdraw a student for the following reasons: (1) academic reasons; (2) financial reasons; (3) administrative reasons; (4) disciplinary issues, including but not limited to violation of University policies and regulations; and (5) failure to attend class and/or engage in coursework. Students who do not attend the first two* weeks of any class may be administratively dropped from their courses, and students who fail to engage in coursework totaling 14 days in a 15-week course (or 2 total days in an 8-week course) may be administratively withdrawn from the university (all courses).

An administratively withdrawn student will receive a posted grade of 'Withdraw' (W) for the withdrawn course(s). Students who are administratively withdrawn are wholly responsible for any and all consequences of their withdrawal, including but not limited to financial obligations such as tuition, room and board, financial aid or student account.

**Consistent with reporting attendance for students to receive financial aid.*

Other Undergraduate Class Registration Procedures

Registering for Contract Courses

Contract courses are defined as all non-classroom instruction for which credit is given including, but not limited to: Independent Studies, Directed Studies, Practicums, and Internships, as well as additional non-scheduled sections of courses on the semester schedule. Any course where the course description indicates 'Contract Course' will follow these procedures:

1. All contract courses are subject to the same policies as regular classroom courses with reference to Drop/Add dates, term dates, course start and end dates, tuition charges, and grading deadlines. Once set, contract course dates may not be altered.
2. All contract courses require an appropriately approved contract created between student and instructor. The Contract Course Student Signature form is available in the Registrar's Office, or the student can send an email from their Asbury account with the pertinent information included.
3. The Contract form requires the signature of the student, and the agreement of the instructor of record. It is the student's responsibility to provide this information to the instructor; the instructor will then input the Contract Course request into Curriculog, which will route the request to the department chair for approval prior to submission to the Registrar's Office.
4. To register for a contract course, the fully approved contract form must be submitted to the Registrar's Office by the Drop/Add deadline for the term.

Independent Study and Directed Study/Directed Course

1. **Independent Study** is individualized study on a topic of interest beyond the content of regular course offerings. Requires a minimum of 1 - 3 meetings with instructor during the semester. [Registered with course numbers ___ 391/491]
2. There are two forms of **Directed Instruction**:
 - a. **Directed Study** - a faculty-directed study on a topic of interest beyond the content of regular course offerings. Requires a minimum of 50 minutes per week with instructor during the semester. [Registered with course numbers ___ 392/492]
 - b. **Directed Course** - a faculty-directed individualized offering of a regular course that is not available in a semester using the course's regular syllabus. Requires a minimum of 50 minutes per week with instructor during the semester. [Registered with the Asbury University course catalog course number, and '*drs' in course title.] The following factors will govern the approval decisions which will be made by the Department Chair and Dean: validity of need (i.e. required for graduation), inability to substitute an appropriate available course, availability of a teacher, and the student's ability and willingness to meet the demands of directed study.

Independent/Directed Study Requirements and Limitations:

- All students seeking to take independent/directed study must have a minimum 60 earned credit hours and a cumulative 2.75 grade point average.
- A student may not take more than 3 semester hours of independent/directed study outside the major or minor in any one semester.
- All 300 level independent/directed studies presume at least 12 semester hours of classroom instruction completed in the same prefix as a pre-requisite.
- All 400 level independent/directed studies presume at least 18 semester hours of classroom instruction completed in the same prefix as a pre-requisite.
- No more than 9 hours in independent/directed studies may be used for electives to satisfy the 124 degree total, and no more than 6 hours of these may be in any one prefix.
- Each department may set additional pre-requisites, may limit the number of credit hours that can meet requirements, and may set additional requirements for use of independent or directed study in their department.

Internships/Field Experiences/Practicums

Internships and many practicums are set up on an individual basis, and therefore, require a Course Contract form to register for credit. These courses involve time spent in practical experiences and are required in several major or minor programs. [Internships typically use course number ___ 435]

- Internship/field experiences/practicum courses are subject to the same policies as regular classroom courses with reference to Drop/Add dates, tuition charges, and grading deadlines.
- Students should work with their advisor and department chair to establish an internship's requirements in work hours, the work location, and required documentation for grading.

- Students are required to register for an internship/practicum during the academic term within which the internship activity will end and the grades will be expected.

Requesting to Repeat a Course

Registering to repeat a course requires assistance from the Registrar's Office. See Repeat Course Grading.

Requesting to Audit a Course

A full-time degree-seeking student may request to audit one class free of the audit charge within their regular full-time semester but will be responsible for applicable course fees. The cost to audit a course for less than full-time degree students and non-degree students is \$40 per credit hour, plus any applicable course fees.

1. Prior to auditing any course a person must have applied and been admitted through one of the Program Admission Offices.
2. Requests to audit a class must be made to the Registrar's Office before the end of the program's Drop/Add period. Students cannot request to change a class registration from credit to audit (or from audit to credit) after the Drop/Add period ends.
3. Auditors may not be approved for all courses. The Registrar's Office will seek instructor approval to add an auditor after regular enrollment is completed. Priority seating is given to for-credit students.
4. No more than one course may be audited by degree-seeking students per semester. Non-degree students may audit more than one class.
5. AUDIT LIMITATIONS:
 - a. Only lecture type, on-campus courses may be audited.
 - b. Online courses may not be audited.
 - c. "Activity" courses may not be audited. Activity courses are classes which require use of equipment, horses or materials, or which require actual full participation such as, but not limited to, laboratories, computer programming, adventure or physical education, internships, and studio art.
6. Neither class discussion nor taking of examinations is expected or permitted for auditors except by special arrangement with the instructor.
7. If an auditor submits daily assignments, the instructor is not obligated to read or correct them.
8. No credit hours or quality points shall be awarded for courses audited. Courses completed as audit may not be converted to credit at a later time, nor may a course that was audited be taken again for credit.
9. All audited classes receive the satisfactory audit grade of "AU". If an auditor fails to attend enough class sessions to receive the "AU" grade, the class will be removed from the student's schedule.

Requesting Course Exchanges in Modular Program Courses

Students in programs that have modular classes which start later in the term may use the option to exchange future courses which have not yet begun.

1. The exchange must occur prior to the start date of both courses involved.
2. Both courses involved in the exchange must be worth the same number of credits.
3. Students must contact the Registrar's Office to make this adjustment to their official registration.
4. Students may only attend courses for which they are officially registered and on the class roster.

Requesting to Take a Graduate Course as an Undergraduate

Qualified undergraduate seniors who demonstrate outstanding scholastic ability may be permitted to enroll for a graduate course (500-level) simultaneously with undergraduate courses, at the undergraduate tuition rate. Specific graduate programs may have stricter regulations. Contact Graduate School admissions advisor.

The following stipulations apply:

1. Student must have completed 90 credit hours and have a 3.00 cumulative GPA or higher prior to taking a 500-level course.
 - Specific courses may be registered if a student has earned 87 credit hours with Graduate Program Director or School/College Dean approval.
2. Student must have satisfied all prerequisites for the graduate course. [Completion of pre-requisites for enrollment in graduate courses will be monitored by the Graduate School admissions advisor.]
3. No more than one graduate course may be taken at a time.
4. Limits:
 - A student admitted to Asbury +1 (Bachelor's + Master's Program) may take 9 or 12 credits at the 500-level (some 600-level may be permitted by Graduate Program Director or School/College Dean) prior to completing the bachelor's degree.
 - MA/MBA (minimum 30-36 credit hours required) may take up to 9 credits.
 - MAT/MFA (minimum 42-57 credit hours required) may take up to 12 credits

- A student not admitted to Asbury +1 is restricted to 6 credits at the 500-level (some 600-level may be permitted by Graduate Program Director or School/College Dean) prior to completing the bachelor's degree.
- 5. A graduate course may count in both the bachelor's degree (major, minor, or elective requirement) and in the master's degree provided the minimum grade requirement is earned; credits may only count in one master's program.
- 6. An earned grade of 'B-' or better in the undergraduate enrollment is required for each course to count toward graduate program requirements.
- 7. The GPA of graduate course(s) taken in the undergraduate enrollment will count toward the undergraduate and graduate GPAs.
- 8. Exceptions to the above policies stipulated in specific approved partnership programs will be honored as appropriate.

Requesting the Pass/Fail Grading Option for a Class - Traditional Undergraduate Class Registration Only

Eligible Students

- Students who are enrolled as non-degree seeking and will not transfer the course to a degree-seeking program may request to take a graded class for a pass/fail grade.
- Not open to Asbury Academy.
- Students who are degree seeking with senior standing (90+ hours or more) in a traditional undergraduate program with a cumulative grade point average of at least 3.25 may take up to 4 credit hours per semester of general elective credit on a pass/fail basis. These courses for pass/fail option may not be in the department of the student's major or minor and may not be used to meet any Foundations, major, or minor requirement.

Registration and Grading

1. The decision to take a course pass/fail must be made by the end of the Drop/Add period and may not be subsequently changed.
2. Pass/Fail Grading Option registration must be requested through the Registrar's Office.
3. The pass/fail student will be identified to the faculty member. The student must meet the same requirements as other students enrolled in the course. This is not an audit.
4. A grade of 'C' or higher is required to pass with a grade of 'P'. Failing to receive a grade of 'C' or higher will result in earning the lower grade of 'C-', 'D', or 'F'.
5. A grade of 'P' does not affect the GPA. A grade of 'C-', 'D' or 'F' does affect the GPA.

Senior Citizen Registration with Tuition Waiver Option- Traditional Undergraduate Class Registration Only

- Students enrolled in the traditional undergraduate program who are at least 62 years of age and who are U.S. citizens may receive a waiver of tuition for a maximum of 4.0 credits of on campus courses per academic semester (including summer). This does not apply to APS or Graduate registrations.
- The following stipulations apply: (1) The waiver includes only tuition and does not apply to course fees or other fees; (2) To audit a class: all rules and Audit Limitations listed above apply, but the \$40 per credit hour audit cost is waived; (3) To take a class for credit: all pre-requisites and requirements must be met; (4) Housing must be secured off campus.
- Senior citizens auditing classes are not required to submit final official transcripts for admission as an auditor. Those taking courses for credit are required to submit all final official transcripts as part of the admission process.
- Senior Citizens follow all regular registration procedures and deadlines.

Affiliate Courses at Other Institutions

For Traditional Undergraduates Only

An affiliate course is a class offered at another school with which Asbury University has a cooperative agreement. Asbury students gain visiting-student admission to the cooperative institution to register for designated classes, and the classes are also registered at Asbury University for purposes of financial aid and tuition. Affiliate courses are predetermined to meet Asbury University program requirements.

1. Students must first be approved by Asbury University before registering for an affiliate course. Students should consult with their advisor for information on the procedure. Approval is granted by the academic department or office over the program.
2. Process for registration varies by program. The student may be required to complete an application at the cooperative school for admission as a visiting student.
Current programs with cooperative classes:

University of Kentucky engineering courses for Engineering Mathematics major only - See Mathematics Department

AMS or AFS courses for ROTC program only - See the ROTC section or Asbury's ROTC webpage.

Asbury Theological Seminary Counseling for Psychology majors only- See Psychology Department

3. For the course to be added to the Asbury registration, and included in the credits and tuition for the semester, verification of enrollment in the cooperative class at the other school must be provided to the Registrar's Office either by the student or the overseeing department. Students may be asked to provide a copy of their class schedule and tuition bill from the cooperative school showing the classes for which they have registered.
4. In most cases, student will pay the tuition to Asbury at the usual rate for the credits enrolled. Through the cooperation agreement, Asbury University arranges to transfer payment of tuition for the class at the other institution. If tuition at the cooperative institution is higher than Asbury tuition, student will be charged that amount. Student is responsible to pay any required course fees at the cooperative institution associated with the course.
5. Unless otherwise arranged as part of the cooperative program, the student is required to request an official transcript from the cooperative institution to be sent directly to Asbury University Registrar for the course grade to be entered on the record at Asbury. Any applicable fees associated with transcript requests are the responsibility of the student. If transcripts are not requested and received by 60 days after the close of the term, all cooperative course grades left 'in-process' may revert to withdrawn, 'W'.

Off-Campus Programs and Study Abroad Courses

Traditional Undergraduates Only

Asbury University offers traditional undergraduate students the opportunity to participate in a variety of off-campus, semester long programs both within the United States and abroad. Students register for credit at Asbury, but study off campus through specific programs. See Off-Campus Programs and Study Abroad for procedures and requirements to register for off campus study programs.

Class Attendance

In order to assure maximum benefit from class instruction, it is important for students to attend class and complete readings and assignments. Instructors will explain to students at the beginning of each course their attendance expectations and grading policies with respect to absences from class sessions. Students are personally responsible for class attendance including punctuality, participation, collegiality, etc. Instructors will report excessive absences to the Registrar's Office to allow the university time to determine if the school can render any assistance that can aid in the student's academic success.

OFFICIAL EXCUSED ABSENCES

- Excused absences may be granted in the case of: (a) hospitalization or serious illness (as determined by a physician), (b) Asbury University approved group event or travel, (c) death or serious illness of family member, or (d) other unusual circumstance.
- A student may request an excused absence within 3 weeks of the absence and prior to the last class date in order for the Registrar to issue an excused absence (with permission to make up work) to be presented to the instructor. Documentation may be required.
- Decisions regarding absences resulting from such circumstances as travel difficulties, bad weather, issues with technology, conflicting schedules, oversleeping, minor sickness, doctor or dentist appointments, job interviews/responsibilities, discretionary trips (such as weddings), and family responsibilities will be left to the discretion of the instructor.
- Students may not be penalized for any absence approved by the Registrar's Office, but it is the responsibility of the student to notify the professor(s) of the absence in a timely manner, to arrange make-up work, and submit missed assignments and/or exams.

Chapel Requirements

For Traditional Undergraduates Only

In the Traditional Undergraduate program, all undergraduate degree-seeking students (for associate and bachelor degrees) are required to fulfill credits through regular chapel attendance and spiritual life opportunities. (See the Chapel Attendance website for additional details.)

Chapel Attendance Policy

1. Records of chapel credits are maintained by Student Development. However, students are expected to keep track of their own credits and to be familiar with the chapel requirements and expectations detailed at asbury.edu/chapel/attendance.
2. If a student believes there is a discrepancy in their chapel credit records, an appeal may be submitted for consideration to chapelattendance@asbury.edu within 7 days following receipt of the missing credit notification.
3. The required number of credits students must earn to pass chapel is based on their registered hours at the end of Drop/Add. (Part-time students will have a reduced requirement.) Any later course withdrawal or change in registered hours may not change the chapel credit requirement for the remainder of the semester.)
4. Students will be eligible to make up credits for M/W/F Hughes Chapels they were unable to attend due to: (a) hospitalization or serious illness (as determined by a physician), (b) institutionally approved group event or travel, (c) death or serious illness of a close family member, or (d) university-related obligation. Students will receive guidance regarding the procedure to make up these credits; however, make-up may not be necessary to achieve the required number of chapel credits.

Special Considerations

1. Students with special circumstances impacting their ability to attend chapel (e.g., work/internship conflicts, young children living at home, etc.) may submit a Request for Special Consideration form, available at asbury.edu/chapel/attendance. Forms must be submitted each semester prior to the start of the semester to ChapelAttendance@asbury.edu. Approval for chapel credit reduction or exemption due to work/internship conflicts will be contingent upon verification by the employer and supervising faculty member, if applicable.
2. Students with scheduling conflicts due to a practicum or student teaching are not required to submit the Request for Special Consideration. Instead, students should ask their faculty supervisor to send pertinent details to ChapelAttendance@asbury.edu
3. Students with a chapel absence accommodation through Academic Accessibility Resources must provide the necessary documentation in advance and notify ChapelAttendance@asbury.edu each time the accommodation is being used.

Chapel Graduation Requirements

1. All students who are required to attend chapel will be registered for CH 021 for zero credit hours. Students will receive a 'P' (passing grade) by meeting the chapel credit requirements satisfactorily or an 'N' (not passing grade) if they do not earn the appropriate number of credits and/or fail to comply with Chapel policy. This will appear on a student's transcript as a part of their permanent record.
2. Any student who earns an 'N' will be required to complete community service credits prior to the beginning of the following semester, and/or be placed on *Chapel Probation* for the following semester. Probation precludes student participation in sports, student leadership, etc., as well as affecting eligibility for certain scholarships. To clear chapel probation, students may follow the chapel remediation process or must successfully pass chapel the next semester. Any student who earns a grade of 'N' for two semesters may be suspended from the University for one semester.
3. **In order to graduate**, seniors must have a passing grade in their final semester with a chapel requirement (i.e. cannot have a grade of 'N' as their final grade in chapel). Any senior who does not meet this requirement will be notified by the Registrar that they are ineligible to graduate and will need to consult Student Development for remediation. The student must resolve their Chapel Probation status with Student Life in order for the student to graduate. In the case of a student who does not resolve their Probation before the deadline, degree conferral may be delayed.
4. A student who flagrantly violates the chapel attendance policy with less than 1/3 of the required credits may be suspended from the University for one semester without a period of probation. ("Flagrantly" is defined here not only in terms of total incomplete credits, but also in failure to constructively address the problem.)
5. A student who is placed on Chapel Suspension may appeal to be allowed to register and return. See Academic Resources for All Students for Appeals Procedures.

Grades and Satisfactory Academic Progress

Examinations - Finals

All assignments are due by the posted last date of class, and all examinations must be given. Posted class end dates may not be extended. No final examination or academic activity can be scheduled after the class end date.

On campus traditional undergraduate classes will have a final examination day and time scheduled during the last week of the posted class dates. No examinations (including final exams) or tests should be given the week prior to the final examination week. Students must take final examinations within the official final examination period as designated. To apply for a change of examination time within the final examination week, students should contact their instructors and the chair of the department over the course in question.

Online undergraduate classes (TUG and APS) typically schedule the final examination in the last few days of the class, prior to the course end date.

Grade Scale

The grades which are assigned to student performance in a particular course are listed below with their respective quality point values. Scholastic standing is defined as the ratio of total quality points to the total semester hour credits attempted, excluding transfer hours and non-graded credit hours (credit in a credit/no-credit course). For each hour of graded credit, quality points are assigned as follows:

Grade Description Quality Points

A	Excellent	4.00
A-		3.70
B+		3.30
B	Good	3.00
B-		2.70
C+		2.30
C	Average	2.00
C-		1.70
D	Passing	1.00
F*	Failure	0.00
FN**	Unearned F	0.00

**The grade of 'F' is awarded for a student who completed the class but failed in accordance with syllabus standards, whether due to academic performance or irregular attendance/participation.*

***The grade of 'FN' is awarded to a student who ceased attendance/participation and consequently failed to complete the course objectives. The FN grade is an internal grade and appears as F on transcripts.*

The following grades are not counted in the calculation of the grade point average.

I	Incomplete
W	Withdrew
P	Passing for credit/no credit course
N	Not passing for credit/no credit course
AU	Course taken as Audit (0.00 credit)

The Grading Timeframe

Grades are issued no later than one week after the last day of a class. All assignments are to be due by the posted last day of class, and all examinations must be given. Posted class end dates may not be extended. No final examination or academic activity can be scheduled after the class end date.

Any perceived grade discrepancies should be reported to the course instructor. Grade changes must be reported by the instructor to the Registrar's Office in writing within 30 days of the posting of the grade.

Grade Changes

Final course grades may be changed only in the case of miscalculation of points. Re-evaluation of a student's work or late submission of work by a student is not normal grounds for changing a final course grade. Within 30 days of the final grade due date, an instructor may change a final course grade by filing the appropriate form with the Registrar. This change must be submitted by the instructor and approved by the responsible department chair. After 30 days of posting a final grade, an instructor desiring to change the grade must seek approval of the responsible dean over their department and file such a request with the Vice Provost. Decisions of the Vice Provost will be considered final. After the 30 day change of grade period, and after graduation has been posted, all grades are final and permanent.

Incomplete Grades

1. A temporary grade of incomplete ("I") may be granted by the Dean of the appropriate college/school where the course resides. An incomplete may be granted at the instructor's recommendation due to extenuating circumstances that interrupt the semester, such as medical crisis or equipment breakdown. Quality of work or failure to meet deadlines is not a criterion for an incomplete and will not be granted on such basis. A student seeking an incomplete in more than one course may only be granted by the Vice Provost. The end date of a course may not be extended outside of an approved incomplete.
2. Students anticipating the need for an incomplete should communicate with their instructor prior to the end date of the course. The instructor will determine if an incomplete is warranted and if so, will contact the appropriate Dean of the

college/school prior to the completion of the course to obtain approval. Once approved by the appropriate Dean, the faculty member submits the incomplete request to the Registrar.

3. An incomplete cannot be initiated after the course's end date. Once an incomplete is granted, the student is informed of the incomplete. It is then the student's responsibility to contact the instructor and make satisfactory arrangements to complete the outstanding work. A student who receives an 'I' grade must complete the work within 60 days of the course's end date. Once an incomplete is granted, a student may not request to withdraw from the incomplete. A final grade of 'F' will be recorded for students who do not complete the outstanding work by the deadline.

Repeat Course Grading Policy

1. Registering to repeat a course requires assistance from the Registrar's Office.
2. Students in all undergraduate programs may repeat any course twice in which a grade of 'C-', 'D' or 'F' was received at Asbury University.
3. The course must be repeated at Asbury University with a course deemed equivalent by the Registrar's Office.
4. The higher earned grade in any repeated course will count in the computation of the cumulative grade point average.
5. Credit hours in repeated courses will count only once academically. Financial Aid will count the both course attempts in total attempted credits for financial aid calculations.
6. Repeated courses will be indicated as such on the permanent record.
7. A Graduate level course taken as an undergraduate student counts for grade and GPA only on the undergraduate transcript. Therefore courses taken in the Graduate program, including repeats of graduate courses taken as an undergraduate, will not affect the undergraduate GPA.
8. Repeat of a course taken at Asbury University prior to computer records (Fall 1991) will not affect the cumulative Grade Point Average. Credit for the repeated course will count only once academically. Student may need to take more than the required 124 credits.

Academic Standards, Probation & Suspension

Academic Restrictions for Participating in University Activities

A student in Academic Probation, Chapel Probation, or returning first semester after Suspension may not:

1. Participate in inter-collegiate competition (athletic or other)
2. Participate in public programs (on or off campus) given by any Asbury University department, organization, or class (unless such participation is a clear academic course requirement)

Also, in order to hold a student body office, a student must have a minimum cumulative grade point average of 2.50. For a class office, the GPA requirement is 2.25.

Academic Standards for All Undergraduate Students

The Registrar's Office has the responsibility to monitor academic progress for all students enrolled in the University.

The **Undergraduate Academic Progress Scale** is as follows:

Hours Attempted Cumulative GPA

1 - 24	1.70
25 - 37	1.80
38 - 59	1.90
60 or more	2.00

[NOTE: Financial Aid eligibility will include withdrawn hours. See, 'Academic Progress and Financial Aid']

1. An undergraduate academic progress scale outlines the expected grade point average for a student to remain in good academic standing based on the total number of credits attempted. Students who fail to meet the scale are subject to academic probation and/or academic suspension. (Traditional residential undergraduate students are also expected to be in accord with the chapel attendance requirement or be subject to chapel probation or suspension.)
2. Some specific major programs within the University require a higher minimum grade point average to be admitted or to remain enrolled in those programs. Each academic department having a higher GPA requirement is responsible to monitor the progress of students enrolled in the program and to notify students of any problems related to the requirement, including the possibility that the student may be dropped from the program.
3. At the end of each semester (including summer), the academic progress of all students is reviewed. Incomplete grades will be taken into consideration, but calculations for probation begin as soon as final grades are entered during the semester. Decisions are not made until the official end of the semester. *[Note: The Ministry Management-Nonprofit Management program has a specific, yearly timing for probation review which is outlined in the Special APS Programs section of this Academic Catalog.]*

4. A student who does not meet the minimal standards of the academic progress scale at the end of the review semester will be placed on academic probation for the next semester and may be required to attend an academic support class (UNV205/305). The student is expected to remedy the probation in their subsequent semester.
5. Undergraduate students in Non-Degree-Seeking programs (High School Academy, Auditor, the Non-Degree Seeking major) with less than 9 attempted hours in a semester are exempt from probation policy (withdrawn hours are not counted).
6. The academic progress toward the completion of a degree requires the meeting of minimal standards both in semester hours completed (withdrawn hours are not counted), in term grade point average, and in cumulative grade point average.
7. A student who earns a grade point average of 1.0 (D average) or below in a single semester at Asbury University is subject to academic probation and may be subject to suspension at the end of that semester without a period of academic probation.
8. During the fall or spring semester, any student who does not pass at least 67% of hours attempted in a semester (withdrawn hours excluded from calculation) will be placed on academic probation without respect to cumulative grade point average. A student in this category who does not pass 67% of semester hours attempted during the probationary semester may be subject to academic suspension. This policy does not apply to summer term registration. **[NOTE: Financial Aid eligibility does take into account withdrawn hours. See, 'Academic Progress and Financial Aid'.]**
9. The student is expected to remedy the probation in their subsequent semester. The probationary academic standing may be cleared only with grade points earned at Asbury University. Transfer credits are not used in calculating GPA.
10. Any students who does not meet the standards of the academic progress scale at the end of the probationary semester will be subject to academic suspension for a period of one semester (not counting summer).
11. The academically suspended student is ineligible for re-admission to Asbury University until one semester has elapsed (not including summer). A student who has been dismissed for academic reasons may apply for readmission for any semester following the suspended semester.
12. A student who has been readmitted following a period of academic suspension will remain eligible for continuing as long as his/her GPA for each semester is 2.30 or better while carrying a minimum of 12 semester hours, even though his/her cumulative standing may be below the academic progress scale. Students re-admitted in this category may not enroll for more than 14 semester hours until they achieve satisfactory standing and may be required to attend an academic support class (UNV205/305). If permission to enroll is granted, the student's status will be become "academic probation".

[NOTE: Financial Aid requirements vary from Academic requirements. Students may be cleared academically to register, but not be eligible for financial aid.]

Academic Honors and Commencement Eligibility

Undergraduate Term Honors in Scholarship

Dean's List: "Dean's List" is noted on the semester grade record and the transcript of all students who have passed a minimum of 12 graded (not pass/fail) semester hours with a grade point average of 3.50 or higher. A student with fewer than 12 hours of graded work is ineligible for this notation.

Undergraduate Graduation Honors

Students completing a Bachelor's degree* graduate with:

- Cum Laude (honors) with cumulative GPA of 3.5 to 3.79;
- Magna Cum laude (high honors) with cumulative GPA of 3.8 to 3.96;
- Summa Cum Laude (highest honors) with cumulative GPA of 3.97.

*To be eligible for graduation honors, a student must have earned a minimum 62 semester hours of course work at Asbury University. Transfer credit hours are not counted in calculating GPA. Students who have completed less than 62 hours at Asbury, but who meet the GPA standing for honors listed above, will graduate with "honorable mention".

The final actual honors earned upon degree completion will be posted on the graduate's transcript.

However, when the May commencement list is formed in February, spring classes are still in progress. Calculation of honors for commencement participants is based on the posted cumulative GPA totals on a student's academic record as of the last completed course at the posted graduation application deadline (February 15). Courses in-progress do not factor into the

cumulative GPA and are therefore not included in the honors calculation for the commencement ceremony. However, in-progress course hours (current spring semester) are counted when determining the total graded hours at Asbury toward the minimum 62 hours required for the commencement ceremony honors.

Graduation Application and Commencement Eligibility

Graduation Application

All students who are in the final year of completing a degree must complete the graduation application by the stated deadline. Commencement information may be found online: www.asbury.edu/offices/registrar/graduation

For each degree, all candidates must be listed in an annual commencement program to be officially recognized for the conferring of the degree.

Application Deadlines:

- To graduate in December and be listed in commencement the following May (required - regardless of commencement attendance), the graduation application deadline is October 15.
- To graduate in May or August and be listed in May Commencement of the same year (required - regardless of commencement attendance), the graduation application deadline is February 15.
- In the Traditional Undergraduate program - to be listed in commencement in spring prior to attending in fall as a student teacher to graduate the following December (required - regardless of commencement attendance), the graduation application deadline is February 15 prior to the fall. Only approved traditional undergraduate student teachers may walk in commencement prior to finishing in a fall semester (see eligibility requirements for this option below in the next section).
- If the expected graduation date must be moved to a new academic/commencement year, a new graduation application is required to be submitted by the next posted deadline.

Final decisions regarding commencement eligibility for the annual May Commencement are made each year on February 15 based on remaining graduation requirements, commencement eligibility criteria listed below, and the information provided by the student on the graduation application.

Eligibility Criteria for Degree Candidates to Graduate & be Listed in Commencement

[Please refer to the Undergraduate Degree Requirements sections for the graduation requirements.]

To be listed in the annual May Commencement a student must meet the following criteria:

1. Have a cumulative GPA of at least 2.00.
2. Students must file a "Graduation Application" form in the Registrar's Office for the correct academic/commencement year of their expected graduation date by the posted deadline listed above. Questions about the Graduation Application should be directed to registrar.info@asbury.edu.
3. If the expected graduation date must be moved to a new academic/commencement year, a new graduation application is required to be submitted by the next posted deadline.
4. Students who were listed in commencement but did not finish within that expected graduation year will be required to complete an updated graduation application for the next year. See Bachelor Degree Requirements - Returning students for meeting catalog year requirements.
5. Will have completed, or have approved course plans to complete, all requirements for a degree by one of the following:
 - Have already completed ALL degree requirements and graduated end of the previous December.
 - Are enrolled in the current spring semester for ALL remaining requirements which will be completed by the May commencement.
 - Will have no more than 9 required semester hours remaining to complete after the May Commencement date by one of the following.
 - The 9 hours may be registered at Asbury University to be completed in the regular summer term after the May Commencement.
 - The 9 hours may be courses approved by the Registrar to be completed during the summer at another institution after the May Commencement.
 - A combination of any of these methods may not exceed 9 semester hours to be completed after the May Commencement.
 - If any of these remaining 9 semester hours are not available in the summer requiring the student to return in the fall, the student's commencement eligibility will be delayed until the next May.
 - NOTE: To include any credit source towards lowering the remaining requirements to the 9 maximum for commencement eligibility, all documentation, final transcripts, and test scores must be received by the Registrar's Office before February 15 of the commencement year to be counted in commencement eligibility.
6. Traditional Undergraduate Education major early commencement option when scheduled to student teach in the following fall semester and
 - Registered for all other requirements to be completed by the May Commencement date with only the student teaching requirement remaining to complete after the May commencement.

- Have no more than 7 semester hours to be completed after the May Commencement date. Student must be able to register for these remaining hours at Asbury University as part of the regular summer term. NOTE: Taking courses at other institutions after the May Commencement, but before fall student teaching, may prevent the early commencement option.
- 7. Approved undergraduate partnership programs requiring senior year at partner institution early commencement option - Traditional undergraduate students enrolled in an approved partnership program (UK engineering, UK nursing, IWU nursing, LECOM) necessary to fulfill Asbury bachelor's degree hours may participate in the May commencement ceremony providing that they have no more than 9 hours to complete in their final fall semester.

Ordering Commencement Ceremony Regalia

Ordering commencement regalia is part of the graduation application process. For Traditional Undergraduate Program only - commencement cap & gown are ordered for students at no extra charge, for the purchase is covered by student activity fees. Adult Professional Studies will be provided instructions for placing their own cap & gown orders.

Undergraduate Transfer & Other Credit Sources

Asbury University accepts transfer of undergraduate college courses from regionally-accredited universities and college level examination credit from programs such as AP, IB, AICE, and CLEP. Asbury University also accepts a limited amount of credit (on a case-by-case evaluation basis) from some non-regionally accredited schools or other non-college sources such as military training or credit for prior learning.

Undergraduate college credit and institutional credit may be considered for transfer only upon matriculation as a degree-seeking undergraduate at Asbury University. Transfer credit and institutional credit cannot be awarded to an Asbury Academy enrollment prior to matriculation in a degree program.

General Policies for All Transfer Credit

1. Asbury University transfers undergraduate credit only from official documentation. Asbury University does not award credit based on any transfer, advanced or institutional credit listed as awarded on other college or university transcripts. Credit cannot be transferred from a high school transcript.
2. For college transcripts and test scores to be official for awarding transfer or advance credit, they must be sent directly from the institution or testing program to Asbury University. Credit cannot be accepted from faxed, copied, emailed or hand delivered transcripts. Student-delivered transcripts or scores may be used for advising; however, they are NOT acceptable as final, official transcripts or scores for the transfer of credit.
3. Transcripts showing courses still in process are not considered final official transcripts.
4. Transfer Limits under the Residency Requirement:
 - a. For the associate's degree, 30 semester credits is the maximum total transfer from all sources combined (regionally-accredited institutions, college examination programs, and institutional credit; this 30 hours may include up to 24 credits of non-accredited/non-academic work from CPL or military credit). Student must complete at least 30 semester hours of course work at AU.
 - b. For the bachelor's degree, 75 semester credits is the maximum total transfer from all sources combined (regionally-accredited institutions, college examination programs, and institutional credit; this 75 hours may include up to 24 credits of non-accredited/non-academic work from CPL or military credit). Student must complete at least 49 semester hours of course work at AU.
 - c. For finishing degree requirements, undergraduates may transfer no more than 9 credits from any other sources after they stop attending Asbury; 12 credits of a student's final 21 required credits must be completed as a student at Asbury University.
 - d. Fifty percent of courses/credits requirements for each undergraduate major or minor must be completed as a student at Asbury University.

Sources of Credit

1. **College and University Undergraduate Transfer Credit** - Asbury University accepts official undergraduate transfer from all colleges accredited by the six regional U.S. accrediting bodies. Transcripts from schools not accredited by the six regional U.S. accrediting bodies may have only limited acceptance for transfer. All non-regionally accredited institutions will be individually reviewed to evaluate rigor, content, and faculty credentials.
2. **Credit awarded from college examination programs (See: AP, CLEP, IB, AICE)** can only be transferred from original documentation. Asbury University does not grant credit based on advanced placement or institutional credit listed on high school transcripts or on other college or university transcripts. Credit is granted only for exams that have been determined to be equivalent to courses listed in the Asbury University course catalog. Credit from these examinations is considered equivalent to regionally-accredited college courses.
3. **Asbury institutional credit** sources include credit awarded for varsity sports, and placement test purchase credit in foreign languages or horseback riding. These non-classroom credits are included when calculating transfer limits from all outside sources.

4. **Credit awarded from non-accredited/non-academic sources** is limited to a combined total of 24 semester credits in electives only within the maximum transfer limits for a degree. All such credit is reviewed on a case-by-case basis. These include military training, credit for prior learning (CPL), and some non-regionally accredited schools which do not meet requirements for course-to-course transfer. All non-regionally accredited institutions will be individually reviewed to evaluate rigor, content, and faculty credentials.

Policies for Transfer Credit from Colleges and Universities

1. Undergraduate college courses must have posted grades of 'C' or above on the official transcript to transfer to undergraduate programs. Grades of 'C-', 'D+', 'D', 'D-', 'E' or 'F' do not transfer. Courses which are graded as pass-fail (grade of 'P') are not accepted for transfer without official validation that the minimum passing grade for the "P" is equivalent to 'C' or above. (Exception: Physical Activity courses can be transferred with a passing grade of 'P').
2. Grades (GPA) from college transfer courses are not transferred and are not used when determining a student's cumulative grade point average for academic progress at Asbury University.
3. Credits earned at a college or university using a quarter hour calendar when transferred will be converted to semester hour credits by a factor of 2/3 (x 0.667).
4. Courses taken more than three years prior to enrollment which involve current technology or equipment, or which must satisfy current regulating agency or state requirements may be out of date and are subject to not transfer. These courses will be reviewed case-by-case.
5. After matriculation to Asbury University, bachelor-level students may not transfer more than 6 semester hours of independent study course work from another institution.

Transfer of Dual Enrollment College Credit Completed Before High School Graduation

College credit completed prior to high school graduation may be considered for transfer upon matriculation as a degree seeking undergraduate at Asbury. The student with dual enrollment credit is still considered a first-time freshman when enrolling in first college classes after the high school graduation date.

1. Dual enrollment credit cannot be transferred from the high school transcript but must be documented on the official college transcript sent directly from the college or university.
2. The student is responsible to request their final official transcript from the college to be sent directly to the Asbury University Admissions Office. Student-delivered transcripts are not accepted as official.
3. Credits earned through Asbury University Asbury Academy while in high school are automatically counted towards later enrollment in an Asbury undergraduate degree program.
4. Credits taken at other institutions more than two years prior to high school graduation may not be transferred unless the student demonstrates continued educational progress at college level.
5. All general transfer policies and limitations apply to transfer of college credit taken while in high school.

Transfer with a KCTCS Associate of Arts or Associate of Science Degree

Any student accepted into Asbury University who presents an Associate of Arts (A.A.) or Associate of Science (A.S.) degree awarded by one of the Kentucky Community and Technical College System schools [*This agreement does not apply to a KCTCS associate of applied science (A.A.S.) degree.*] will be deemed to have satisfied the Asbury University Foundations requirements with the exception of Chapel Attendance (every semester); the Bible/Theology courses NT 100, OT 100, and TH 250 (9 credits); Cross-Cultural Engagement (1.5 credits); LA 100* (1 credit), Liberal Arts Enrichment (3 credits, replaced Leadership requirement); and the Foreign Language 201 level, for the degrees and/or programs that require them. After all eligible courses are transferred, student is allowed to waive remaining Foundations requirements. Any Foundations course which is also required for a major or minor cannot be waived. **Students with waivers of any Foundations requirements must still meet the minimum credits required for graduation in the degree.** Asbury University does not guarantee transfer of all credit hours earned in the KCTCS degree but evaluates specific courses by regular transfer restrictions. Asbury will not transfer credits for courses which have grades below 'C', are remedial, or are usually not accepted in transfer. 50% of Asbury major or minor requirements must be completed as a student at Asbury University.

**LA 100 may be waived for eligible transfer students with enough post-high school credits.*

Pre-Approved College Transfer Credit for Current Undergraduates

- Students currently enrolled in an undergraduate program desiring to earn additional credits at another undergraduate institution to apply toward a degree at Asbury University must receive pre-approval from the Registrar at Asbury prior to enrolling elsewhere.
- The University is not obliged to transfer courses for which prior approval has not been secured.

- To request pre-approval the student must provide the Registrar's Office with the name and city/state of the school, as well as specific course prefix, number, and title for the other school's courses to have these reviewed for transfer.

Pre-Approved Transfer Course Policies

1. Students should complete pre-approved transfer courses prior to their final 12 credits or final full time semester after which no more than 9 credits can be approved for transfer. [See Academic Residency Requirements].
2. The maximum pre-approved transfer credits that can be taken elsewhere during a fall or spring semester is usually one class (3-4 credits), for traditional undergraduates; two classes (6 credits) for APS undergraduates. Traditional undergraduates may take up to 9 credits during summer term.
3. Courses must be taken through a regionally-accredited undergraduate institution.
4. Pre-approved transfer courses must meet all undergraduate college transfer policies to transfer to Asbury.
5. Foundations courses and needed elective credits are the best candidates for pre-approved transfer credit. Departmental approval may be required to take major/minor courses elsewhere.
6. Students are advised not to take an overload of courses (Asbury + other school) over 19 credit hours for traditional undergraduates for a fall or spring semester.
7. Pre-approved courses registered at another institution do not count toward the student's full-time status for financial aid purposes at Asbury.
8. The student must be eligible to register and continue at Asbury for a letter of good standing to be issued. A minimum Asbury GPA of 2.00 is expected.
9. The student must not have reached the transfer credit limit for their program and degree (prior to or during enrollment at Asbury) from all combined sources (regionally-accredited institutions, College Examination Programs, CPL credit, military credit, non-regionally accredited schools, and institutional credit).
10. The student is responsible to request a final transcript be sent from the other school immediately upon completion of the course/s. An official transcript must be mailed directly to the Asbury University Registrar's Office. Student-delivered transcripts are not accepted as official.
11. Seniors cannot graduate until official transcripts for pre-approved transfer courses have been received and processed to meet degree requirements.

Credit from College Examination Programs

Incoming undergraduate students may be granted academic credit for specific Asbury University courses on the basis of tests administered by the following College Examination Programs: College Board Advanced Placement Program (**AP**), College Level Examination Program (**CLEP**), International Baccalaureate (**IB**), and the Cambridge Advanced International Certificate of Education (**AICE**). Credit from AP, CLEP, IB, and AICE is included with regionally-accredited college transfer as part of the maximum 75 hours limit for credit allowed from all outside sources.

1. As part of the admission process, student should arrange to have original documents for AP, CLEP, IB, and/or AICE scores and grade reports sent directly to Asbury University.
2. Asbury University grants credit for AP, CLEP, IB, and AICE only on the basis of original documentation from the examination program. Asbury University does not grant examination credit for institutional credit listed on another college or university, or on high school transcripts.
3. Student score reports directly from the student are not considered official.
4. Asbury University grants equivalent credit in AP, CLEP, IB, and AICE only for current courses listed in the Asbury University course catalog. No elective credit will be awarded.

Advanced Placement Tests (AP): Asbury University grants credit for the following College Board Advanced Placement examinations:

Institutional Placement Credit

Foreign Language Credit -Traditional Undergraduates Only

A degree-seeking traditional undergraduate who takes the institutionally administered language placement exam and places out of specific Foundations language courses, or who transfers college credit or AP credit allowing them to place into higher language courses, may "purchase" the credit value of the skipped courses at Asbury University after completing the next level course at Asbury with a sufficient grade.

This credit purchase option is only available for languages offered at Asbury University: French, Spanish, Chinese, Latin, Greek, and Hebrew. Courses which may be "purchased" are: 101, 102, 201 and the fourth semester course (202 or 291) as listed for the language (Total of 3.0 to 12.0 credits).

Requirements and procedures:

1. Take the proficiency examination given by the Department of Ancient & Modern Languages and receive a score, or submit transcript or score report, qualifying for advanced placement.
2. Take a higher level course in the same language at Asbury University as indicated by placement test.
3. Earn at least a 'C-' in that first Asbury University language course. If this is not achieved, the student may follow the repeat course policy.
4. See Registrar's Office or Registrar Forms for the official application form to purchase language credits. Submit completed application for language credit to the Registrar's Office.
5. A processing fee of \$20.00 per credit received for any eligible language courses will be posted to the student's account when the application is processed by the Registrar's Office.

Horseback Riding Credit - Traditional Undergraduates Only

Degree-seeking Equine Studies majors or minors may place out of horseback riding and can "purchase" academic credit for EQ 130, Horseback Riding I, and/or EQ 131, Horseback Riding II, (Total 2.0 credits) by meeting the following requirements:

1. Take the necessary departmental proficiency examination and receive a score qualifying for institutional placement.
2. Complete EQ 251 (Horse Training) with a grade of 'C-' or above.
3. Receive final approval and documentation form from the chair of the Science & Health Department.
4. Submit the form for Horseback Riding Credit Purchase to the Registrar's Office.
5. A \$20.00 per credit processing fee will be posted to the student's account when the application is processed by the Registrar's Office.
6. These credits apply only to the Equine Studies major/minor. Purchased horseback riding credit DOES NOT satisfy Foundations physical education (PE) activity requirement.

Credit from Non-Accredited or Non-Academic Sources

Credit awarded from non-accredited/non-academic sources is limited to a combined total of 24 semester credits in electives only within the maximum transfer limits for a degree. All such credit is reviewed on a case-by-case basis. These include military training, credit for prior learning (CPL), and some non-regionally accredited schools which do not meet requirements for course-to-course transfer. All non-regionally accredited institutions will be individually reviewed to evaluate rigor, content, and faculty credentials.

Credit From Military Training For Undergraduates

Undergraduate level students may receive elective credits from military training through the American Council on Education (ACE) transcript. Student must request an official copy of their (ACE) military transcript be sent directly to Asbury University. Military credit is included in the non-academic sources 24-credit transfer limit. In the traditional undergraduate program, documented basic training completion can satisfy required PED 100 and PE 111.

Credit For Prior Learning (CPL) - APS Undergraduates Only

Students entering the APS degree completion program may earn credit towards graduation through Credit for Prior Learning (CPL). Asbury University will consider submitted CPL documentation, but is not obligated to accept credit for prior learning. Credit for Prior Learning (CPL) is included in the non-academic sources 24 credit transfer limit. CPL may be based on a variety of different sources including, but not limited to, military training (separate from the ACE military transcript evaluation), workshops, seminars, self-study, non-credit classes, training programs, courses taken through non-accredited institutions, and work experience completed prior to attending Asbury University.

1. APS students wishing to apply for CPL credit will be expected to meet with an academic advisor during their first semester of attendance to review the CPL procedures and expectations before beginning an application for CPL credit.
2. The student will coordinate the Credit for Prior Learning process with the Adult Professional Studies Program Director.
3. The University evaluates appropriate units for the student's actual learning (not just the experience) from the submitted sources. Asbury University will reference the criteria recommended by the American Council on Education (ACE) and the Council for Adult and Experiential Learning (CAEL) when evaluating student submissions for credit.

4. All documentation must be submitted, and the review completed before the student's final year at Asbury, preferably before the student reaches senior status (90.0 credits earned).
5. The assembled documentation is reviewed by the Dean of Adult & Online Learning. The Dean may require further review by additional faculty members or area experts based on the type of prior learning requested.
6. If CPL credit is approved, the Dean shall submit a CPL credit form with recommendation letter to the Registrar for processing.
7. The University assesses a Portfolio Evaluation Fee based on requested credits at the following rates:
 - 1-9 credits \$30.00 per credit
 - 10-19 credits \$300.00 flat fee
 - 20-24 credits \$600.00 flat fee

Students are assessed the appropriate CPL fee based upon the amount of requested credit, regardless of whether credit is granted.

Foundations: Liberal Arts Learning at Asbury

Mission

The mission of Asbury University, as a Christian Liberal Arts University in the Wesleyan-Holiness tradition, is to equip students, through academic excellence and spiritual vitality, for lifelong learning, leadership and service to the professions, society, the family and the Church, preparing them to engage their cultures and advance the cause of Christ around the world. Value Proposition: Academic Excellence and Spiritual Vitality.

Foundations: Liberal Arts Learning at Asbury

Asbury University's Foundations Liberal Arts Learning program organizes around five (5) key conceptual areas. Each of the five areas clearly identifies a Student Learning Outcome (SLO) crucial to the liberal arts vision and overall academic mission of the University. While each conceptual category is distinct, and supports a clearly defined learning outcome, none of categories is to be considered as isolated from the other, nor static. They are of a piece, all interconnected, inseparable, and dynamic. They invite reflection on the whole person, not on some disaggregated set of aptitudes or skills. Thus Christian faith and culture sheds light on and informs human thought and creative expression. Yet neither the religious nor the creative life unfolds in a vacuum. A person in search of knowledge, meaning, and wisdom must necessarily engage society and answer the call to public and global responsibility, while also recognizing that informed citizenship requires critical thinking, analysis, and problem solving. Social responsibility, in turn, entails a deep awareness that human persons are very obviously situated in human circumstances and communities, which must be sustained by productive learning, living, and well-being. Thus, the following conceptual framework for Foundations of Liberal Arts Learning at Asbury University is designed to highlight these intersections, to open new pathways of thought, to promote an interdisciplinary approach to liberal arts study, and, ultimately, to keep alive the enduring questions of human life and meaning:

1. Integrating Christian Faith and Culture

At Asbury University, Foundations of Liberal Arts takes shape within the context of Christian revelation. Asbury's Christian (Wesleyan) theological tradition invites students to apprehend God's revelation through scripture, reason, tradition, and experience. These common inquiries challenge students to explore the rich relationship between Christian belief and practice, between Christian theological foundations and traditions. As a crucial part of this theological education, students will use critical approaches and interpretive skills necessary to establish life-long Biblical literacy. [Courses: OT 100, NT 100, TH 250]

SLO 1: Students will demonstrate Biblical literacy and theological understanding as they inform human life.

2. Discovering Human Thought and Creative Expression

Works of literature, art, music, and philosophy raise enduring questions about humankind. This area of study will help students ask and address fundamental questions relating to humankind and the varieties of human experiences. Essential to this area of inquiry is a sustained program of reading deeply in and writing about influential thinkers-artists, poets, philosophers, and historians-who have posed questions and expressed ideas about such perennial human concerns as art and beauty, truth and goodness, history and culture, and morality and ethics. [Course areas: Composition, literature, speech, fine arts history/appreciation, philosophy]

SLO 2: Students will use aesthetic, historic, linguistic, and philosophical forms and expressions to interpret the human condition.

3. Engaging Society and Global Responsibility

For millennia humans have organized themselves in families, communities and states - for protection, to meet needs, expand material wealth and promote social well-being. This category attempts to understand the human experience with regard to social and political organization and the responsibility of individuals and groups to sustain and alter the social order. [Course areas: history, social science, foreign language/cross-cultural engagement]

SLO 3: Students will demonstrate how key concepts from the social and behavioral sciences help to identify and address real-world problems of human persons, communities, and nations, including the origin of such problems.

4. Achieving Quantitative and Critical Literacy

The modern age presents humans not just with mass society, but also with an outpouring of data about every element of that society, as well as tools that enable individuals and groups to analyze and interpret these data. Increasingly, success in the professions and in personal life will depend upon a person's ability to utilize these tools to facilitate critical thinking and problem solving. This area of inquiry will challenge students to comprehend and evaluate mathematical and statistical information, perform problem-solving operations on qualitative and quantitative data, and describe the challenges of using technology and managing information. [Course areas: math, technology]

SLO 4: Students will demonstrate critical thinking and problem solving through the interpretation and analysis of data.

5. Searching the Natural World and the Environment

Scientific discoveries in the recent era have led to an explosion of knowledge of the natural world. Though such

knowledge has enabled humans to conquer diseases and to construct infrastructures that promote human well-being, the scientific era has also raised moral, ethical, religious, and environmental questions regarding human practices, habitations, circumstances, and environments. Scientific discovery and practicing the scientific method are crucial for a life of productive learning and living. Students, then, will explore foundational principles and concepts in natural science and use them in critically thinking about such related areas as personal wellness, environmental stewardship, culture formation, and moral and ethical decision making. [Course areas: natural science, health]

SLO 5: Students will use the scientific method to engage in an exploration of the natural world, including a close examination of practices that promote environmental stewardship and personal well-being.

Satisfying the Requirements for Foundations

1. Courses in Foundations' areas are required for all undergraduate degrees. See the specific courses that fulfill Foundations in each Undergraduate program > "Foundations - Traditional Undergraduates" or "Foundations - APS Undergraduates".
2. Courses that satisfy Foundations requirements in one program may not satisfy Foundations requirements in the other program, for Foundations requirements are unique to the program.
3. Some courses required in a major or minor may also satisfy a Foundations course.
4. **Students fulfilling any Foundations requirements with major courses or by waivers of any kind must still meet the minimum credits required for the degree.**

Associate Degree Requirements

Asbury University undergraduates in all programs are subject to all academic policies unless the policy is specifically labeled as unique to one particular program.

- Admission standards for the associate's degree are the same as for the bachelor's degree.
- There are no differences between courses offered for the associate's and the bachelor's degree.
- A student who holds a bachelor's degree may not then be awarded an associate's degree.
- A student may not be awarded a bachelor's degree and an associate's degree at the same Commencement.
- A student must declare an associate's degree before their junior year (60 credits earned).
- Students who previously earned their associate's degree from Asbury University must reapply and be readmitted for the B.A. or B.S. degree.

All candidates for an associate's degree must meet the following requirements to graduate:

1. **Complete a minimum total of 60 semester hours.** Students with waivers of any Foundations or other requirements must still complete the total 60.0 credits required for graduation with an associate's degree.
 - a. Students must complete a minimum of 30 semester hours (not transfer or institutional credit) as a student at Asbury University.
 - b. Students must complete the final two consecutive full-time semesters (or a minimum equivalent to 24 credit hours) at Asbury University. Part-time students will require more semesters at Asbury to meet this equivalent.
 - c. All students must complete a minimum of 12 of their final 21 credits at Asbury. If the maximum transfer limit (30 credits) has not been reached, pre-approved transfer approval may be granted to bring in no more than 9 credits from all other sources to finish degree requirements after attending Asbury. 3. **Fulfill all the Liberal Arts Foundations requirements** specific to their program which make up the requirements for the Associate of Arts or Associate of Science degrees.
 - Note that the Traditional Undergraduate (TUG) Associate of Arts Degrees are not required to do the final Cross-Cultural Immersion Experience (CCE 150EX) for the A.A. degree. *However, Students who after earning their associate's degree from Asbury and are readmitted for the B.A. or B.S. degree in the Traditional program will be required then to satisfy CCE 150EX Cultural Immersion Experience . See Cross Cultural Engagement.*
 - Traditional undergraduates must receive a passing grade of 'P' in their final registration in chapel. See chapel requirements in Academic Information for Undergraduates.
 - Traditional undergraduates may choose to complete an emphasis using an undergraduate minor with the Associate of Arts degree. All requirements for the minor must be complete to graduate with the emphasis. 50% of the hours/courses in any elected emphasis must be completed at Asbury.
4. **Complete comprehensive examinations and assessment tests** as required by individual departments and programs or the University administration.
5. **Complete a "Graduation Application" form** from the Registrar's Office for the correct academic/commencement year of their expected graduation date by the posted deadline (generally, Oct. 15 for December graduation, and Feb.

15 for May or August graduation). The Graduation Application link will be emailed from the Registrar's Office based on student's remaining requirements and graduation date. Students may email Registrar's Office for graduation application information when reaching fulfillment of all requirements.

NOTE: If the student's expected graduation date must be moved to a new academic/commencement year, a new graduation application is required to be submitted by the next posted deadline. To determine Commencement Eligibility, review Commencement requirements under Academic Information for Undergraduates.

Following the Correct Academic Catalog

Students must graduate under the requirements (Foundations, major, and minor) of the Academic Catalog in effect at the time of first enrollment. Note exceptions:

1. Students may elect to graduate under new requirements placed in effect while enrolled.
2. Students changing majors or minors, or adding newly approved majors or minors must move all requirements (Foundations, major, and minor) to the Catalog in effect at the time of declaration. If declaring a newly-approved major or minor, student must move the first available Catalog the new program is offered under (if declaring in advance of the next academic year).

4. *NOTE:* Returning students may not re-enroll in a degree program, major, or minor that has been discontinued. Returning students in such programs must declare a current active program at the time of readmission.

Student Responsibility

Fulfillment of all degree requirements is the student's responsibility.

Asbury provides academic advising resources for students, such as Degree Progress Audit, Major/Minor/Program Sheets, and Academic Advising. While these and other academic support resources are available to students, they are intended as student planning tools only and do not constitute final official degree requirements. The responsibility for understanding and fulfilling all degree requirements rests entirely upon the student. Any error in printed materials or digital/online records should be reported immediately by the student to the Registrar's Office.

NOTE: The University reserves the right to change degree requirements, major and minor requirements, and course offerings, as well as to cancel any course not selected by a sufficient number of students (low enrollment) at the time offered.

Bachelor Degree Requirements

Asbury University undergraduates in all programs are subject to all academic policies unless the policy is specifically labeled as unique to one particular program.

All candidates for an undergraduate bachelor's degree must meet the following requirements to graduate:

1. **Complete a minimum total of 124 semester hours.** Students with waivers of any Foundations or other credit requirements must still complete the total 124.0 credits required for graduation with a bachelor's degree.

 - b. Returning students may not re-enroll in a degree program, major or minor that has been discontinued. Returning students in such programs must declare a current active program at the time of readmission.
 - c. After an absence of two years or more, students who reapply for graduation by submission of outstanding documents without reenrolling will be evaluated for graduation using the catalog degree requirements in place for the year of graduation application and may be required to complete additional courses.
 - d. Former students may not graduate in a degree program, major or minor that has been discontinued. Students will be moved to the closest current active program in the year of graduation application and may be required to complete additional courses.

Official Rules for Declaring Majors and Minors

1. All students receiving a bachelor's degree must complete one major.
2. Students are not required to have a minor.
3. Majors and minors must be officially declared in the Registrar's Office to be listed on the student's record and official transcript. To declare, change, drop, or add a major or a minor, students must contact the Registrar's Office or email: registrar@asbury.edu.
4. New Freshmen / New Students are expected to complete their first semester before changing their original major or adding a second major.
5. Majors and minors may not be added after a student has graduated.
6. Undecided students are expected to have declared a major for the bachelor's degree by the beginning of the junior year (60 credits earned).

7. Electing to do the Associate degree should be declared before reaching junior status (60 credits earned).
8. All associate's degrees have liberal arts as a 'major'. A minor is not required for the associate's degree, but students may elect to add one minor where available.
9. Bachelor degree students may choose to complete a second major. An additional major requires there be 24 unique, additional credits not part of the student's primary major.
10. Bachelor degree students may choose to complete up to two (2) minors. Each added minor requires there be 12 unique, additional credits not part of the student's majors or other minors.
11. Fifty percent of the course requirements for each undergraduate major or minor must be completed as a student at Asbury University. Exceptions: A limited reduction in this percentage may be approved for students in an approved partnership program.

For Majors or Minors to be listed on the Transcript or in the Commencement Program

- All majors and minors must be officially declared in the Registrar's Office to be listed on the transcript when the degree is conferred. Concentrations within a major are not listed on the transcript.
- Only the majors will be listed in the commencement program.
- For any major to be listed at the time of the commencement, all majors must be officially declared in the Registrar's Office by February 1 of the student's commencement year for May or August graduation. For December graduation with commencement the following year, all majors must be declared by October 15.
- After the deadline and/or after commencement, extra majors and minors may be dropped in order to graduate in a timely manner, but no new majors or minors may be added to cause an extension of the student's academic time and change the graduation date.

The requirements for graduation with any chosen major or minor are listed in this Academic Catalog. The current catalog's course requirement check sheets are available online - see the Traditional major sheets, minor sheets, and the APS major sheets. Students following previous year's academic catalogs should use the archived year's sheets found in the right menu on each of the course sheets pages.

NOTE: The University reserves the right to change degree requirements, major and minor requirements, and course offerings, as well as to cancel any course not selected by a sufficient number of students (low enrollment) at the time offered.

Student Responsibility

Fulfillment of all degree requirements is the student's responsibility.

Asbury provides academic advising resources for students, such as Degree Progress Audit, Major/Minor/Program Sheets, and Academic Advising. While these and other academic support resources are available to students, they are intended as student planning tools only and do not constitute final official degree requirements. The responsibility for understanding and fulfilling all degree requirements rests entirely upon the student. Any error in printed materials or digital/online records should be reported immediately by the student to the Registrar's Office.

Variation from this scale is granted only when the transcript specifies a different evaluation. Weighted averages are taken into account for admission and for scholarships.

Home school Transcripts - Candidates to the freshman class or transfer students with fewer than 30 semester hours of university credit post high school graduation who have completed any portion of their secondary

education through home schooling are required to provide certification of completion of a home schooling program and documentation of all course work completed. NOTE:

[ALL TRANSCRIPTS, whether high school or University, must be sent directly from that institution to the Admissions Office of Asbury University. Hand-carried transcripts may be used for evaluation. They are NOT acceptable as final, official transcripts.]

5. The Admissions office reserves the right to require a recommendation in order to make an admission decision.
6. A personal interview and/or references may be required of selected candidates.
7. To be considered for full admission in good standing, applicants must supply evidence of likely success as an Asbury University student.
8. Satisfy the requirements for admission as outlined below specific to each type of application.

Specific Requirements for Different Types of Applications

Admission as a New First-Time Freshman

A student who has not attempted academic credit at another college or university since graduation from high school must apply for admission as a first time freshman.

TO BE ADMITTED AS A FRESHMAN, AN APPLICANT MUST SUBMIT:

- An academic record indicating graduation from high school with a cumulative grade point average of at least 2.5 (on a 4.0 scale) or completion of the GED.

Asbury University gives most weight to the quality of high school coursework and achievement in those courses.

Admission as a Transfer Student

A student who has attempted any semester hours of academic credit at another college or university following graduation from high school needs to apply for admission as a transfer student.

- To be admitted as a transfer student, an applicant must submit an official academic record, from each college or university attended, indicating a cumulative grade point average of at least 2.5 (on a 4.0 scale)
- A maximum of 75 semester credit hours of transfer credit may be transferred for the bachelor's degree from all sources (regionally accredited institutions, AP, CLEP, IB, AICE, military credit and institutional credit)
- Applicants with fewer than 30 semester hours of college credit will be classified as a Freshman Transfer and should also submit a high school academic transcript indicating a cumulative grade point average of at least 2.5 (on a 4.0 scale) and an ACT, SAT, or CLT test score, unless applying as test optional*.

- A completed Asbury University Application for re-admission.
- An official transcript of all post-secondary grades and course work from all institutions attended since the last Asbury University enrollment.

To be re-admitted, an applicant must be in good standing academically, socially and financially at Asbury University. An applicant not in good standing in one or more of these categories will be referred to the Admissions Review Committee for consideration.

NOTE: Students who withdraw or become inactive must reenroll within two years of the last term attended to continue on the same year catalog degree requirements. Students who reenroll after the two years become subject to all catalog degree requirements in place at the time of reenrollment.

ALSO, returning students may NOT reenroll in a degree program or major that has been discontinued. Returning students in such programs must declare a current active program or major at the time of readmission.

Admission as an International Student

International students applying for admission to Asbury University as a freshman or a transfer student must:

- Complete an Asbury University application for admission.
- Submit official copies of all secondary and post-secondary academic records to the Office of Admissions

Students with a 68-79 on the TOEFL or a 6.0 on IELTS may still receive conditional admittance to the university but will be required to complete the English Language Center's Intensive Program (IP) before gaining full admission.

If the applicant is a native speaker of English and is a citizen of Great Britain, Australia, Canada, New Zealand or the British West Indies, **SAT, ACT, or CLT scores** are required instead of the TOEFL or IELTS, unless qualified to apply as test optional*.

If the applicant has studied as a full-time student in one of the countries mentioned above within the last two years (or at a school where English is the language used in classroom teaching), has taken at least one English class with a grade of B or better, and has a good academic record at the school attended, he or she has the option to submit **SAT or ACT scores** to determine whether the English Proficiency Test may be waived.

Admission Decision

Each candidate for admission is reviewed individually with careful consideration given to academic records, application essays, references and the ability to benefit from and contribute to the opportunities offered at Asbury University. Asbury University does not discriminate on the basis of race, color, gender, age, national or ethnic origin, or handicap in the admission of students, in its educational policies or in its activities. In addition, Asbury University does not discriminate on the basis of religion in the admission of students and in student access to educational programs. Asbury University reserves the right to deny admission to any applicant when that decision is determined to be in the best interest of the student or the institution.

When a candidate has completed the application process, one of the following decisions will be made:

- Admission in Good Standing
- Conditional Admission. Applicants who fail to meet the minimum admission criteria may, in some instances, be granted conditional admission. Students granted conditional admissions are usually subject to provisions designed to promote academic achievement. These provisions may include a reduction in course load, and/or enrollment in specific classes or support programs.
- Provisional Admission. In some cases, students will be given provisional admission based on self-reported information or unofficial documents pending receipt of official documentation to complete their application file. If official documentation fails to arrive in the time period allowed, the student faces the potential of immediate suspension and, in any event, will not be allowed to register for the next semester.
- Denied Admission. The Director of Undergraduate Admissions may deny admission to any student whose academic records indicate little likelihood of academic success at Asbury University. Asbury University also reserves the right to deny admission to any applicant when that decision is determined to be in the best interest of the student or the institution. An applicant who has been denied admission has the right to appeal that decision in writing to the Admissions Review Committee provided the applicant can present relevant additional information in support of his or her application.

Notification

Candidates for admission who have completed the application process will receive notification of their admissions status. Information on the next steps of the enrollment process will be included with this communication.

Cross Cultural Engagement

Cross Cultural Engagement (CCE)

Shannon Montgomery, Coordinator, Cross-Cultural Engagement

Sarah Bellew, Director, Cross-Cultural Engagement

<https://www.asbury.edu/academics/cce/>

The Cross-Cultural Engagement (CCE) course and experience strengthens students' abilities to interact with the world community, expand their worldview, and increase their cultural sensitivity with the ultimate goals of a broadened awareness as to how they might fit into God's plan of redemption in other cultures and develop competency to effectively serve Christ in a global society.

Policy Summary

Beginning Fall 2020, all Traditional Undergraduate students seeking an Asbury University Bachelor's degree will be required to satisfy the Cross-Cultural Engagement graduation requirement by completing CCE 150 Cultural Engagement and Responsibility (1.0 credit hour) and CCE 150EX Cultural Immersion Experience (0.5 credit hour). (Students enrolled prior to Fall 2020 will complete the CCE073 requirement under the previous Catalogs.)

- Students with more than 60 transferred credits at the time of matriculation (not including AP and college credits earned prior to high school graduation) may be considered to waive CCE150EX Cultural Immersion Experience but are required to complete CCE 150 Cultural Engagement and Responsibility.

- Following completion of the CCE 150 course, international students or those who have lived extensively outside of the U.S. during high school years may use their cultural immersion into the U.S. as their travel experience toward their CCE 150EX requirements.
- Students seeking the Associates degree at Asbury must complete the CCE 150 course for that degree. After graduating with the A.A. degree, if electing to continue for a Bachelor's degree, the student must then complete the CCE150EX Cultural Immersion Experience.

Graduation Requirement and deadlines

Both sections of the Cross-Cultural Engagement requirement (CCE150 and CCE150EX) must be completed prior to a student's graduation. The course, travel, and assignments must be completed before the end of the term to be eligible for that term's graduation date. Late completion will result in the student's graduation date being moved to the next term.

CCE 150EX Cultural Immersion Experience

Asbury's CCE 150EX Cultural Immersion Experience is an *immersion* into another culture, engaging the student in a variety of life-spheres (family, education, religion, art, media, economics, and government). Most experiences will expose the student to cultural dynamics outside of the United States. The experience must satisfy one of the options listed and must be of sufficient length and intensity to have an adequate impact upon the worldview of the participant.

Criteria Considered for a CCE150EX Cultural Immersion Experience:

- Geographic location: Cultural immersion can be completed either stateside or abroad. All cultural immersion experiences MUST be pre-approved by the Cross-Cultural Engagement Office.
- Elements: Cultural immersion experience must be significantly different experience from the student's home culture and must expose the student to various levels new of ethnic and cultural diversity such as language, customs, and worldviews.
- Length: Cultural immersion experience must be a minimum of six consecutive nights and seven days in context.

Options for Satisfying CCE150EX Cultural Immersion Experience:

- Study Abroad and Off-Campus Programs that are semester/summer-long and approved by the Office of Academic Affairs (Please see Asbury's "Study Abroad and Off-Campus Programs". Note that not all stateside Off-Campus Programs are eligible.)
- Approved cross-cultural, short-term travel course sponsored by an Asbury University faculty member and/or department
- Approved cross-cultural mission-related or volunteer trip with an Asbury University faculty member and/or staff member
- Approved non-Asbury University program that meets the Cross-Cultural Engagement criteria and is sponsored by groups such as mission organizations, local or home churches, denominational or para-church groups, or non-profit organizations
- Deese Initiative Program

The Honors Program

Application is by invitation only.

See also the Asbury University Honors Program webpage.

The **Asbury University Honors Program** allows the student to pursue the spiritual, moral, and social dimensions of the human experience; to explore human problem solving, ethical dilemmas, identity, and self, and to relate these questions to the areas of work, career, family, and society.

- Enhances existing academic framework - not additional course requirements
- Up to 4 years of scholarships of various amounts
- Travel stipend for Study Abroad Experience
- Special access to invited guest speakers
- Support for research product or product development
- Completion of Honors Program noted on transcript after completion of a Bachelor's Degree

The Asbury University Honors Program invites students to join a community of scholars engaged in a thematically enriched undergraduate experience which gives particular focus to the concept of human value and dignity, and the virtuous life. This intellectual and moral exploration is anchored within the rich perspective of historic, orthodox Christianity.

Honors Program students are offered enhanced learning opportunities inside and outside of the classroom without adding additional curricular requirements to the students' course of study. The students will experience themed core curriculum classes, special access to noteworthy colloquium speakers, course upgrades within their major, and opportunities to serve the campus and community. Additionally, the students may receive support for either a research project or the generation of a creative product, as well as financial support for a travel abroad experience.

Asbury University Honors Program Coursework

Honors Program Requirements Checksheet

The Asbury University Honors Program (AUHP) consists of a 22-credit hour package of courses and academic activities. The table below captures a timeline for several components of the program, including the first-semester orientation (Part 1) as well as the four credit-bearing components (Parts 2 - 5). In addition, the AUHP also includes a colloquium attendance (Part 6) and service (Part 7) component. All seven components are briefly described below the table.

Freshman	Sophomore	Junior	Senior
Fall: First-Semester Orientation; HP core course (3)	Fall: HP core course (3)	Fall: Honors credits*	Fall: Honors credits*
Spring: HP core course (3)	Spring: HP core course (3)	Spring: Honors credits*	Spring: Honors credits*
Total: 6 credits	Total: 6 credits	Total: 1 - 11 credits	Total: 1 - 11 credits

*Credits come from an additional HP core course, an upgraded "honors" version of a course within an HP student's major area of study, a research project/creative product course, and a study abroad experience.

1. First-Semester Orientation Program

A First-Semester Orientation Program will serve as a community-building mechanism, as well as an introduction to the particular features of the AUHP, the liberal-arts mission of the institution, and to various faculty who will be involved in the program.

2. Honors Program Core Courses (12 - 15 credits)

During each of the first four semesters of AUHP participation (a postponement of one semester can be made for students who study a semester abroad), students will enroll in one AUHP core course for a minimum of 12 hours of coursework. These courses will be designed intentionally to focus on issues related to virtue and human value. The courses may be single-instructor or team-taught interdisciplinary courses. These core courses will substitute for corresponding foundational course requirements. The AUHP directors will work closely with AUHP students to map AUHP core classes onto appropriate foundational course requirements. Ideally, AUHP students will have three or more AUHP core classes to choose from each semester. While four AUHP core classes are required, AUHP students may opt to take a fifth core course if so desired.

Features of the HP core courses:

- Some HP courses will be team-taught and interdisciplinary
- HP core courses include weekly discussion sessions
- HP core courses feature significant writing exercises with integrative essays and guided research papers

3. Honors Program Upgraded Courses within Major (3 - 6 credits)

Beyond the 12 credits of required courses outlined in Part 2, each HP student will complete 3 - 6 required hours of academic work through course upgrades within their chosen area of study. An honors student, in consultation with their major advisor, will enroll in an existing 3-credit course within their major but will take it as "honors." "Honors" means the HP student and professor have agreed to a reasonable additional expectation for the course, reflecting an elevated version of the experience. However, the upgraded version of the course should still be considered a 3-credit experience. Department chairs will decide if proposed amendments to a course will satisfy as being considered an "honors" version of the course. Some examples might be an additional paper addressing a challenging concept or theoretical perspective in an upper-level psychology or literature elective, or an added analysis or more complex analysis of data for a science course, culminating in either an additional written product and/or a class presentation addressing this additional work.

4. Research Project or Creative Product (1 credit)

HP students will complete at least 1 credit hour associated with an undergraduate research project or the generation of a creative product. In either case, it will be expected that the resulting artifact will be submitted to the SEARCH competition.

5. Academic Travel Abroad Experience (3 credits)

HP students are expected to take part in a 3-credit academic study abroad travel experience. The experience can be selected from a variety of approved study abroad student trips, typically led by AU faculty. Some possibilities include a study abroad semester in Paris or China, or shorter experiences like a two-week trip to retrace the Apostle Paul's steps, a Holocaust-studies tour, or a Spanish history tour. However, students can also fulfill this requirement by participating in a CCCU sponsored program, such as the Oxford Studies Program, or the Middle East Studies Program. A semester abroad experience would likely take place after the student's freshman year.

This trip can serve as the student's cross-cultural experience requirement.

6. Colloquium Speaker Series

The HP colloquium speaker series will connect HP students (as well as the broader Asbury community) to important national conversations related to the HP theme, *Studies in Virtue and Human Value*. HP students will attend a minimum of eight speaker series lectures and corresponding special-access events.

7. Service Experience

Honors Program participants will complete a service experience for at least two semesters. HP students can choose from a number of possible service opportunities. Hours served must meet or exceed 45 for the semester to count as a service semester. Students can combine more than one type of service opportunity to total the needed 45 hours. AUHP students will keep records of hours served and compose a reflection paper on that semester's service experience. Reflection papers will be 3 - 5 pages long and will specifically address issues related to virtue and human value that arose in the course of the semester's service experiences. A time log and reflection paper must be submitted and approved by the AUHP Director. Below is a list of approved on-campus service venues. Others may be proposed to the AUHP Director.

- Support for the running and operation of the annual SEARCH symposium and competition
- Support for the running and operation of the Pitts Center
- Support the running and operation of the Future of Work Initiative
- Serving as student leaders for the LA100 program

- Support for the Center for Academic Success
- Support for the Office of Diversity
- Support for the Cross-Cultural Experience Office
- Serving as teaching and/or lab assistants
- Serving AU Admissions as student workers for Scholarship Competition Weekends
- Support for the running and operation of an AUHP core class (e.g., as discussion facilitators)

Off-campus service is by approval only.

Air Force ROTC - Aerospace Studies

The Department of Aerospace Studies provides a campus education program through which qualified students can simultaneously earn an Air Force commission and a college degree. Faculty members are experienced, active duty Air Force officers with advanced degree.

Admission to the Program

- Non-scholarship freshmen and sophomores may register for Air Force Studies (AFS) courses without incurring a military commitment.
- Students with a minimum of five semesters of school remaining in a graduate or undergraduate status may qualify for Air Force ROTC. For more information, call (859) 257-7115.

By successfully completing the Air Force ROTC program, a qualified student may concurrently earn a commission as an active duty Air Force Second Lieutenant while completing requirements for a degree. AFROTC Curriculum

Specific courses to be taken will be under the direction of the UK Air Force ROTC Program advisors. AFS courses offered at University of Kentucky may vary or change; affiliate AFS classes registered at Asbury will be adjusted accordingly.

The AFROTC curriculum consists of both academic classes and leadership laboratory or seminar classes.

- The General Military Course (GMC) is a two-year course normally taken during the freshman and sophomore years. These cover two main themes - the development of air power and the contemporary Air Force in the context of the U.S. military organization. The GMC academic classes are open to any UK student.
- The Professional Officer Course (POC) is a two-year course normally taken during the junior and senior years. Along with academic classes each semester, all cadets also take leadership laboratory classes. These cover two main themes - the development of air power and the contemporary Air Force in the context of the U.S. military organization.

If there are questions, please refer to 859-257-7115.

Field Training

Field Training (FT) is offered at Maxwell Air Force Base in Alabama. FT students receive officer training and leadership development with other students from across the nation. Simultaneously, the Air Force has an opportunity to evaluate each student as a potential member of its officer corps. FT courses include cadet orientation, survival training, officer training, physical training, organizational and functional aspects of an Air Force base, career orientation, small arms familiarization, first aid, and other supplemental training.

Army Officer Commissioning ROTC - Military Science and Leadership

The Army Reserve Officers' Training program at Asbury University in partnership with the University of Kentucky is open to both men and women and follows a general military science curriculum that is normally completed in four years, but which may be completed in two years. An academic major in military science is not offered. The program's primary objective is to commission the future leadership of the line branches of the Active Army, Army National Guard, and U.S. Army Reserve. Academic Program Successful completion of 20 credit hours of military science courses, while simultaneously completing undergraduate or graduate degree requirements, qualifies a student to be commissioned as a Second Lieutenant in the U.S. Army.

Army ROTC Curriculum

Specific courses to be taken will be under the direction of the UK Army ROTC Program advisors. AMS courses offered at University of Kentucky may vary or change; affiliate AMS classes registered at Asbury will be adjusted accordingly.

AMS courses are required at University of Kentucky each term. From the University of Kentucky catalog: semester ROTC courses are AMS 101, AMS 102, AMS 201, AMS 202, AMS 301, AMS 302, AMS 401, AMS 342, an approved military history course (AMS 320), and continuous enrollment (or participation) in physical fitness training (KHP 107, KHP 108, KHP 137, KHP 138) and practical laboratories each semester (AMS 250 or AMS 350) once contracted in the ROTC program. Cadets must successfully attend an immersive four-week leadership experience in order to commission, usually in the summer between the junior and senior years in Fort Knox, KY.

The Basic Course: (100 and 200 level) are orientational and deal with the Army's role in the U.S. government. American military history, small unit organizations/operations, military geography/ map reading and some adventure training are also addressed. **No military obligation** is incurred by completion of the courses.

The Advanced Course: (300 level) focus on leadership, management, and command/staff responsibilities within military organizations. All contracted Army ROTC students receive subsistence pay during the academic year. During the summer, students are compensated while attending Camp.

Leadership Lab periods, held weekly during the academic year, and on one weekend per semester, focus on adventure-type training (e.g., orienteering, rappelling, survival training, and basic marksmanship). These activities are offered, subject to availability of equipment and facilities, to provide an opportunity to develop leadership, organizational abilities, and confidence.

Army ROTC incorporates the dimension of leadership into the academic curriculum and provides training and experience that can be valuable in any profession.

An alternative two-year program is available for students with at least two academic years remaining until graduation and who have not completed the AMS 100- and AMS 200-level courses. Students will attend and complete a four week immersive summer leadership camp held at Fort Knox, Kentucky in order to be eligible. Successful completion of the camp enables students to take AMS 300-level courses and complete the program in two years.

In certain cases, veterans or students who have completed Army basic training are also eligible to complete the program in two years. Members of the Army National Guard or U.S. Army Reserve may directly enroll in the ROTC program and participate in the Simultaneous Membership Program (SMP).

Off-Campus Programs and Study Abroad

Off-Campus Programs: Study Abroad & Stateside General Policy

Asbury students' participation in Asbury-owned off-campus programs requires completion of one application process available at <https://www.asbury.edu/academics/study-abroad/>. Asbury students' participation in External/Off-Campus programs owned by affiliate organizations requires two applications, one for Asbury University and one for the host program. Successfully completing the application process through Asbury gives the student approval to participate in an approved Off-Campus Program. Students who participate in Off-Campus Programs without university approval will not be enrolled as a student for the period of the Off-Campus Program and will jeopardize any credits earned. Students participating in affiliate programs must also be formally accepted by the host institution. Registration will take place only upon final approval by the Office of Global Programs & Initiatives, or designee, and confirmation from the host organization of acceptance into their program. Visit the AU Study Abroad website for more information.

Eligibility

Asbury Students:

1. Students participating in Off-Campus Programs are required to have completed at least two semesters of college coursework at Asbury. Transfer students must have at least one semester completed at Asbury.

2. Generally, students may only be approved for study abroad in their final semester of study prior to graduation if they receive approval from their academic advisor(s) and the Provost. (Late receipt of study abroad overseas transcripts can delay a student's graduation.)
3. Students must have a cumulative GPA of at least 2.75 (please note that some affiliate programs have higher GPA requirements). A petition process is available upon request.
4. Students must maintain good standing in all areas up to and during participation in the program. Any probation, including chapel probation, will make the student ineligible for participation.
5. Additional study abroad fees apply for students participating in approved affiliate Off-Campus Programs (\$200 for summer; \$500 for fall or spring). Additional tuition rates may also apply for affiliate programs.
6. Tuition Waiver cannot be applied to Off-Campus Program charges. The only exception is made for Asbury University Study Abroad programs (i.e. Paris or China). Tuition waiver may only be applied to one such study abroad opportunity, and it requires approval by Human Resources.
7. Students will pay all charges (except required deposits for specific affiliate programs) to Asbury University. All charges must be paid in full, or an approved payment plan must be in place, by the first day of the semester.
8. Students may not be enrolled in independent/directed studies or online courses through Asbury while participating in a non-Asbury affiliate Off-Campus Program. The Asbury University Study Abroad programs may have online course(s) accounted into the curriculum.
9. Students may not participate in the same program more than once and may not participate in more than two fall/spring semester programs.
10. Academy students are not eligible to participate in Off-Campus Programs.
11. Each student is responsible to make necessary arrangements to have Study Abroad transcripts/grade reports sent directly to the Registrar's Office for the academic credit/grades to be recorded on the student's academic record. Any applicable transcript order fees are also the responsibility of the student. If transcripts are not requested and received by 60 days after the close of the term, all grades will revert to "W" (withdrawn).
12. The courses from the Study Abroad transcript/grade report will be recorded as the student's registered semester classes and the grades will be recorded and count towards the student's Asbury GPA.
13. For further information regarding any of these programs contact the Director of Global Programs & Initiatives.

Visiting Students from Other Institutions:

1. Students visiting who apply to Asbury University for the purpose of participating in Off-Campus Programs are required to have completed at least two semesters of college coursework at their home institution and to have a cumulative GPA of at least 2.75 (please note that some programs have higher GPA requirements). Asbury University Study Abroad Programs

China Study Abroad (OFC 372, China - Asbury University Program)

Program Director: Dr. Thane Ury, Scholar in Residence for Intercultural Studies

The China Study Abroad program offers a unique opportunity for students in the CCCU family to study and experience China in several destinations over the course of a semester. This term of total immersion begins with 5 weeks in Xi'an, then a week in Northwest China, followed by 5 weeks in Beijing, and ending with a week in South China. When not in class sessions, the group engages in weekend excursions, outreach opportunities, and visiting iconic historical sites. Students live in community and earn a full semester of credit in language studies, Chinese history/culture, and topics related to cross-cultural ministry and Christianity in China. Prior Mandarin language experience is not required for the China Study Abroad program. The program will be led and taught by an Asbury faculty member, who will travel alongside the students and will also disciple them for the semester. Living, learning, and interacting amongst the locals will allow Asbury students to gain a unique perspective on this rising global superpower. More information is available at the program's website: <http://www.asbury.edu/china>.

Semester in Paris (OFC 370, Paris, France - Asbury University Program)

Program Director: Dr. Linda Stratford, Professor of Art History and History

The Paris Semester provides an international experience in a major cosmopolitan center; a full semester of liberal arts credit; an internship in one's field (such as visual art, music, media, ministry, or French language); a dormitory setting with other Asbury students (offering similar security and benefits to a dorm setting back home); and supervision by Asbury faculty. Prior French language experience is not required to spend a semester with Asbury University in Paris, though the option of French language instruction is available within the program course offerings. Courses will regularly incorporate site visits. Paris houses the largest art collections in the world, for example, so trips to the Louvre, Pompidou Center, and other important cultural centers will be a regular part of the educational experience for the Paris Semester. More information is available at the program's website: <http://www.asbury.edu/paris>.

English Language Pathway Program

The English Language Pathway undergraduate program at Asbury University is designed to teach intensive English skills for academic purposes and exists to help nonnative English speakers who have TOEFL scores of 60-79 acquire the English skills needed to take classes at Asbury University. The Asbury ELP is a two semester program.

Admittance: International students who apply to Asbury University with a TOEFL score of less than 80 but more than 59, and who otherwise meet the academic criteria for admission, may be conditionally admitted to Asbury University with the conditions being that they will be enrolled in the English Language Pathway program. The ELP Program is a five-course, two semester program with students required to take three (3) EL classes in the fall and two (2) EL classes in the spring.

Students who enter this program will adhere to the same guidelines and criteria for all students who have been admitted to Asbury University, including the Christian life expectations.

Curricular Content

The ELP program has been developed to allow students to take courses for college credit, both traditional undergraduate classes and EL courses, counted as electives toward their degree. In this program they will learn the English skills necessary to be successful at the college level. The required ELP program classes would consist of 9 hours a semester and focus on acquiring needed English skills. Traditional undergraduate classes would make up 3 to 6 hours per semester and would be non-language intense courses. These classes would be chosen with each student's English skill level in mind, allowing them to be successful in the course with minor accommodations for English learners and/or with ELP help. Prior to any ELP student enrolling in these classes the language requirements of the course will be evaluated by the Director of the ELP program.

English Language Pathway courses

EL 101 English Integrated Skills: Reading, Writing, Speaking, Listening

EL 102 American Cultures

EL 103 Christian Life and Language

EL 104 Oral Communication

- ELP students must enroll in 3 English Language (EL) content-based courses (9 hours) in the fall semester, and 2 EL courses (6 hours) in the spring semester.
- The English Language (EL) courses serve as elective credits for an AU degree.
- EL courses are taught by ESL instructors with TESOL certification.
- Enrollment in these courses is limited to students in the ELP program.
- Course content will include American life and perspectives, Christian faith traditions, language acquisition, academic life, and other topics to help the student be successful, in conjunction with helping the student acquire English reading, writing, speaking and listening skills for academic purposes.
- The second semester EL course, ENG 105 Written Communication, will satisfy ENG 100 College Writing I for the Foundations requirement and serve as prerequisite for ENG 110 College Writing II.

Regular Asbury University undergraduate courses

- The ELP student will take Traditional undergraduate non-language intense Foundations courses selected and approved by the Director of the ELP program.
- These Traditional Undergraduate courses are taught by Asbury faculty.
- When enrolled in these courses, the ELP students are integrated with traditional students.
- These courses satisfy the Foundations requirements towards the undergraduate degree.
- The ELP program will also include mandatory tutoring time and group tutoring through the Center for Academic Excellence or working in conjunction with TESOL education students.

Assessment

Assessment of the student's progress in English will be the ELP Director doing an individual student review, including class instructor's evaluation or letter of recommendation, the student's ELP portfolio, and final grades in all classes. With these the ELP Director will assess the student's readiness to go on in major classes in English.

The ELP student will be subject to regular GPA and academic satisfactory progress probation requirements.

Retest in TOEFL will be used to assess program effectiveness, but a specific score will not be required for the student to continue.

SEVIS Requirements and Compliance

The English Language Pathway program is SEVIS compliant as it does not change the length of time students are enrolled in Asbury University. The courses which count towards the degree as elective hours are considered to be conditional requirements for not meeting minimum admissions standards.

- A student who has completed less than 12 transferable semester hours of academic credit will be considered for admission as a first-time freshman. Former Asbury University students who have withdrawn from the University or in any way failed to maintain continuous enrollment must apply for re-admission. Students applying for re-admission must submit:

1. A completed Asbury University Application for Re-admission www.asbury.edu/apply
2. An official transcript of all course work from all institutions attended since the last Asbury enrollment.

To be re-admitted, an applicant must be in good standing academically, socially and financially at Asbury University. An applicant not in good standing in one or more of these categories will be referred to the Admissions Review Committee for consideration.

Readmission is not automatically granted. In the event a former student is not readmitted, the university will provide the reason(s) in writing.

NOTE: Students who withdraw or become inactive must reenroll within two years of the last term attended to continue on the same year catalog degree requirements. Students who reenroll after the two years become subject to all catalog degree requirements in place at the time of reenrollment.

ALSO, returning students may not reenroll in a degree program or major that has been discontinued. Returning students in such programs must declare a current active program or major at the time of readmission.

Admission Decisions

When a candidate has completed the application process, one of the following decisions will be made:

- Admission in Good Standing
- Provisional Admission. In some cases, students will be given provisional admission based on self-reported information or unofficial documents pending receipt of official documentation to complete their application file. Students will be required to submit all outstanding official documentation prior to the term in which they intend to enroll. If all official documentation arrives prior to the start of the term, the student will be granted admission in good standing. If all official documentation fails to arrive before the start of the term, students will not be allowed to register for that term and will be considered for admission during the next enrollment period.
- Denied Admission. Asbury University reserves the right to deny admission to any applicant when that decision is determined to be in the best interest of the student or the institution. An applicant who has been denied admission has the right to appeal that decision in writing to the Admissions Review Committee provided the applicant can present relevant additional information in support of his or her application.
- Applicants will be notified of the decision in writing.

Academic Affairs has the responsibility to monitor academic progress for all students enrolled in the University. The typical student in this program will complete one semester's worth of coursework during an academic year, therefore each student's progress will be measured on an annual basis. The following outlines this measurement for the Ministry Management program.

The Academic Progress Scale for Ministry Management is as follows:

End of Year CUM GPA Status

- | | | |
|---|--------------|----------------------|
| 1 | 2.0 or above | Good Standing |
| | Below 2.0 | Probation for year 2 |

 - d. At the end of one year of academic suspension, the student may be permitted to return to the program by approval of the Salvation Army Coordinator, Registrar, and Vice Provost. If the student is permitted to return, they will return under academic probation status for that year following the aforementioned guidelines.
 - e. A student who has been readmitted following a period of academic suspension, will remain eligible for continuation as long as his/her GPA for each semester is 2.30 or better, even though his/her cumulative standing may be below the academic progress scale.

Payment Information

- The academic year is divided into three sessions: Fall, Spring, and Summer.

Registration is held prior to the beginning of each semester and a "Term Billing Summary" will be available on the Asbury Portal. The Term Billing Summary displays the following calculation, based on pending charges and financial aid to date:

$$\text{Amount Due} = \text{Total Pending Charges and Discounts} - \text{Total Financial Aid}$$

Student Employment, including work study, is not calculated in the Estimated Net Charges, which is the amount used to estimate the Payment in Full or payment plan contract amount. Student Loans and Outside Scholarships will be included in the calculation only if they have been confirmed and approval has been submitted to and processed by the Financial Aid Office.

Note: Checks for church match and scholarships are considered as financial aid and should be mailed to the Financial Aid Office.

PAYMENT IN FULL - Payment in full of Term Billing Summary AMOUNT DUE is due on the first day of each semester. Any unpaid balance is subject to interest and late fees.

All students will be enrolled in the Payment in Full option unless they enroll in a TRANSACT Installment Payment Plan (explained below) during the financial registration period.

PAYMENT PLAN - Students will receive email notification prior to each semester enrollment period with detailed instructions for enrolling in a TRANSACT installment payment plan. The Term Billing Summary AMOUNT DUE, or any portion you choose, may be divided over 4 or 5 equal monthly payments. Payments are due to TRANSACT by the last business day of each month. TRANSACT charges a non-refundable application fee of \$35 per semester to enroll in an installment payment plan.

The payment plan incurs no interest charge but may incur a late fee from TRANSACT if payment is not received by the due date. After missing the second payment, the account will be removed from the TRANSACT payment plan, and the balance will become due immediately to Asbury University. Any unpaid balance is subject to interest and late fees.

Student Financial Responsibility

Students must sign a Statement of Financial Responsibility each semester. It is expected that when a student electronically acknowledges a financial agreement to pay all tuition and fees, the student is pledging to faithfully fulfill all financial obligations to the University. The University reserves the right to take whatever steps are necessary for those who default on payment. Diplomas and official transcripts are not released until all academic and financial obligations to the University are satisfied.

Policy on Unpaid Balances

1. Students must pay all previous balances before registering for a subsequent semester.
2. If a student's account is unpaid at graduation, the diploma/transcript is withheld until such payment is made.

3. Academic transcripts and diplomas will be released to:
 - a. non-enrolled students only when (1) the student account is paid in full and (2) University loans are being paid on schedule.
 - b. currently enrolled students when either: (1) the student account is paid in full, or (2) the student is fulfilling the terms of their particular Payment Plan and all requirements of the Financial Aid Office have been fulfilled.
4. Late charges and Student Account registration holds will not be applied to students for the portion of charges covered by VA education benefits under Chapter 31 or 33. Students will not be required to borrow additional funds to cover a balance caused by delayed disbursement funding from VA under Chapter 31 or 33.

Reduction in Charges Related to Withdrawal from the University

[For official withdrawal procedures, please see Undergraduate "Withdrawal from the University" in Academic Resources for All Students.]

1. The Registrar's Office documents the student's official date of withdrawal and the remaining academic weeks registered in the semester based on the official withdrawal procedures. *(The official date of withdrawal is determined by the student's date of notification to the Registrar's Office.)*
 - o Total 'ACADEMIC WEEKS' equals the count of weeks from the first class start date to the last class end date registered on the student's schedule for the semester.
 - o The 'COMPLETED WEEKS' equals the count of weeks from first class start date through the week of the student's official withdrawal from the university.
 - o **(ACADEMIC WEEKS - COMPLETED WEEKS) / ACADEMIC WEEKS x 100 = percentage of semester remaining.**
2. Students withdrawing from the University within the official Drop/Add period will be refunded all charges.
3. After the Drop/Add period any reductions to charges will be calculated using the criteria above for academic weeks and completed weeks.
4. Course fees, lab fees, student activity fees are not refundable after the Drop/Add period.
5. Student Accounts will use the percentage of semester remaining provided by the Registrar's Office to determine any reduction in tuition after the Drop/Add period.
6. Student Accounts will calculate any reduction to housing and meal charges on a pro-rata basis from the date at which the assigned room is vacated, the official checkout procedure is complete, and the key turned in to the resident director.
7. The student will be charged a withdrawal fee of 5% of total charges not to exceed \$100.00.
8. Financial Aid will base any reduction in aid on the date the student requested to withdraw or the midpoint of the enrollment/payment period if the student stopped attending without notification, which may differ from the official withdrawal date. Refer to "Financial Aid Refunds" in the Financial Assistance section for the policy used to return financial aid to the source.
9. Refunds cannot be made to the student until all awards are withdrawn, adjusted or applied to the account.
10. Students who withdraw or are dismissed from the University must complete an application for readmission and be readmitted before being permitted to register again.

Financial Assistance - Undergraduates

(Financial aid information is subject to change. Go to <http://www.asbury.edu/offices/financial-aid> for latest information.)

At Asbury University we want to partner with you in funding your education. It is most advantageous to think of funding your education as a partnership between **You** (the student and family), **the Government** (federal and state), **the Institution** (Asbury University) and **Outside Sources** (civic organizations, businesses, etc.).

Institutional and governmental financial aid is available to students who are pursuing a degree on a full-time basis (12 or more credits per semester). Part time governmental aid is available for students taking less than twelve hours each semester.

To receive need-based aid at Asbury University, students must complete the Free Application for Federal Student Aid (FAFSA) each year at www.studentaid.gov. It is available after October 1 of the year prior to enrolling and should be submitted before February 1 for optimum consideration.

Offers of financial aid will only be sent to students who have received official acceptance from the Admissions Office and have completed all necessary paperwork. It is the responsibility of the student to ensure that all the appropriate paperwork is turned in to the Financial Aid Office for processing. Students entering and applying for financial aid for the Fall semester (including those selected for verification) must have all paperwork completed and in the Financial Aid Office by September 1 of that term. For students entering in the Spring, the deadline is February 1 of that term.

The Financial Aid Partnership described in paragraph one is best defined by the following:

You (The Student and Family)

Expected Family Contribution (EFC) is determined by a need analysis as part of the Free Application for Federal Student Aid. You must submit financial and personal information from the most recently completed tax year when completing the FAFSA after October 1 of the year prior to the student enrolling. The EFC is deducted from Asbury's cost of attendance to determine student need. The Financial Aid Partnership functions most efficiently when families commit to paying their share of university costs as suggested by the expected family contribution. For those who are unable to pay, Direct PLUS and Alternative Loans are available.

The Government (Federal and State)

Federal Grants

Federal Pell Grant: The Pell Grant provides money to help high need undergraduate students pay for their education after high school. For many students, this grant provides a foundation of financial aid to which aid from other federal and non-federal sources may be added. Unlike loans, grants do not have to be paid back. The maximum award for the Pell Grant in 2022-2023 is \$6,495. The student must apply for this grant each year by completing the FAFSA and may not receive the grant until enrolled in an eligible program. The grant will be split with one-half being placed on the student's account at the beginning of each semester. The above regulations and provisions of the Pell Grant are subject to change by federal legislative action.

Federal Supplemental Educational Opportunity Grant (FSEOG): This grant is available to enrolled undergraduate students. The selection of applicants for this program is based upon financial need. Applicants with exceptional need and who receive Pell Grants will be given preference. Although federal guidelines state that grants of up to \$4000 per year may be awarded, most grants range from \$500 to \$1000 per year because of limited funds at Asbury University. The above regulations and provisions of the Supplemental Educational Opportunity Grant are subject to change by federal legislative action.

Federal TEACH Grant: The U.S. Department of Education's TEACH Grant Program provides grant funds to postsecondary students who are completing or plan to complete coursework that is needed to begin a career in teaching, and who agree to serve for at least four years as a full-time, highly qualified teacher in a high-need field, in a school serving low-income students. Eligible full-time students may receive up to \$4,000 per year in TEACH Grant funds, up to a maximum of \$16,000 for undergraduate and post-baccalaureate study, and \$8,000 for graduate study.

If you receive a TEACH Grant, but do not complete the required four years of teaching service within eight years of completing the coursework for which you received the grant, or if you otherwise do not meet the requirements of the TEACH Grant Program, all TEACH Grant funds that you received will be converted to a Federal Direct Unsubsidized loan that you must repay in full, with interest, to the U.S. Department of Education. Once a TEACH Grant is converted to a loan, it cannot be converted back to a grant. For detailed information on this grant, please visit the federal government website: <https://studentloans.gov/myDirectLoan/index.action>

Federal Loans and Work Study

Federal Direct Loan: The Direct Loan program enables a student to borrow directly from the U.S. Department of Education. The maximum a student may borrow per year is: Freshmen \$5,500, Sophomores \$6,500, Juniors and Seniors \$7,500. There are two types of Direct Loans: Subsidized and Unsubsidized. Graduate students may be able to borrow up to \$20,500 per year based on need; only Direct Unsubsidized loans are available to Graduate students. The above regulations and provisions of the Direct Loan are subject to change by federal legislative action. The interest rates on Subsidized and Unsubsidized loans may vary from year to year, but cap at 8.25%.

Federal Direct PLUS Loan: The PLUS is available to credit-worthy parents of dependent children attending college. The maximum amount is equal to the Cost of Attendance less any other financial aid for which the student has qualified. Students must complete a FAFSA, and parents must qualify with the U.S. Department of Education. If parents are denied the PLUS loan, the student is eligible for additional Direct Unsubsidized loan funds. The regulations and provisions of the PLUS loan are subject to change by federal legislative action.

The Direct PLUS Loan is also available to graduate students, if they are credit-worthy applicants. A graduate student may apply to borrow up to the total Cost of Attendance less any other financial aid for which the student has qualified. The student may borrow to help pay for educational expenses as long as he/she is enrolled at least half-time in a degree program while meeting all basic eligibility requirements.

Federal College Work Study Program: Students are eligible for part-time employment under the Federal College Work Study program if they meet the requirements to receive federal aid. The selection of students will be made as follows: All students with financial need will be considered, but if funds are not sufficient to cover all requests, students demonstrating the greatest financial need will be given priority.

Kentucky Grant and Scholarship Programs

Kentucky Tuition Grant (KTG): The Kentucky Tuition Grant is available to Kentucky residents who demonstrate need upon filing the FAFSA and enroll full-time at an eligible private Kentucky college or university.*

College Access Program Grant (CAP): The CAP Grant is available to Kentucky residents enrolled at least half-time at a Kentucky college or university who have Pell Grant eligibility demonstrated by the FAFSA.*

*Students are encouraged to file the FAFSA as soon as possible after October 1 of the year before they are planning to attend, as funds are available on a first-come, first-served basis.

Kentucky Educational Excellence Scholarship (KEES): Students who attend and graduate from certified Kentucky high schools can earn a scholarship based on their grade point average (GPA) for each year of high school and a bonus award based on their highest ACT/equivalent SAT score achieved before graduating from high school. Students must have an annual 2.5 or higher high school GPA for the base amount of the scholarship and a 15 or above ACT or equivalent SAT score for the bonus award. The scholarship is renewable for each year of college. Students who do not meet the minimum GPA requirements and/or are not on track to graduate at the end of an academic year will forfeit all or a portion of the scholarship for the next year. Students may regain eligibility by reestablishing the minimum GPA.

For more details and to apply for education benefits, visit www.gibill.va.gov or call 1.888.442.4551 (request to speak with an educational benefits counselor).

To use VA benefits at Asbury University students must submit a written request to use their VA education benefits, and their Certificate of Eligibility (COE) for educational benefits. These items are due no later than the first day of classes. Depending on the type of benefits being used the student may be required to provide additional information necessary to the proper certification of enrollment.

R.O.T.C. Scholarships: In order to support provision for the common defense of the United States of America, Asbury University has established room and board waivers for Reserve Officer Training Corps (ROTC) scholarship recipients. If a full-time student is an ROTC full scholarship recipient from any branch of the United States armed forces, he/she will receive a

100% waiver of standard room and board charges at Asbury University. If a full-time student receives a partial or percentage-of-tuition ROTC scholarship from any branch of the United States armed forces, he/she will receive an equal and corresponding percentage waiver of standard room and board charges at Asbury University. For example, a full-time student receiving a 50% of tuition Army ROTC scholarship will receive a 50% waiver of standard room and board charges at Asbury University. This policy is subject to review and change at any time by the Asbury University administration.

United Methodist Student Loan: Any United Methodist student who is registered as an at least half-time degree candidate at Asbury University may apply for a loan. Borrower must be an active, full member of a United Methodist Church for at least one year prior to application. Borrower must be at least 18 years of age to complete the application process. Borrower must be enrolled in an accredited school at least half-time. Borrower must have a cosigner for this loan. The cosigner will be contacted and required to complete a portion to the application. Borrower must comply with all requirements to include: all loan funds must be certified by your institution before funds are released to the school. For service credit, a student must contact the National Office of United Methodist Student Loans.

Applications are available online at www.gbhem.org. Funds are available on a first-come, first-served basis.

Alternative Loans: Alternative loans are available for students to reduce any balance between the cost of education and financial aid. These loans are received through a lending institution, with several types being available. Financial Aid personnel will work with a student to determine the best type of loan option and will provide application information. Alternative loans will be counted as pending aid against the student's account for a period not to exceed 60 days after the loan has been originated. After that time such loans will automatically be removed from the student's pending aid. The alternative loan, however, may still be processed and applied to the student's account following the resolution of any issues.

Application for Financial Aid

PROCEDURE: In order to be considered for financial aid, you must file the FAFSA each year (www.studentaid.gov). For optimum consideration:

- Complete and submit a Free Application for Federal Student Aid (FAFSA) at www.studentaid.gov by October 1.
- Kentucky residents should file **as soon as possible** as state funds are limited and are available on a first-come, first-served basis.

General Policies & Notes

1. Requests for financial aid award eligibility must be made during the academic year for which the aid is intended. Students pursuing a second bachelor's degree will receive federal or alternative loans based on remaining eligibility, and institutional aid. Unless otherwise noted the following rules apply to all institutional financial aid:
2. Students who enroll for fewer than 12 hours are not eligible to receive a scholarship, except in the case of last-semester-seniors who may receive scholarship and gift aid, but only in the appropriate percentage of the tuition charged.
3. Students are expected to complete their programs in four years (eight semesters). This means that students should carry an average of 16 hours per semester.
4. Students who enroll in an officially approved special/external program (Off-Campus Programs and Study Abroad) may receive University financial aid for the program. However, University financial aid will not be given to repeat the same special program.
5. Students in 3/2 programs where student will be completing senior year at another institution by articulation agreement [Engineering Mathematics at University of Kentucky (UK), Biology - Pre-Pharmacy major at UK, and Biology - Pre-Nursing major at UK or other approved School of Nursing] will have aid processed by the other institution when attending that institution following Asbury enrollment.
6. Student course load for Financial Aid purposes: Undergraduate students will be considered full-time, three-quarter-time, half-time, or less-than-half-time for any enrolled semester according to the following schedule of minimum semester hours:

Full-time Three-quarter time Half-time Less than half-time

Undergraduate Load	12	9-11	6-8	less than 6
--------------------	----	------	-----	-------------

8. In order to receive Asbury University institutional aid for the 2022-2023 school year, students enrolling in the Fall must have their files completed by September 1, 2022, and students enrolling in the Spring must have their files completed by February 1, 2023. A completed file includes: final FAFSA information, completed verification if selected, and completion of all information deemed necessary by the Financial Aid Office. Students who complete their files after the deadline will be ineligible for aid until such time as their file is complete. Aid awarded after the deadline will be based on availability of funds.

REPAYMENT POLICY: A portion or the entire amount of the cash disbursement may have to be repaid to the awarding program(s) when a student has received a cash disbursement in the form of a check (or cash) from Title IV, Kentucky Higher Education Assistance Authority, or any other state or non-Title IV programs. Full repayments of the cash disbursement amounts will be required if:

1. The student was not eligible to receive the funds when they were disbursed.
2. The student officially or unofficially withdraws from or is expelled by the University before the first day of classes for a payment period.
3. The student unofficially withdraws from the University and the institution is unable to document the student's last day of attendance. In this situation, the midpoint of the semester will be used to assess return of aid.

Financial Aid Refunds

A financial aid refund is different from a refund of tuition charges. For a discussion of a refund of tuition charges please refer to the "Expenses: Refunds" section that precedes the Financial Aid section. A financial aid refund is defined as unearned financial aid paid back to its source upon a student's withdrawal from the University. Official withdrawal means that the student has notified the proper offices before leaving school. Unofficial withdrawal occurs when a student simply leaves school without notifying the proper offices. In this scenario the financial aid refund is calculated based on the midpoint of the enrollment period.

RETURN OF TITLE IV (FEDERAL) FINANCIAL AID: When a student withdraws during a term, the amount of federal financial aid earned by the student is determined on a pro-rata basis up to the end of 60 percent of the term (as determined by federal calculations). For example, if the student has completed 30 percent of the term, he/she has earned 30 percent of the federal aid originally scheduled to be received. Once a student has completed more than 60 percent of the term, he/she has earned all of his/her federal financial aid. (Federal Work-Study funds are excluded from the return of Title IV funds requirements.)

If a student has received excess funds, the University must return a portion of the excess equal to the lesser of: The student's institutional charges multiplied by the unearned percentage of funds or the entire amount of excess funds.

If the aid to be returned is in the form of a loan that has been released to the student (or parent) borrower, the student (or parent) can repay the loan in accordance with the terms of the promissory note over a period of time. If the aid to be returned is in the form of grant funds, the law provides that the student must repay 50 percent of the grant rather than 100 percent.

ORDER OF FEDERAL FUNDS TO BE RETURNED: The funds must be credited to outstanding loan balances or to any amount awarded for the term in which a return of funds is required in the following order:

Direct Unsubsidized Loans
Direct Subsidized Loans
Direct PLUS Loans received on behalf of the student
Federal Pell Grants
Federal SEOG Grants
Other Title IV Assistance

Institutional financial aid will be refunded according to the schedule below.

The institution has 30 days from the student's last date of attendance to complete a Return of Title IV calculation. The institution has 45 days from the student's last date of attendance to make any required refund of federal aid.

REFUND OF INSTITUTIONAL FINANCIAL AID:

1. Calculation of financial aid refunds is made after notification of the student's official withdrawal from the University is made to the Financial Aid Office by the Office of the Registrar.
2. The date used in determining amount of aid earned will be the last date of attendance in an academically-related activity, or the midpoint of the period of enrollment if no notification is given.
3. The following calculations are used for refunds:
 1. For calculating refunds, the 'ACADEMIC WEEKS' for a semester are calculated based on the official start and end dates of the student's registered courses.
 2. Percentage of reduction in financial aid is based on percentage of semester attended before withdrawal or the midpoint of the period of enrollment if no withdrawal notification was given.

Reduction in amount of aid available to student based on:

Percentage of semester attended = 100% - (withdrawal date/total academic weeks)

NOTE: percentage of reduction in tuition charges to student is based on percentage of semester enrolled through the date of withdrawal notification. Please refer to "Refunds" in the Student Accounts section, for the policy on tuition refunds.

REFUND OF PRIVATE SCHOLARSHIPS AND GRANTS: Unless otherwise requested by the donor, the refund of private assistance follows the pro-rata policy for the cancellation of institutional charges and financial aid.

REFUND OF KENTUCKY STATE AID: Kentucky Tuition Grant (KTG), College Access Program (CAP) grant, Kentucky Educational Excellence Scholarship (KEES), and the KHEAA Teach Scholarship follow the pro-rata policy for the cancellation of institutional charges and financial aid.

Satisfactory Progress for Undergraduate Students for Financial Aid

The Higher Education Amendments of 1986 mandate that all students receiving federal student aid funds be required to make measurable academic progress toward a degree.

The awarding of financial aid is based upon Satisfactory Academic Progress (SAP). SAP is comprised of both Quantitative and Qualitative components; a successful passing rate of all academic hours attempted and adequate cumulative grade point average. Full SAP policy can be found on Asbury's website: www.asbury.edu/admissions-aid/financial-aid/academic-progress/.

Quantitative: The Financial Aid Office monitors the semester hours of students receiving aid to ensure that students are **passing at least 67% of all hours attempted (registered hours, including withdrawn hours)**. Please see the chart below:

Academic Status	Required Minimum Semester Load	Must Earn at Least 67%
Full-time	12	8 hours
¾ time	9-11	6 - 7 hours
½ time	6-8	4 - 5 hours

The quantitative element is cumulative as evidenced by the following example:

Fall Semester	Spring Semester	Total Attempted (cumulative)	Must Earn at Least 67%
1 st year - 12 hours	15	27 hours	27 x 67% = 18 hours
2 nd year - 15 hours	16	58 hours	58 x 67% = 38 hours
3 rd year - 17 hours	15	90 hours	90 x 67% = 60 hours

- A student considering dropping below 12 semester hours should contact the Financial Aid Office to discuss how such a change will affect financial aid.
- A student who drops below 12 semester hours per semester or fails a course is **REQUIRED** to contact the Financial Aid Office.
- The Registrar will regularly inform the Financial Aid Office concerning the enrollment status and academic progress of all students.

Courses with a grade of I, IP, F/FN, or W count as hours attempted, but not as hours earned. If a student subsequently receives a passing grade in place of one of these grades after academic progress has been evaluated, it is the student's responsibility to notify the Financial Aid Office. Please see the example below:

Hours Attempted Semester	Grades Received Semester	Credit Hours Successfully Completed
Fall - 15	A	3
(1 st year)	C	3
	B	3
	IP	0
	W	0
		9 Credit Hours Completed divided by 15 Hours Attempted = 60%
Spring - 17	B	3
(1 st year)	D	3
	A	3
	A	2
	C	3
	C	3
		26 Credit Hours Completed (cumulative) divided by 32 Hours Attempted (cumulative) = 81%

In this example, in the first payment period (fall semester), the student would receive a Financial Aid Warning for completing less than the required minimum of 67% but would still be eligible to receive aid in the spring semester. At the end of the second payment period (spring semester), as the student has completed more than 67% of his cumulative hours attempted, he has achieved SAP. If the student were still under 67% at the close of spring, he would be placed on Financial Aid Suspension and be considered ineligible for aid for the next payment period.

- Transfer credits count both as hours attempted and hours earned.
- All repeated courses count as hours attempted, but only one of the courses counts toward completed credits. The highest grade attained will be used in the GPA calculation.
- Undergraduates may receive aid for a maximum of 150% of the published length of the educational program. Students enrolled full-time in a four-year program will be eligible to receive aid for a maximum of 12 semesters. Students who are not on track to earn their degree within the maximum time-frame will be denied aid.

[NOTE: Financial Aid requirements may vary from Academic requirements. Students may be cleared academically to register and continue enrollment, but not be eligible for financial aid.]

Qualitative: The Registrar's Office monitors adequate cumulative grade point average (GPA) according to the following academic progress scale. Students who do not satisfy the academic progress scale outlined below are placed on academic probation for a semester.

ACADEMIC PROGRESS SCALE	
Semester hours Attempted	Cumulative Grade Point Average
1 - 24	1.70
25 - 37	1.80
38 - 59	1.90
60 or more	2.00

Students who fail to satisfy the academic progress scale after a semester of academic probation may be allowed to continue for an additional semester of academic probation if it is determined that they are making suitable academic progress, or they may be placed on academic suspension and not allowed to enroll for one semester (not including summer).

Students placed on academic suspension shall forfeit all financial aid until such time as they are again meeting the minimum standards.

Students placed on academic suspension who are re-admitted will have the status of "suspended with permission to enroll."

They may register and continue without financial aid. At such time as these students reach the minimum academic standards, they will again be eligible for financial aid.

Reinstatement of aid is also dependent on availability of funds.

Evaluation of Satisfactory Academic Progress will be at the end of each payment period, including summer. If a student has not achieved SAP at the end of the first payment period, he/she will be given a Financial Aid SAP warning but will be eligible to receive financial aid for the next payment period.

If a student fails to achieve SAP in the payment period following the one for which he/she received a Financial Aid SAP warning, the student will be placed on Financial Aid SAP suspension and will not be eligible for financial aid.

Any student placed on academic suspension by Asbury University will automatically be on Financial Aid SAP suspension.

Students may have their financial aid reinstated without an appeal in the payment period following their successful attainment of the 67% cumulative course completion percentage and/or their successful attainment of the necessary GPA requirements.

Appeals for Financial Aid SAP suspension: Asbury University recognizes that students on Financial Aid SAP suspension may have extenuating circumstances. Appeals are welcome, and every effort will be made to give careful consideration to each appeal. If an appeal is granted, the student will be placed on Financial Aid SAP probation. This will be for one additional payment period only (unless an acceptable Action Plan has been created by the student's faculty advisor), during which time the student must attain SAP. Appeals should be in writing, designated "SAP Appeal," and sent to the Financial Aid Office at Asbury University. Each appeal must include a minimum of:

- An explanation as to why the student did not meet Satisfactory Academic Progress.
- A plan of action that will allow the student to meet Satisfactory Academic Progress at the next evaluation.

Time Frame for Financial Aid - Undergraduate Programs

The maximum time frame a student can receive financial aid is equal to 150% of the normal expected time it takes to complete the academic program. The normal expected timeframe to complete Undergraduate degree programs at Asbury University is four years; therefore, a student may receive financial aid for a maximum of six years or 12 semesters at a full-time rate.

Appeals Procedure for Financial Aid Decisions

There are occasions when a student may be denied financial aid. The reasons for denial may include one or more of the following:

- Annual income and assets of parents are sufficient to meet educational costs.
- Annual income and assets of student and/or spouse are sufficient to meet educational costs.
- Student is not making satisfactory academic progress toward a degree.
- Student owes a refund or repayment on previous aid and/or is in default on student loan payments.
- Student is taking less than a half-time load.
- Student is not a citizen or permanent resident of the United States (required for federal programs).
- Other resources listed by the student should be adequate to meet educational costs.
- Student has failed to provide sufficient information in order for an award to be made or has failed to provide requested documentation on reported information.
- Student is enrolled in a semester beyond his/her tenth semester.

There are also times when a family's financial resources may change after the original application is submitted and a review of aid awarded is in order.

A student who loses financial aid based upon the academic progress policy or concerning any of the items mentioned above may appeal the loss of funds to the Financial Aid Appeals Committee. The Financial Aid Appeals Committee will consist of the Director of Financial Aid, the Associate Director of Financial Aid, the Assistant Vice President for Business Affairs, and the Vice Provost. Information regarding the appeal process may be obtained in the Financial Aid Office.

Any appeal for reconsideration must be made to the Financial Aid Committee in writing. An interview may also be needed to clarify new information, or the presentation of documentation may be required for verification of data. In all cases, a student will receive a written response to his/her appeal from the Financial Aid Committee.

Scholarships, Awards, Grants: The scholarship program at Asbury University has been established to recognize outstanding academic achievement, leadership ability, excellence of performance and/or financial need. Recipients are selected on the basis of academic performance as shown by grade point average, test scores, and other criteria. Scholarships are awarded on an annual basis and are awarded only to those students pursuing their first bachelor's degree on a full-time basis (minimum 12 hours per semester). Awards shall cover the traditional terms, fall and spring, only. Complete procedures for applying for scholarships may be obtained from the Financial Aid Office or the Admissions Office. Transfer students are entitled to receive a scholarship for the normal timeframe expected to complete the degree requirements, not to exceed four years or eight semesters. In order to receive scholarships, students must be enrolled at and complete their financial aid through Asbury University. Students enrolled in the 3-2 Engineering program with the University of Kentucky are not eligible to receive Asbury University scholarships once they have enrolled at and are handling financial aid through the University of Kentucky.

John Wesley Hughes Scholarship: Scholarships equal to 100% of tuition will be awarded on a competitive basis to students who demonstrate the highest outstanding scholastic achievement. Eligible applicants will receive an invitation to the competition weekend held each year in early spring. To be invited to the competition weekend, applicants must meet the criteria for a 4.0+ GPA Scholarship, National Merit Semifinalist Scholarship, or a Governor's Scholarship. Evaluation will include academic records, test scores, rank in class, extra-curricular activities, leadership ability, quality of high school program, letters of recommendation, an essay and an interview. Students are entitled to receive the scholarship for up to four years or eight semesters as long as a 3.6 cumulative GPA is maintained. Students who do not maintain the required 3.6 cumulative GPA at the end of any academic year will qualify for the scholarship awarded at time of admission. This scholarship may be reinstated by re-attaining the necessary CGPA. It is the responsibility of the student to notify the Financial Aid Office once the minimum cumulative GPA is re-attained.

National Merit Semifinalist/Frances Asbury Honors Scholarship: A scholarship equal to 75% of tuition will be awarded to National Merit semifinalists who graduated from high school the previous spring and are entering their freshman year during the fall semester. Students are entitled to receive the scholarship for up to four years or eight semesters as long as a 3.5 cumulative GPA is maintained. A student who does not maintain a 3.5 cumulative GPA at the end of an academic year will qualify for the scholarship awarded at time of admission. This scholarship may be reinstated by re-attaining the necessary CGPA. It is the responsibility of the student to notify the Financial Aid Office once the minimum cumulative GPA is re-attained.

H C Morrison Scholarship: Scholarships equal to 75% of tuition will be awarded on a competitive basis to new students who demonstrate the most outstanding scholastic achievement. Eligible applicants will receive an invitation to the competition weekend held each year in early spring. To be invited to the competition weekend, applicants must meet the criteria for a 4.0+ GPA Scholarship, National Merit Semifinalist Scholarship, or a Governor's Scholarship. Evaluation will include academic records, test scores, rank in class, extra-curricular activities, leadership ability, quality of high school program, letters of recommendation, an essay and an interview. Students are entitled to receive the scholarship for up to four years or eight semesters as long as a 3.5 cumulative GPA is maintained. Students who do not maintain the required 3.5 cumulative GPA at the end of any academic year will qualify for the scholarship awarded at time of admission. This scholarship may be reinstated by re-attaining the necessary CGPA. It is the responsibility of the student to notify the Financial Aid Office once the minimum cumulative GPA is re-attained.

Governor's Scholarship: Scholarships equal to top guaranteed academic scholarship (regardless of GPA). This is awarded to students who graduated from Kentucky high schools and who attended the Governor's Scholars program, the Governor's School for the Arts program, or the Governor's School for Entrepreneurs Program. This Scholarship will not, however, affect additional need-based Asbury aid or aid received from the Kentucky Educational Excellence Scholarship (KEES) program or other external sources. This award is renewed for up to four years or eight semesters provided the recipient maintains satisfactory academic progress at Asbury University.

Recipients of the Kentucky Governor's Scholarship will be invited to campus in early spring to compete for the Hughes and Morrison Scholarships.

Music Performance Scholarship: Music Performance Scholarships are available to prospective students with demonstrated abilities and interest in music. Eligible students include those intending to major or minor in music, and students only desiring to actively participate in music ensembles.

- Applicants must complete the Asbury University admissions application process, be admitted in good standing, perform an audition, submit a "Music Performance Scholarship" application, submit a Letter of Recommendation from a music professional who knows the applicant's work, and have a minimum 2.25 (4.0 scale) high school or college GPA. Music Performance Scholarships will be awarded soon after the application process is complete, and Asbury University receives the candidate's completed FAFSA.
- The initial scholarship is offered by contract and is maintained annually by active participation in an assigned ensemble and by meeting the minimum cumulative GPA required for graduation.
- Keyboard and guitar students must also take private lessons on their auditioned instrument. Students must continue to participate into their eighth semester, unless student teaching. Students awarded large scholarships based on successful auditions in several areas may be assigned participation in several ensembles. Scholarship recipients in composition begin lessons in the sophomore year.
- The specific ensemble requirements for each semester are as follows: Orchestral strings and harp enroll in the Orchestra, wind and percussion instruments enroll in Concert Band, vocalists enroll in the Asbury Chorale, handbell ringers enroll in Handbell Choir, and, in addition to private lessons, guitar and keyboard students are assigned an ensemble by their Area Coordinator.
- For more information, or to request an application, contact the Music Department Office by calling 1-859-858-3511, campus ext. 2250, or by emailing the Music Department Chair at mark.schell@asbury.edu.

Rogers Scholars Award: Scholarships equal to top guaranteed academic scholarship (regardless of GPA) will be awarded to students who successfully completed the Rogers Scholars program, have a high school GPA of 3.0 or better, and an ACT of 24 or above. This award is renewable for up to four years or eight semesters provided the recipient maintains satisfactory academic progress at Asbury University. Incoming students who demonstrate eligibility for a higher percentage scholarship based on GPA and/or ACT score will be awarded the higher of the two scholarships.

Howard and Beverly Dayton School of Business Scholarship: This scholarship for new students is designed to support Christian men and women interested in advancing the cause of Christ in the fields of Business Administration, Marketing, Sport Management, and Accounting. A \$10,000 Howard and Beverly Dayton School of Business Scholarship will be awarded each year and can be renewed annually. This scholarship is competitive and non-need based. Students must be accepted by the University, declare a major within the Dayton School of Business, and have achieved a minimum composite test score of ACT 24 or SAT 1110, and a cumulative high school GPA of 3.0 or higher. Candidates with higher academic qualifications and evidence of involvement in business or leadership-related areas will be given priority. A cumulative GPA of 3.4 is required to retain this scholarship. For consideration, please complete the scholarship application online in the Business School.

JPL Indian Springs Scholarship: One scholarship of \$5,000 per year (\$20,000 total over four years) is available for a new, incoming student in the traditional, residential undergraduate program who is actively involved in the Indian Springs Camp Meeting. Students from Indian Springs must complete the form found on the website regarding his/her participation in the annual event and must be accepted by February 1. The scholarship will be awarded March 1. The student/s must be accepted in good standing to be considered for this award. This scholarship is added on top of all other financial aid, with the exception of the H.C. Morrison Scholarship (not to exceed 100% of tuition). The FAFSA must be filed by March 1.

The Salvation Army Scholarship: Scholarships of \$2,500 per year (\$10,000 total over four years) are available for new, incoming students in the traditional, residential undergraduate program who are actively involved in The Salvation Army. Students from The Salvation Army must submit a letter of recommendation from a Corps Officer regarding his/her participation in the Army. The scholarship will be awarded March 1. The student/s must be accepted in good standing to be considered for this award. This scholarship is added on top of all other financial aid.

Jose Velazquez Scholarship and Multicultural Scholarship: The purpose of these scholarships is to identify and develop U.S. ethnic students to create a more diverse and rich learning environment in the traditional undergraduate liberal and applied arts programs at Asbury University.

Christian Ministry Scholarship: A Christian Ministry Scholarship of \$1000/year has been established for traditional undergraduate students who have at least one parent working in a paid, full-time Christian Ministry.

Alumni Recognition Scholarship: An Alumni Recognition Scholarship of \$1500/year has been established for traditional undergraduate students who have at least one parent who is an alumnus of Asbury University.

Out of State Scholarship: An Out of State Scholarship of \$2000/year has been established for traditional undergraduate students who reside anywhere in the world, but outside the Commonwealth of Kentucky.

International Student Scholarship: Each year the Scholarship Committee will select new international applicants to receive partial scholarships. Selection will be based upon academic standing and a statement of fiscal responsibility. The awarding of these scholarships to new recipients will be made in early spring each year. This scholarship is available only to persons who are not citizens or permanent residents of the United States or Canada.

- The purpose of this scholarship is to serve the international community through the education of young leaders, to provide qualified international students the opportunity of an education at Asbury University and to maintain an awareness of international concerns through the presence of students from other countries on campus.
- These scholarships may be renewed for a total of four years or eight semesters (excluding any summer terms) as long as the student maintains satisfactory academic progress. Failure to maintain acceptable academic progress will result in notification of scholarship non-renewal.

Asbury University Alumni Honors Award: Awards consisting of 5% of tuition will be given annually to entering freshmen who are the direct descendants of an Asbury University alumnus. These are one-time awards and are not renewable. The scholarships will be awarded to students who have outstanding high school records. A letter of application must be received by March 4 by the Alumni Relations Office, which selects the recipients. For detailed information, please contact the Alumni Relations Office.

Church Match Grant: The Church Match program was established to encourage churches to support students with scholarship aid. Asbury University will match scholarships awarded by churches up to \$1000 per academic year. The Church Match Grant is not dependent on need and students do not need to fill out a FAFSA to qualify. Gifts will be accepted from churches and mission agencies only and the annual gifts must be received at the University by the first day of classes of an award year. Students enrolling for the spring semester (who were not enrolled in the fall) need to have funds in by the first day of classes of the spring semester. The Church Match Grant will not be awarded for the Summer Term. Applications are required and are available online at <https://www.asbury.edu/offices/financial-aid/forms>.

Multiple Family Waiver: When more than one dependent sibling from a family is enrolled full-time at Asbury University as a traditional undergraduate student, a tuition waiver will be granted for each student (4% of tuition per student for two students and 5% of tuition per student for three or more students). This waiver also applies to husband and wife who are both enrolled full-time in the traditional undergraduate program at Asbury University.

Institutional Employment: Eligible students who have filed their employment application with the Human Resources Office may obtain on-campus employment in such areas as offices, laboratories, dormitories, the library, the cafeteria, the physical plant, or the tutoring services. Students may work up to twenty hours per week at the approved minimum wage level. Applications are required and are available in the Campus Employment Office.

Senior Citizen Waiver: Students enrolled in the traditional undergraduate program who are at least 62 years of age and who are U.S. citizens may receive a waiver of tuition for a maximum of 4.0 credit hours per academic semester (including summer). Student Status and Responsibility

Asbury Community Life

Information regarding Community Expectations for students enrolled in the Graduate Program can be found on the website: www.asbury.edu/academics/degrees/online/community-life and in the specific program Student Handbook.

Asbury Email Account is the official means of communicating with academic office representatives and faculty unless meeting in person on campus.

Class Attendance

In order to assure maximum benefit from class instruction, it is important for students to attend class and complete readings and assignments. Instructors will explain to students at the beginning of each course their attendance expectations and grading policies with respect to absences from class sessions. Students are responsible for class attendance including punctuality, participation, collegiality, notifying instructors of absences in a timely manner, etc.

See expectations of Academic Integrity under Academic Information for all Students.

Full-Time Academic Status and Academic Load

- The normal academic load per semester varies by specific graduate program.
- 9 or more hours per semester is considered full-time for all graduate programs.
- Below 9 hours per semester is considered part-time for all graduate programs.

Financial Aid Enrollment Status and Academic Load

- For Financial Aid purposes, graduate full-time is 6 or more hours.
- For Financial Aid purposes, graduate half-time is 3-5 hours.
- For Financial Aid purposes, under 3 hours is considered graduate less-than-half-time.

Class Registration Procedures for Graduate Students

It is the student's responsibility to verify the accuracy of their class schedule on the Student Portal (portal.asbury.edu) prior to the Drop/Add deadline for the term and to make any necessary schedule adjustments prior to this deadline.

- All attendees of a course (student or auditor) are to be officially registered and on the class roster.
- Students will be expected to attend the classes on their schedule as of the close of Drop/Add (and only those classes) and will be billed and graded accordingly.
- Students will NOT receive a grade or credit for courses in which they are not properly registered.
- Courses may not be registered or added to the schedule after the close of Drop/Add.

NOTE: Asbury University reserves the right to change course offerings, and to cancel any course not selected by a sufficient number of students at the time offered.

Registration Changes During the Official Drop/Add Period

1. The official Drop/Add periods and the dates of the Last Day to Drop or Add a class are listed in the Academic Calendars found at the front of the Academic Catalog.
2. Classes starting on a date after the Official Drop/Add period closes may only be withdrawn or exchanged.
3. Classes must be registered before the end of the official Drop/Add period published for the program.
4. A student can unregister a class during the official Drop/Add period via online registration on the student portal. The course will be removed from their schedule and they will not be charged for that particular class.

5. If the student wishes to completely withdraw from all classes at the institution any time after the first day of classes, please see Withdrawal from the University to completely withdraw.
6. No class can be unregistered after the Drop/Add deadline. After the Official Drop/Add period has ended, the class can be withdrawn with a grade of 'W' up to the deadline for class withdrawal. Withdrawing from a class must be officially completed through the Registrar's Office. See 'Withdrawal From A Class after the Drop/Add period' for official process.
7. Students in a graduate program which has classes scheduled to start after the drop/add period ends may be allowed to exchange later classes (for the same credit amount), or add a later class, **BEFORE THE CLASS START DATE**, at the discretion of the Registrar.
8. Students in the graduate program who wish to drop/withdraw from a modular course that meets early in the term but retain a modular course that meets later in the term, even if done during the drop/add period, must contact Financial Aid to ensure continuation of aid.

NOTE: Changing enrollment status from full-time to half-time, or less, when unregistering or dropping a course may impact financial aid eligibility. It is the student's responsibility to contact Financial Aid to see if any change in registration will affect aid.

Withdrawing from a Class After the Drop/Add Period

The Drop/Add period and Last Date to withdraw from a class are listed in the Academic Calendars.

For classes with start and end dates that are not the full semester or are not in one of the regular class module periods, the last date to withdraw without a grade of "F" is before the two-thirds point of the class.

1. A student must contact the Registrar's Office to withdraw from any class.
 - a. Email registrar@asbury.edu
 - b. The instructor cannot withdraw the student. Notifying the instructor or advisor does not constitute an official withdrawal from a class.
 - c. A student who stops attending a class without giving official withdrawal notice to the Registrar's Office will remain registered and receive a grade of 'F' at the end of the course.
 - d. The official date of withdrawing the class is determined by the student's date of notification to the Registrar's Office.
 - e. To withdraw from all registered classes, see withdrawing from the university.
2. Students must withdraw before the Last Date to Withdraw without a grade of 'F' set for their program and class session. The official **Last Date to Withdraw from the class sessions** for each program is listed in the Academic Calendars (Traditional Undergrad, APS, or Graduate). For classes with start and end dates that do not follow the official class sessions or modules listed in the calendar, the last date to withdraw without a grade of F is before the two-thirds point of the class. After the last date to withdraw or after two-thirds of the class sessions have passed, the student must receive the earned grade for the class.
3. Once a course ends or a grade is recorded, the course may not be withdrawn.
4. **Students completing below full-time hours may have their financial aid reduced and should, therefore, check with Financial Aid before making the decision to withdraw the course.**
5. A grade of 'W' is recorded on the transcript for any withdrawn course. The course will not factor into the calculation of the GPA but will factor into satisfactory progress for financial aid.
6. Students receive no refund of tuition and fees for an individual course which is withdrawn after the official Drop/Add date unless completely withdrawing from all courses at the institution.
7. Students may not unregister/cancel enrollment in a class after the Drop/Add period for the class has passed. The class and hours remain on the schedule as part of their original registered hours for billing and financial aid.
 - a. Classes that have started can only be withdrawn after the Drop/Add period.
 - b. Modular classes which have not yet started, but which will start after the official Drop/Add period, can be withdrawn, but may be exchanged for another class that has not yet started.
8. Students in programs with modular classes who wish to withdraw from the beginning or middle modular courses but continue with a class later in a semester should contact Financial Aid to ensure continuation of aid in classes that follow the withdrawn class.

To Withdraw from all courses see Withdrawal from the University under Academic Resources for all Students. Email registrar@asbury.edu for information about withdrawing from the university.

Administrative Withdrawal

The Vice Provost, or his designate, may, in his sole discretion, involuntarily withdraw a student for the following reasons: (1) academic reasons; (2) financial reasons; (3) administrative reasons; (4) disciplinary issues, including but not limited to violation of University policies and regulations; and (5) failure to attend class and/or engage in coursework. Students who do not attend the first two* weeks of any class may be administratively dropped from their courses, and students who fail to engage in coursework totaling 14 days in a 15-week course (or 2 total days in an 8-week course) may be administratively withdrawn from the university (all courses).

An administratively withdrawn student will receive a posted grade of 'Withdraw' (W) for the withdrawn course(s). Students who are administratively withdrawn are wholly responsible for any and all consequences of their withdrawal, including but not

limited to financial obligations such as tuition, room and board, financial aid or student account.

**Consistent with reporting attendance for students to receive financial aid.*

Other Registration Procedures

Registering for Contract Courses

Contract courses are defined as all non-classroom instruction for which credit is given including, but not limited to: Independent Studies, Directed Studies, Practicums, and Internships, as well as additional non-scheduled sections of courses on the semester schedule. Any course where the course description indicates 'Contract Course' will follow these procedures:

1. All contract courses are subject to the same policies as regular classroom courses with reference to Drop/Add dates, term dates, course start and end dates, tuition charges, and grading deadlines. Once set, contract course dates may not be altered.
2. All contract courses require an appropriately approved contract created between student and instructor. The Contract Course Student Signature form is available in the Registrar's Office, or the student can send an email from their Asbury account with the pertinent information included.
3. The Contract form requires the signature of the student, and the agreement of the instructor of record. It is the student's responsibility to provide this information to the instructor; the instructor will then input the Contract Course request into Curriculog, which will route the request to the department chair for approval prior to submission to the Registrar's Office.
4. To register for a contract course, the fully approved contract form must be submitted to the Registrar's Office by the Drop/Add deadline for the term.

Graduate Program Requirements and Limitations

1. Each graduate program determines if any contract courses are allowed in their program.
2. If allowed, contract courses used as requirements in a program should have specific pre-requisite and maximum credit limitations set by the program.
3. Contract courses can only be taken to fulfill a degree requirement at the graduate level and cannot serve as extra general electives.

Independent Study and Directed Instruction

1. **Independent Study** is individualized study on a topic of interest beyond the content of regular course offerings. Requires a minimum of 1 - 3 meetings with instructor during the semester. [Registered with course numbers ___ 591/691]
2. There are two forms of **Directed Instruction**:
 - **Directed Study** - a faculty-directed study on a topic of interest beyond the content of regular course offerings. Requires a minimum of 50 minutes per week with instructor during the semester. [Registered with course numbers ___ 592/692]
 - **Directed Course** - a faculty-directed individualized offering of a regular course not available in a semester, using the course's regular syllabus. Requires a minimum of 50 minutes per week with instructor during the semester. [Registered with the Asbury University Catalog course number, and *drs in course title.] The following factors will govern the approval decisions which will be made by the Department Chair and Dean: validity of need (i.e. required for graduation), inability to substitute an appropriate available course, availability of a teacher, and the student's ability and willingness to meet the demands of directed study.

Internships/Apprenticeships

Internships/Apprenticeships which are set up on an individual basis will require a Course Contract form to register for credit. These courses involve time spent in practical experiences and work. These are only available in specific graduate programs.

- Internships/Apprenticeships are subject to the same policies as regular classroom courses with reference to Drop/Add dates, tuition charges, and grading deadlines.
- Students should work with their program advisor to establish an apprenticeship's requirements in work hours, the work location, and required documentation for grading.
- Students are required to register for an internship/apprenticeship during the academic term within which the internship activity ends and the grades will be expected.

Graduate Theses/Creative Projects Registration

Graduate thesis course [Registered course number '799'] allows graduate students working on master's level research, theses or creative projects to remain enrolled until satisfactory completion of the requirement. Master's students must remain actively enrolled while writing or working on their thesis/project.

- Each graduate program has established the minimum credits that will be required for that program's thesis/creative project.
- The thesis advisor works with the student to develop a plan of study to set the pace/terms in which the individual student should complete the required number of credits for the thesis/creative project.
- **IMPORTANT:** The plan of study must allow for all submission and review of the thesis/creative project by the graduate faculty to be completed before the end date of the final registered '799' class.
- If the thesis/creative project is not finished in the set time plan, the student will continue to register for the 1.0 credit in 799 each semester until 'passing' is reported to the Registrar's Office by the graduate faculty on the Thesis/Creative Project Approval Form.

Extended Enrollment To Complete The Thesis/Creative Project

- If the graduate faculty determines the thesis/creative project is not complete or is not ready for review before the class end date, the student must register for 1.0 additional credit in '799' in the next semester.
- Student must register each semester in a '799' until satisfactorily completed as determined by the graduate faculty (may skip summer term only).
- Students who sit out a fall or spring semester will have to apply for readmission to return and must register again for 1.0 credit '799' to continue the process to complete the thesis/creative project.
- The thesis/creative project must be finished within 5 years of starting in the degree program to meet the program graduation requirement. Shorter deadlines may be imposed by specific graduate programs.

Grading the Thesis/Creative Project/Research Project

- The '799' Thesis/Creative Project course will be assigned the letter grade of 'L' (load credit) by the Registrar, designating the course as in 'load' for the student.
- The '799' class may not be assigned an incomplete grade to finish work at a later date. If the submission and faculty review is not completed by the end date of the registered term, the student must register for an additional 1.0 credit thesis/project class. No late submissions are allowed.
- Upon successful completion of the thesis/creative project/research project review by the graduate faculty, the graduate department chair/program director completes the Thesis/Creative Project Approval Form and submits the final approval to the Registrar. The Registrar records a passing grade of 'P' in place of the 'L' recorded as the final grade for the last registered 799, indicating the student has satisfactorily completed the thesis/creative project for the program.

Requesting to Repeat a Course

Registering to repeat a course requires assistance from the Registrar's Office. See Grades section for Repeat Grading policies. Email registrar@asbury.edu to register.

Requesting Course Exchanges in Modular Program Courses

In the programs that have modular classes, students may have the option to exchange future courses which have not yet begun.

1. The exchange must occur prior to the start date of both courses involved.
2. Both courses involved in the exchange must be worth the same number of credits.
3. Students must contact the Registrar's Office to make this adjustment to their official registration. (registrar@asbury.edu)
4. Students should not attend courses for which they are not officially registered.

Undergraduate Student Permission to Take Graduate Level Courses

Qualified undergraduate seniors who demonstrate outstanding scholastic ability, may be permitted to enroll for a graduate course (500-level) simultaneously with undergraduate courses with permission from the graduate program. See Academic Information for Undergraduates for more information.

Grades and Satisfactory Academic Progress

Examinations

All assignments are to be due by and all examinations must be given by the posted last date of the class. Posted class end dates may not be extended. No final examination or academic activity can be scheduled after the class end date. Graduate courses typically schedule any final examination in the last few days of the class.

Grade Scale

The grades which are assigned to student performance in a particular course are listed below with their respective quality point values. Scholastic standing is defined as the ratio of total quality points to the total semester hour credits attempted, excluding transfer hours and non-graded credit hours (credit in a credit/no-credit course). For each hour of graded credit, quality points are assigned as follows:

Grade Description Quality Points

A	Excellent	4.00
A-		3.70
B+		3.30
B	Good	3.00
B-		2.70
C+		2.30
C	Average	2.00
C-		1.70
D	Passing	1.00
F*	Failure	0.00
FN**	Unearned F	0.00

**The grade of "F" is awarded for a student who completed the class but failed in accordance with syllabus standards, whether due to academic performance or irregular attendance/participation.*

***The grade of "FN" is awarded to a student who ceased attendance/participation and consequently failed to complete the course objectives.*

The following grades are not counted in the calculation of the grade point average.

I	Incomplete
W	Withdrew
P	Passing credit/no credit course
N	Not passing credit/no credit course
L	Load credit for ongoing master's research
AU	Course set to an Audit (0.00 credit)

The Class Grading Window

All assignments are to be due by the posted last day of class, and all examinations must be given. Posted class end dates may not be extended. No final examination or academic activity can be scheduled after the class end date. Grades are issued no later than one week after the posted last day of a class. Any perceived discrepancies should be reported to the course instructor. Changes must be reported by the instructor to the Registrar's Office in writing within 30 days of the posting of the grade.

Grade Changes

Final course grades may be changed only in the case of miscalculation of points. Re-evaluation of a student's work or late submission of work by a student is not normal grounds for changing a final course grade. Within 30 days of posting a final grade, an instructor may change a final course grade by filing the appropriate form with the Registrar. This change must be submitted by the instructor and approved by the responsible department chair. After 30 days of posting a final grade, an instructor desiring to change the grade must seek approval of the responsible dean over their department and file such a request with the Vice Provost. Decisions of the Vice Provost will be considered final. After the 30 day change of grade period, and after graduation has been posted, all grades of the student are final.

Incomplete Grades

1. A temporary grade of incomplete ('I') may be granted by the Dean of the appropriate college/school where the course resides. An incomplete may be granted, at the instructor's recommendation, due to extenuating circumstances that interrupt the semester, such as equipment breakdown or medical crisis. Quality of work or failure to meet deadlines is not a criterion for an incomplete and will not be granted on such basis. A student seeking an incomplete in more than one course may only be granted by the Vice Provost. The end date of a course may not be extended outside of an approved incomplete.
2. Faculty or students anticipating the need for an incomplete should contact the appropriate Dean of the college prior to the completion of the course. Once approved by the appropriate Dean, the faculty member submits the incomplete request to the Registrar.

3. An incomplete cannot be initiated by the student after the course's end date. Once an incomplete is granted, the student is informed of the incomplete. It is then the student's responsibility to contact the instructor and make satisfactory arrangements to complete the outstanding work. A student who receives an 'I' grade must complete the work within 60 days of the course's end date. Once an incomplete is granted, a student may not request to be withdrawn from the incomplete. A final grade of 'F' will be recorded for students who do not complete the outstanding work by the deadline.

Repeat Course Grading Policy

1. Registering to repeat a course requires assistance from the Registrar's Office (registrar@asbury.edu).
2. Students in all Graduate programs may repeat a grade of 'C' or below.
3. No more than two graduate courses may be repeated by a student in a graduate program.
4. The repeated course must be repeated at Asbury University with a course deemed equivalent by the Registrar's Office.
5. The higher earned grade in any repeated course will count in the computation of the cumulative grade point average.
6. Credit hours in repeated courses will count only once academically. Financial Aid will count both course attempts in total attempted credits for financial aid calculations.
7. Repeated courses will be indicated as such on the permanent record.

For more academic assistance, see Academic Accessibility Resources under Academic Resources for All Students.

Academic Standards, Probation & Suspension

The Registrar's Office has the responsibility to monitor academic progress for all students enrolled in the University.

Academic Standards for Graduate Students

Scholarship standards outline expectations for graduate students to remain in good academic standing based on grade point average.

1. Credit hours earned with a grade less than 'C' will not count as credit toward the graduate degree.
2. The master's degree requires a cumulative grade point average of 3.00 on all course work.
3. At the end of each academic term (including summer term), the academic standing of all master's students will be reviewed by the Vice Provost.
4. A student who falls below the 3.00 grade point average, term or cumulative, will be placed on academic probation for the next term of attendance.
5. Two consecutive terms of failure to maintain the 3.00 grade point average, term or cumulative, will result in the student's suspension from graduate study for a period of one semester.
6. A graduate student who earns less than a 2.00 GPA in a single semester may be suspended at the end of that semester without a period of academic probation.
7. Any student readmitted after such a suspension must maintain at least a 3.30 term grade point average until his/her cumulative grade point average reaches the required 3.00.
8. A student will not be re-admitted after a second suspension.

For resolution of issues, see Academic Appeals under Academic Information for All Students.

Graduation Application and Commencement Eligibility

Graduation Application Form

All students who are in the final year of completing a degree must complete the graduation application by the stated deadline. Commencement information may be found online: www.asbury.edu/about/offices/administration/provost/commencement/

For each degree, all degree candidates must be listed in an annual commencement program to be officially be recognized for the conferring of a degree.

Application Deadlines

- To graduate in December and be listed in commencement the following May (required - regardless of commencement attendance), the graduation application deadline is October 15.
- To graduate in May or August and be listed in May Commencement of the same year (required - regardless of commencement attendance), the graduation application deadline is February 15.
- If the expected graduation date must be moved to a new academic/commencement year, a new graduation application is required to be submitted by the next posted deadline.

Final decisions regarding commencement eligibility for the annual May Commencement are made each year on February 15 based on remaining graduation requirements, commencement eligibility criteria listed below, and the information provided by the student on the graduation application.

Eligibility Criteria for Degree Candidates to Graduate & be listed in Commencement

[Please refer to the Degree Requirements sections in each Graduate Program for the specific graduation requirements.]

To be listed in the annual May Commencement, a student must meet the following criteria:

1. Have a cumulative GPA of at least 3.00.
2. Students must file a "Graduation Application" form in the Registrar's Office for the correct academic/commencement year of their expected graduation date by the posted deadline listed above. Questions regarding the Graduation Application should be directed to registrar.info@asbury.edu If the expected graduation date must be moved to a new academic/commencement year, a new graduation application is required to be submitted by the next posted deadline.
3. Will have completed all requirements for a degree by one of the following:
 - Have completed all degree requirements and graduated the previous December.
 - Are enrolled in the current spring semester for ALL remaining requirements which will be completed by the May commencement.
 - Will have no more than 7 semester hours remaining to complete at Asbury University after the May Commencement AND should be able to complete those 7 hours in the summer term. [For the M.A. and M.A.T.in Education: student must be finished with or be enrolled in spring in EDG 680 Research and Development BEFORE the May Commencement.]
 - NOTE: Some graduate programs may require all work to be completed before participating in the commencement ceremony.
4. Have approval for graduation by the program faculty. See specific requirements for each graduate program.

Ordering Commencement Ceremony Regalia

Graduate commencement master's hood & gown must be purchased for a fee by each graduate candidate participating in commencement. Ordering commencement regalia is part of the graduation application process.

Graduate Transfer Credit

All official transcripts presented to Asbury University for admissions and awarding of credit must be sent directly from the other institution to Asbury University. Student-delivered transcripts and scores may be used for advising; however, they are NOT acceptable as final, official transcripts for the transfer of credit.

General Policies for Transfer Credit in Graduate Programs

- No more than 35% of required graduate hours may come from graduate work outside the Asbury University graduate program. At least 65% of the credit for the graduate degree must be completed as a graduate student at Asbury University.
- Each individual graduate program may have stricter limits on the use of transfer credit from other graduate institutions and outside sources.
- Graduate transfer credit is processed at the time of enrollment based on the recommendation of the specific graduate program director who will evaluate the official transcripts from the incoming student's prior institutions. The graduate program director forwards the recommendation to the Registrar for approval and processing by the end of the student's first semester.

Transfer Of Courses From Another Graduate Program

1. Only graduate credits completed at a regionally-accredited graduate school may be transferred to the graduate program.
2. Outside credit can only be transferred from official transcripts mailed by the other institution or sent by official electronic transfer directly to Asbury University. Credit will not be accepted from faxed, copied, emailed or hand delivered transcripts.
3. Transfer courses must be equivalent to Asbury University courses and meet all accreditation requirements for the respective program.
4. Only graduate courses with a grade of 'B' or better may be transferred.
5. Any graduate-level course older than 10 years at the time of program admission is ineligible for transfer and use towards any degree above the Bachelor's level.
6. No graduate courses may be pre-approved to take elsewhere for transfer after matriculation to the Asbury University graduate program.

7. A graduate-level course recorded on the academic transcript in one program (at Asbury or at another institution) may be transferred and used only in one additional program, provided the course meets all other transfer conditions and degree requirements.

Graduate Course Work Completed as an Undergraduate at Asbury University

1. A limited number of graduate-level courses may be completed while an undergraduate student at Asbury University that then may be considered to meet the requirements in a graduate program with certain stipulations. See Academic Information for Undergraduates for full details.
 - A. Limit of 9-12 graduate-level credits for use in one graduate program may be completed prior to earning the bachelor's degree.
 - B. The Dean of the School of Education approves all prior coursework for the education licensure credential.
2. An earned grade of 'B-' or better in the undergraduate enrollment is required for each course to count toward graduate program requirements.
3. The GPA of the graduate course(s) taken in the undergraduate enrollment will count toward the undergraduate and graduate DPAs.

Credit For Prior Learning - Specific Graduate Programs Only

Credit for Prior Learning (CPL) is not accepted in all graduate program offerings. Please refer to specific program advisors for details and eligibility.

Credit is potentially awarded for knowledge gained through employment, training, and life experiences as self-assessed and documented in a portfolio. Students write about what they learned in the work environment at a level that evidences graduate credit. Any credit awarded is academic recognition of graduate-level learning done outside the formal classrooms of Asbury University. There will be a cost to apply for CPL credit. The cost will vary by program area, faculty time required, and number of faculty involved in the learning assessment. A typical review takes 3 hours and is completed by 2 faculty members.

1. Consideration to award CPL is contingent upon applicant showing what learning occurred through the experience. The experience itself does not warrant credit. Faculty reviewers look for academic proficiencies (what was learned) and not for AU course equivalency:
 - o Evaluators will look for acquired skills and competencies (what has been learned);
 - o Evaluators will make recommendations to the respective school or college dean to award credit for competencies demonstrated by the student in the self-assessment and documentation.
2. Candidates can only use experiences which occurred within the previous seven years prior to starting in the graduate program, and after the completion date of their latest undergraduate degree.
3. No more than 25% of the degree (9 credits for a 36 hour program) - rounded to the lower credit amount - can be counted towards a master's degree through a combination of transfer credit and CPL. Specific graduate programs may have stricter limits on CPL usage.
4. Credit is awarded only for documented student achievement corresponding to academic proficiencies for specific courses within the Asbury's graduate curricular offerings. The award letter identifies the specific competencies awarded, the credit hours for that competency, and the graduate level of the award.
5. CPL is granted by the school or college dean only upon the recommendation of appropriately qualified teaching faculty for the course. Persons whose responsibility is primarily recruitment are excluded from portfolio reviews intended for graduate CPL.
6. CPL experiential learning appears on students' transcripts and may not duplicate other credit awarded to the student in fulfillment of degree requirements.
7. The institution makes no assurances regarding the number of credits to be awarded prior to the completion of the institution's full review process.

Degree Requirements - Graduate Programs

It is the student's responsibility to fulfill all degree requirements. See Student Responsibility below.

Students must meet the following minimum degree requirements in all master's programs. Each graduate program may have additional or stricter requirements than outlined below.

1. Completion of required total credit hours of graduate level coursework (minimum of 30 hours or more) as set by the specific graduate program and degree.
 - a. Graduate students are expected to complete approximately 65% or more of all program course requirements as a student at Asbury University. See 'Graduate Transfer Credit'.
 - b. No more than 9.0 graduate credits may be shared and count towards a second master's degree.
 - c. A master's degree should be completed within five years from the date of first enrollment in the specific graduate program. Students taking longer must apply through their program director to request an extension of academic time.
2. Minimum cumulative grade point average of 3.00 in all coursework.
3. Successfully complete all program requirements within 5 years from date of first enrollment.
4. Students are expected to graduate under the requirements of the Academic Catalog in effect at the time of first enrollment. (note exceptions)
 - o Students may elect to graduate under new requirements placed in effect while enrolled.
 - o Students who withdraw or become inactive must re-enroll within two years of the last term attended to continue on the same year catalog degree requirements.
 - o Students who re enroll after the two years become subject to all catalog degree requirements in place at the time of re-enrollment.
 - o Graduate students with any break in enrollment may be subject to new requirements mandated by outside accrediting agencies upon re-enrollment, even within the two year period.
 - o Returning students may not re-enroll in a degree program that has been discontinued. Returning students in such programs must declare a current active program at the time of readmission.
5. Completion of all projects, portfolios, comprehensive examinations or assessment tests as required by individual graduate programs or the University administration.
6. Approval for graduation by the graduate program faculty.
7. Students must file a "Graduation Application" form in the Registrar's Office for the correct academic/commencement year of their expected graduation date by the posted deadline (generally, Oct. 15 for December graduation, and Feb. 15 for May or August graduation).

The Graduation Application link will be emailed from the Registrar's Office based on student's remaining requirements and graduation date. Students may email Registrar's Office for graduation application information when reaching fulfillment of all requirements.

Specific requirements for each Graduate Program and Degree

M.B.A. Program - Granting the M.B.A. Degree

1. Maintain a 3.0 grade point throughout the program.
2. Successfully complete all program requirements in a maximum of 5 years from date of first enrollment.

Admissions – Graduate Programs

Admissions and Requirements for the Master of Business Administration

Master of Business Administration

Sustainable, innovative wealth creation in the economy, as well as viable, effective social institutions in the nonprofit sector, require sophisticated management skills grounded in a robust understanding of ethics and Christian virtues. Asbury University's online MBA program educates women and men from around the world in a graduate management curriculum that will enable them to integrate their faith and work in a manner that leads to our distinctive focus on management of the triple bottom line - profit, people, and purpose. First, profit is important to sustain and grow the organization. This requires students to learn how to steward financial capital. Second, people are equally important; this principle necessitates that managers be stewards of social capital. Without trust and respectful treatment, employees and suppliers cannot create value for the customers. Third, a business needs a broader purpose. Students need to learn that spiritual capital can transform the community in which the business works. Students who complete our program will be poised to provide effective leadership in management, with integrity and conscience, across a broad range of careers and organizations.

Payment Information

The academic year is divided into three sessions: Fall, Spring, and Summer.

Registration is held prior to the beginning of each semester and a "Term Billing Summary" will be available on the Asbury Portal. The Term Billing Summary displays the following calculation, based on pending charges and financial aid to date:

Amount Due = Total Pending Charges - Total Financial Aid

Student Loans and Outside Scholarships will be included in the calculation only if they have been confirmed and approval has been submitted to and processed by the Financial Aid Office.

Note: Checks for scholarships are considered as financial aid and should be mailed to the Financial Aid Office.

The student is responsible for ensuring payment of tuition, fees and all other debts to the University is made in a timely matter. We recommend that all miscellaneous charges be paid at the location where incurred to avoid service charges.

Payment Options

Payment in Full - Payment in full of Term Billing Summary AMOUNT DUE is due on the first day of each semester. Any unpaid balance is subject to interest and late fees.

All students will be enrolled in the Payment in Full option unless they enroll in a TRANSACT Installment Payment Plan (explained below) during the financial registration period.

Payment Plan - Students will receive email notification prior to each semester enrollment period with detailed instructions for enrolling in a TRANSACT installment payment plan. The Term Billing Summary AMOUNT DUE, or any portion you choose, may be divided over 4 or 5 equal, monthly payments. Payments are due to TRANSACT by the last business day of each month. TRANSACT charges a non-refundable application fee of \$35 per semester to enroll in an installment payment plan.

The payment plan incurs no interest charge but may incur a late fee from TRANSACT if payment is not received by the due date. After missing the second payment, the account will be removed from the TRANSACT payment plan, and the balance will become due immediately to Asbury University. Any unpaid balance is subject to interest and late fees.

Student Financial Responsibility

Students must sign a Statement of Financial Responsibility each semester. It is expected that when a student electronically acknowledges a financial agreement to pay all tuition and fees, the student is pledging to faithfully fulfill all financial obligations to the University. The University reserves the right to take whatever steps are necessary for those who default on payment. Diplomas and official transcripts are not released until all academic and financial obligations to the University are satisfied.

Policy on Unpaid Balances

1. Students must pay all previous balances before registering for a subsequent semester.
2. If a student's account is unpaid at graduation, the diploma/transcript is withheld until such payment is made.
3. Academic transcripts and diplomas will be released to:
 1. non-enrolled students only when (1) the student account is paid in full and (2) University loans are being paid on schedule.
 2. currently enrolled students when either: (1) the student account is paid in full, or (2) the student is fulfilling the terms of their particular Payment Plan and all requirements of the Financial Aid Office have been fulfilled.
4. Late charges and Student Account registration holds will not be applied to students for the portion of charges covered by VA education benefits under Chapter 31 or 33. Students will not be required to borrow additional funds to cover a balance caused by delayed disbursement funding from VA under Chapter 31 or 33.

Reduction in Charges Related to Withdrawal from the University

[For official withdrawal procedures, please see Graduate 'Academic Policies & Procedures' > 'Withdrawal from the University'.]

1. The Registrar's Office documents the student's official date of withdrawal and the remaining academic weeks registered in the semester based on the official withdrawal procedures. *The official date of withdrawal is determined by the student's date of notification to the Registrar's Office.*
 - o Total 'ACADEMIC WEEKS' equals the count of weeks from the first class start date to the last class end date registered on the student's schedule for the semester.
 - o Total 'COMPLETED WEEKS' equals the count of weeks from first class start date through the week of the student's official withdrawal from the university.
 - o **(ACADEMIC WEEKS - COMPLETED WEEKS) / ACADEMIC WEEKS x 100 = percentage of semester remaining.**
2. Students withdrawing from the University within the official Drop/Add period will be refunded all charges.
3. After the Drop/Add period, any reduction in charges will be calculated using the criteria above for academic weeks and completed weeks.
4. Course fees, lab fees, and student activity fees are not refundable after the Drop/Add period.
5. Student Accounts will use the percentage of semester remaining provided by the Registrar's Office to determine any reduction in tuition.
6. The student will be charged a withdrawal fee of 5% of the total charges, not to exceed \$100.00.
7. Financial Aid will base any reduction in aid on the date the student requested to withdraw or the midpoint of the enrollment/payment period if the student stopped attending without notification, which may differ from the official withdrawal date. Refer to Financial Assistance - Graduate Students.
8. Refunds cannot be made to the student until all awards are withdrawn, adjusted, or applied to the account.
9. Students who withdraw or are dismissed from the University must complete an application for readmission and be readmitted before being permitted to register again.

Financial Assistance - Graduate Students

(Financial aid information is subject to change. Go to www.asbury.edu/offices/financial-aid for latest information.)

At Asbury University we want to partner with you in funding your education. It is most advantageous to think of funding your education as a partnership between: **You, Federal and State Governments, and Outside Sources.**

Federal financial aid is available to students who are pursuing a degree on at least a half-time basis (five or more credit hours per semester).

To be considered for federal aid at Asbury University, students must complete the Free Application for Federal Student Aid (FAFSA) and the Graduate Aid Application each year. The FAFSA is available after October 1 of the year prior to planned enrollment.

Offers of financial aid will only be sent to students who have received official acceptance from the Admissions Office and have completed all necessary paperwork. It is the responsibility of the student to ensure that all the appropriate paperwork is turned in to the Financial Aid Office for processing. Students entering and applying for financial aid for the Fall semester (including those selected for verification) must have all paperwork completed and in the Financial Aid Office by September 1 of that fall term. For students entering in the Spring semester, the deadline is February 1 of that spring term.

The Government (Federal and State)

Federal Grants

Federal TEACH Grant: The U.S. Department of Education's TEACH Grant Program provides grant funds to postsecondary students who are completing or plan to complete coursework that is needed to begin a career in teaching, and who agree to serve for at least four years as a full-time, highly qualified teacher in a high-need field, in a school serving low-income students. Eligible full-time students may receive up to \$4,000 per year in TEACH Grant funds, up to a maximum of \$8,000 for graduate study.

If you receive a TEACH Grant, but do not complete the required four years of teaching service within eight years after completing the coursework for which you received the grant, or if you otherwise do not meet the requirements of the TEACH Grant Program, all TEACH Grant funds that you received will be converted to a Federal Direct Unsubsidized loan that you must repay in full, with interest, to the U.S. Department of Education. Once a TEACH Grant is converted to a loan, it cannot be converted back to a grant. For detailed information on this grant, please visit the federal government website: <https://studentloans.gov/myDirectLoan/index.action>

Federal Loans and Work Study

Federal Direct Loan: The Direct Loan program enables a student to borrow directly from the U.S. Department of Education. Graduate students may be able to borrow up to \$20,500 per year based on eligibility; only Direct Unsubsidized loans are available to Graduate students. The above regulations and provisions of the Direct Loan are subject to change by federal legislative action. The interest rates on Unsubsidized loans may vary from year to year, but cap at 8.25%.

Federal Direct PLUS Loan: The Direct PLUS Loan is available to graduate students, if they are credit-worthy applicants. A graduate student may apply to borrow up to the total Cost of Attendance less any other financial aid for which the student has qualified. The student may borrow to help pay for educational expenses as long as he/she is enrolled at least half time in a degree program while meeting all basic eligibility requirements. Students must complete a FAFSA and qualify with the U.S. Department of Education. The regulations and provisions of the PLUS loan are subject to change by federal legislative action.

Federal College Work Study Program: Students are eligible for part-time employment under the Federal College Work Study program if they meet the requirements to receive federal aid. The selection of students will be made as follows: All students with financial need will be considered, but if funds are not sufficient to cover all requests, students demonstrating the greatest financial need will be given priority.

Outside Sources

Veteran's Benefits: Veterans, their spouses, or dependents may qualify for VA Education and Training Benefits. Eligibility is determined by the VA. For more details and to apply for education benefits, visit www.gibill.va.gov or call 1.888.442.4551 (request to speak with an educational benefits counselor).

To use VA benefits at Asbury University students must submit a written request to use their VA education benefits, and their Certificate of Eligibility (COE) for educational benefits. These items are due no later than the first day of classes. Depending on

the type of benefits being used the student may be required to provide additional information necessary to the proper certification of enrollment.

Alternative Loans: Alternative loans are available for students to reduce any balance between the cost of education and financial aid. These loans are received through a lending institution, with several types being available. Financial Aid personnel will work with a student to determine the best type of loan option and will provide application information. Alternative loans will be counted as pending aid against the student's account for a period not to exceed 60 days after the loan has been originated. After that time such loans will automatically be removed from the student's pending aid. The alternative loan, however, may still be processed and applied to the student's account following the resolution of any issues.

Financial Aid Application

In order to be considered for financial aid, you must file the FAFSA each year (<https://studentaid.gov>), and complete a Graduate Aid Application (www.asbury.edu/offices/financial-aid/forms).

General Policies & Notes

1. Requests for financial aid award eligibility must be made during the academic year for which the aid is intended.
2. Student course load for Financial Aid purposes: Graduate students will be considered full-time or half-time for any enrolled semester according to the following schedule of minimum semester hours:

	Full-time	Half-time
--	-----------	-----------

Graduate Enrollment	6+	3-5
---------------------	----	-----

3. In order to receive financial aid for 2021-2022 students enrolling in the Fall must have their files completed by September 1, 2021, and students enrolling in the Spring must have their files completed by February 1, 2022. A completed file includes: final FAFSA information, completed verification, if selected, and completion of all information deemed necessary by the Financial Aid Office. Students who complete their files after the deadline will be ineligible for aid until such time as their file is complete.

Repayment Policy:

A portion or the entire amount of the cash disbursement may have to be repaid to the awarding program(s) when a student has received a cash disbursement in the form of a check (or cash) from Title IV, Kentucky Higher Education Assistance Authority, or non-Title IV programs. Full repayments of the cash disbursement amounts will be required if:

1. The student was not eligible to receive the funds when they were disbursed.
2. The student officially or unofficially withdraws from or is expelled by the University before the first day of classes for a payment period.
3. The student unofficially withdraws from the University and the institution is unable to document the student's last day of attendance. In this situation, the midpoint of the semester will be used to assess return of aid.

Return of Title IV (Federal) Financial Aid:

When a student withdraws during a term, the amount of federal financial aid earned by the student is determined on a pro-rata basis up to the end of 60 percent of the term (as determined by federal calculations). For example, if the student has completed 30 percent of the term, he/she has earned 30 percent of the federal aid originally scheduled to be received. Once a student has completed more than 60 percent of the term, he/she has earned all of his/her federal financial aid. (Federal Work-Study funds are excluded from the return of Title IV funds requirements.)

If a student has received excess funds, the University must return a portion of the excess equal to the lesser of: The student's institutional charges multiplied by the unearned percentage of funds or the entire amount of excess funds.

If the aid to be returned is in the form of a loan that has been released to the student borrower, the student can repay the loan in accordance with the terms of the promissory note over a period of time. If the aid to be returned is in the form of grant funds, the law provides that the student must repay 50 percent of the grant rather than 100 percent.

Order of Federal Funds to Be Returned:

The funds must be credited to outstanding loan balances or to any amount awarded for the term in which a return of funds is required in the following order:

Direct Unsubsidized Loans
Direct PLUS Loans

Other Title IV Assistance

Institutional financial aid will be refunded according to the schedule below.

The institution has 30 days from the student's last date of attendance to complete a Return of Title IV calculation. The institution has 45 days from the student's last date of attendance to make any required refund of federal aid.

Refund of Institutional Financial Aid:

1. Calculation of financial aid refunds are made after notification of the student's official withdrawal from the University is made to the Financial Aid Office by the Office of the Registrar.
2. The date used in determining amount of aid earned will be the last date of attendance in an academically-related activity, or the midpoint of the period of enrollment if no notification was given.
3. The following calculations are used for refunds:
 1. For calculating refunds the 'ACADEMIC WEEKS' for a semester are calculated based on the official start and end dates of the student's registered courses.
 2. Percentage of reduction in financial aid is based on percentage of semester attended before withdrawal or the midpoint of the period of enrollment if no withdrawal notification was given.

Reduction in amount of aid available to student based on:

Percentage of semester attended = 100% - (withdrawal date/total academic weeks)

NOTE: percentage of reduction in tuition charges to student is based on percentage of semester enrolled through the date of withdrawal notification. Please refer to "Refunds" in the Student Accounts section for the policy for tuition refunds.

Refund of Private Scholarships and Grants:

Unless otherwise requested by the donor, the refund of private assistance follows the pro-rata policy for the cancellation of institutional charges and financial aid.

Refund of Kentucky State Aid:

THE KHEAA Teach Scholarship follows the pro-rata policy for the cancellation of institutional charges and financial aid.

Satisfactory Academic Progress - Graduate Studies

See Academic Information for Graduate Students for the Academic Standards for Graduate Students.

Quantitative: The Financial Aid Office monitors semester hours of graduate students receiving aid to ensure that an appropriate course load is maintained according to the following chart:

Aid status	Required semester load	Required annual hours completed to continue receiving aid
Full-time	6	12
Half-time	3-5	6

All students, including graduate students, are subject to the Academic Progress and Financial Aid policy described above except as more specifically delineated below.

All students, including graduate students, are subject to the Appeals Procedure for Financial Aid as follows below.

All students, including graduate students, are subject to the Academic Appeals Procedures as delineated in Academic Resources for All Students.

In order to be eligible for financial aid (i.e., loans), graduate students must be enrolled for a minimum of 5 semester hours in any given semester (summer, fall, and/or spring) and be making satisfactory progress toward the completion of the master's degree or completion of other degree programs. The pace of completion varies by specific academic program. Normally, a graduate student should be completing at least 10 semester hours per academic year.

At the end of each semester, including summer, all graduate students will be reviewed by the Vice Provost and the Financial Aid Office with regard to: (1) academic status (scholarship standards) and (2) satisfactory academic progress. Students found: 1) not meeting the *scholarship standard* of a 3.00 cumulative grade point average, and/or 2) not making *satisfactory academic progress* (failure to complete sufficient hours attempted) will be treated according to the *Quantitative* and *Qualitative* processes as described above.

Time Frame for Financial Aid -Graduate Programs

The maximum time frame a student can receive financial aid is equal to 150% of the normal expected time it takes to complete the specific academic program. The various graduate degree programs require in the range of 32 to 60 semester hours to complete. The pace of completion varies by specific academic program. Normally, a graduate student should be completing at least 10 semester hours per academic year.

Appeals Procedure for Financial Aid Decisions

There are occasions when a student may be denied financial aid. The reasons for denial may include one or more of the following:

- Annual income and assets of student and/or spouse are sufficient to meet educational costs.
- Student is not making satisfactory academic progress toward a degree.
- Student owes a refund or repayment on previous aid and/or is in default on student loan payments.
- Student is taking less than a half-time load.
- Student is not a citizen or permanent resident of the United States (required for federal programs).
- Other resources listed by the student should be adequate to meet educational costs.
- Student has failed to provide sufficient information in order for an award to be made or has failed to provide requested documentation on reported information.
- Student is enrolled in a semester beyond 150% of program length.

There are also times when a family's financial resources may change after the original application is submitted and a review of aid awarded is in order.

A student who loses financial aid based upon the academic progress policy or concerning any of the items mentioned above may appeal the loss of funds to the Financial Aid Appeals Committee. The Financial Aid Appeals Committee will consist of the Director of Financial Aid, the Assistant Director of Financial Aid, the Assistant Vice President for Business Affairs, and the Vice Provost. Information regarding the appeal process may be obtained in the Financial Aid Office.

Appeals: Asbury University recognizes that students placed on Financial Aid Suspension may have extenuating circumstances beyond their control. Appeals are welcome and careful consideration is given to each appeal.

Appeals must be in writing, designated "SAP Appeal," and sent to the Financial Aid Office at Asbury University. The deadline to submit an appeal is 30 days from the date of Financial Aid Suspension notification. Each appeal must include a minimum of:

- An explanation as to why the student did not meet Satisfactory Academic Progress.
- A plan of action stating how the student plans to meet Satisfactory Academic Progress at the next evaluation.
- Supporting documentation (e.g. medical records for health concerns).

Extenuating circumstances beyond a student's control include, but are not limited to:

- Death of an immediate family member (mother, father, spouse, legal guardian, sibling, child)
- Major medical issue experienced by the student and/or an immediate family member of the student (as designated above)
- COVID 19-related health concerns
- Involuntary call to active military duty
- Other extreme circumstances (case by case basis)

The following circumstances are not considered extenuating and/or beyond the student's control:

- Not knowing the deadline or procedure
- Work conflicts
- Incarceration resulting from a guilty verdict
- Voluntary overtime
- Not needing or wanting a class, not doing well in a class, or having too heavy a course load
- Wishing to improve your GPA
- Concerns that fall within the scope of a normal college experience

If an appeal is approved and student is placed on Financial Aid Probation:

- it will be for one additional payment period only, if it is determined by the Financial Aid Office to be mathematically possible to attain SAP in one semester. By the close of this semester, the student must attain SAP to continuing receiving aid. If he/she does not attain SAP, his/her status will revert to Financial Aid Suspension and federal and state aid will not be awarded in the next period of enrollment. There is a possibility of receiving institutional aid, based on funds availability.

- it may be for more than one semester, if it is determined that one semester is not sufficient time to attain SAP. In this circumstance, an Action Plan is required, which is established by the student working with his/her academic advisor. The Action Plan must be followed exactly as established. Any changes must be made by the academic advisor and reported to the Financial Aid Office. By the end of the Action Plan, the student must attain SAP to continuing receiving aid. If he/she does not attain SAP, his/her status will revert to Financial Aid Suspension and federal and state aid will not be awarded in the next period of enrollment. There is a possibility of receiving institutional aid, based on funds availability.

If an appeal is denied:

- the student will be notified in writing that he/she remains on Financial Aid Suspension, with no federal or state aid eligibility, until SAP is regained in a subsequent semester. He/she is responsible to pay any bill that is incurred during this time.

The Financial Aid Office will review the student's academic record at the close of each probationary semester to determine if SAP is met, at which time the student regains aid eligibility.

➤ Music Department

Audition Requirements: All students who wish to major or minor in music must have the approval of the music faculty, based on an entering performance audition. A student who successfully passes the entrance audition will be admitted to the music program through the sophomore level, at which time a second audition will determine eligibility for upperclassman standing. Auditions on campus are generally held during prospective student visit weekends. Applicants may also submit a video audition. Audition requests may be submitted online at this website:

<http://www.asbury.edu/academics/departments/music/auditions-scholarships>.

Music Scholarships: Students who desire consideration for Music Performance Scholarships (which are available to future music majors, music minors, and other musically gifted students as well) must complete a successful musical performance audition.

Ensembles: Primary ensembles at Asbury are those that exist in support of the degree requirements for music majors and minors. Students must not only register for an ensemble but also meet that ensemble's membership requirements in order to participate. Further information about Asbury University Music Ensembles may be found on our website:

https://www.asbury.edu/academics/departments/music/ensembles_

Recital Requirement: All music majors must present a recital of high caliber in accordance with music department standards. These standards are found in the "Recital Requirements & Guidelines" document on the Music Department's website <https://www.asbury.edu/academics/departments/music/student-resources/>

Recital Attendance: All music majors and minors are required to attend a minimum number of recitals.

Piano Requirements For All Music Majors:

1. Non-keyboard music majors must enroll in Functional Piano (151, 152, & 251) concurrently with the freshman and sophomore music theory courses; this enrollment in Functional Piano must continue without interruption until all required courses have been passed.
2. Keyboard music majors are required to take: PNO 161, 162, 261, 262.

Private Lessons: All Music majors and minors are required to take private music lessons which are available on piano, organ, voice, handbells, all orchestral and band instruments, and guitar. A private lesson fee per credit is charged in addition to tuition credit. Students request private lessons by registering for INS 999 (Instrumental), ORG 999 (organ), PNO 999 (piano), or the appropriate VOC (voice) lessons number. Documents on private lessons are found on the Music Department's website <https://www.asbury.edu/academics/departments/music/student-resources/>

Social Work Mission & Requirements

Social Work

The mission of the Asbury University Undergraduate Social Work Program is to prepare graduates who are rooted in the liberal arts, the Christian and Wesleyan perspectives, social work values and ethics, and prepared for generalist social work practice as agents of change in a variety of settings. The Social Work Program is accredited by the Council on Social Work Education (CSWE).

In order to provide a quality, generalist social work education, the program's faculty has established the following goals for beginning generalist practitioners through the curriculum's knowledge, ethics, and practice with diverse populations.

1. Provide the knowledge, values, skills, and ethics to serve diverse client systems of all sizes and types, integrating knowledge about how individuals, families, groups, communities, and organizations grow and change, using a bio-psycho-social-spiritual perspective, and how these systems function together within the global context of their environment.
2. Develop generalist social work practitioners who are both knowledgeable and understanding of diverse client systems of all sizes including; minorities of color and ethnicity, socioeconomic status, women, mentally and/or physically disabled, LGBTQ populations, whether individuals, families, groups, or communities.
3. Based on the historical context of social welfare rooted in the Judeo-Christian heritage, prepare graduates to work with clients by infusing throughout the curriculum social work values and ethics, as stated in the NASW Code of Ethics, for professional generalist practice.
4. Prepare graduates who think critically about social work knowledge, integrate this knowledge and practice in an ethical manner, effectively communicate with clients, colleagues and supervisors using oral and written skills; and value the continuation of learning and avenues of both personal and professional development throughout their careers.
5. Develop practitioners who understand, integrate knowledge, and practice in evaluation of programs and client systems of all sizes.
6. Develop practitioners who will use their knowledge and practice base to work as advocates and agents of change at all levels of service within organizations and with diverse cultural groups, including policy analysis and social change strategies.
7. Develop generalist social work practitioners who are aware of the concerns of the poor and oppressed in American society and the world, as stated in the Bible; foster within the program an understanding of God's grace to all individuals; and teach students to demonstrate God's grace in the world by using generalist practice skills to protect the rights of the poor and oppressed.
8. Within a professional community of academic and professional excellence, prepare graduates for generalist social work practice through supportive and sustaining relationships with fellow students, faculty and field instructors, which leads to the development of a professional identity, and lifelong learning both personally and professionally.

NOTE: All undergraduate social work students are required to complete a BIOLOGY (TUG: BIO 100/BIO 101 or BIO 201/BIO 203; APS: BIO 100/BIO 101, or equivalent) which also counts as their choice of the various sciences/labs listed under the Asbury University Foundations Requirements.

In addition, it is highly recommended that students take a wide variety of courses in the areas of anthropology, economics, recent American history, political science, psychology, and sociology. The social work major generally requires a minimum of five semester to complete the sequence of courses.

Continuance in the Social Work Program requires achieving a minimum grade of C- in all Social Work (SW) courses and maintaining a cumulative GPA of 2.5 or above.

Social Work Program Admission Requirements

1. Any student who wishes to enter the Social Work Program will be impartially considered. Students interested in the Social Work Program should declare their major as social work by spring semester of their sophomore year or no later than the start of the fall semester of their junior year. The assigned Social Work faculty advisor will then guide the student through the admission process.
2. Application for admission to the Social Work Program: to begin the formal admission process the student completes the application materials found on the undergraduate social work web pages in the Department of Social Work. Students must maintain a cumulative GPA of 2.5 or above and an acceptable level of performance according to community, academic, and professional social work standards. Reviews of student performance are held prior to SW 340, prior to graduation, or other times as required. School of Education

Teacher Education Program - Traditional Undergraduate

The Teacher Education Program is administered through a Performance Assessment System built on a continuous improvement cycle, which includes four progress checkpoints or "Gates":

- Gate 1-Admission to Teacher Education; admission to upper-level courses at the end of the ED 201 clinical semester
- Gate 2-Review a candidate's education program at the end of the ED 300 / ED 301 clinical semester(s)
- Gate 3-Admission to Student Teaching at the end of the ED 401 clinical semester
- Gate 4-Program Exit; recommendation for certification

Candidates seeking a recommendation for a teaching certificate must be accepted into the Teacher Education Program (Gate 1) in order to complete required professional courses (300 or above). Successful completion of Gate 2 is needed for continuance in coursework. Receiving a "developing" rating at Gate 3 is required to pursue the professional semester and obtain a student teaching assignment. Fulfilling the requirements of Gate 4 (exit from program) results in a recommendation for certification. (Scoring rubrics for ratings, recommendations, interviews and dispositions are located in the current School of Education Teacher Education Handbook.) Student teaching, which is a full semester of coursework, involves a two-day seminar (I-Steps) held on campus prior to candidates starting their minimum of 70-day student teaching experience and seven on-campus seminars throughout the student teaching semester. Candidates must obtain a minimum GPA of 2.75 on a 4.0 scale in the cumulative GPA (or obtain a grade point average of 3.00 on a 4.0 scale on the last thirty (30) hours of credit completed) for admission into the Teacher Education Program. Upon admission to TEP, GPAs are monitored throughout the remainder of the program to assure a minimum GPA of 2.75 in cumulative and School of Education Major GPAs.

Certification

- The Teacher Education Program at Asbury University is approved by the Kentucky Education Professional Standards Board and accredited by the Council for the Accreditation of Educator Preparation (CAEP). Requirements for each teaching area at Asbury University are in compliance with the minimum regulations set forth by the Kentucky Education Professional Standards Board and are subject to change. Each program curricular design responds to the specific CAEP standards.
- Applicants for a Kentucky teaching certificate must complete state-approved program requirements and all graduation requirements which provide for meeting the initial academic certification standards. To be recommended for certification, a candidate must complete a successful interview with a committee of educators, and the portfolio review with a Developing rating, which includes a rating on candidate dispositions. For certification the candidate must also receive scores that meet or exceed the Kentucky established minimums on the PRAXIS II Specialty Area Assessment(s) and Principles of Learning and Teaching.
- When the teacher education program and Kentucky certification testing requirements have been met and when an application for Kentucky certification has been completed, a full standard professional certificate may be requested from the Kentucky Education Professional Standards Board.

When certification is desired in another state, most state Departments of Education request a copy of the teaching certificate obtained from the state in which the teacher education program was completed. Graduates can contact a state's Department of Education to ask for an application for certification and can contact the Certification Specialist at Asbury University for assistance in interpreting individual state certification requirements.

Asbury graduates currently teach throughout the United States and in many foreign countries. Over 60% of the states, including Kentucky, belong to the Interstate Certification Compact.

Student Teaching Overseas - Asbury is affiliated with Interaction International / STAGE (Student Teaching and Global Experiences). Dual placement is necessary, with candidates teaching stateside in a local school district with supervision by Education faculty during half of the professional semester and teaching overseas during the other half of the semester. There is an application and stateside training fee. **Candidates must apply at least one full calendar year in advance of student teaching placement.** Contact the Director of Clinical Experiences in the School of Education for details and application specifications.

Major Requirements

The Kentucky Education Professional Standards Board mandates four levels of certification requirements which include Elementary (P-5), Middle School (5-9), Secondary (8-12), and all grade levels (P-12) Education. Students must meet the requirements of one of the prescribed certification programs. Fifty percent of the major must be taken at Asbury University to receive a degree, and student teaching must be completed in a school district with which Asbury has a contractual agreement.

All program requirements are in response to Kentucky Education Professional Standards Board and are subject to change.

Teacher Education Program - APS Undergraduate

The Teacher Education Program is administered through a Performance Assessment System built on a continuous improvement cycle which includes four progress check points or "Gates":

Gate 1-Admission to Teacher Education; admission to upper-level courses at the end of the EDA 201 clinical semester

Gate 2-Review a candidate's education program at the end of the EDA 300 clinical semester

Gate 3-Admission to Student Teaching at the end of the EDA 401 clinical semester

Gate 4-Program Exit; recommendation for certification

Students seeking a recommendation for a teaching certificate must be accepted into the Teacher Education Program (Gate 1) in order to complete required professional courses (300 or above). Successful completion of Gate 2 is needed for continuance in coursework. Receiving a "developing" rating at Gate 3 is required to pursue the professional semester and obtain a student teaching assignment. Fulfilling the requirements of Gate 4 (exit from program) results in a recommendation for certification. (Scoring rubrics for ratings, recommendations, interviews and dispositions are located in the current School of Education *Teacher Education Handbook*.) Student teaching, which is a full semester of coursework, involves a two-day seminar (I-Steps) held on campus prior to candidates starting their 70-day student teaching experience and seven on-campus seminars throughout the student teaching semester. Candidates must obtain a minimum GPA of 2.75 on a 4.0 scale in the cumulative GPA (or obtain a grade point average of 3.00 on a 4.0 scale on the last thirty (30) hours of credit completed) for admission into the Teacher Education Program. Upon admission to TEP, GPAs are monitored throughout the remainder of the program to assure a minimum of 2.75 in cumulative and School of Education Major GPAs.

Certification

- The Teacher Education Program at Asbury University is approved by the Kentucky Education Professional Standards Board and accredited by the Council for the Accreditation of Educator Preparation (CAEP). Requirements for each teaching area at Asbury University are in compliance with the minimum regulations set forth by the Kentucky Education Professional Standards Board and are subject to change. Each program curricular design responds to the specific CAEP standards.
- Applicants for a Kentucky teaching certificate must complete state-approved program requirements and all graduation requirements which provide for meeting the initial academic certification standards. To be recommended for certification, a candidate must complete a successful interview with a committee of educators, and the portfolio review with a *Developing* rating, which includes a rating on candidate dispositions. For certification the candidate must also receive scores that meet or exceed the Kentucky established minimums on the PRAXIS II Specialty Area Assessment(s) and Principles of Learning and Teaching.
- When the approved teacher education program and Kentucky certification testing requirements have been met and when an application for Kentucky certification has been completed, a full standard professional certificate may be requested from the Kentucky Education Professional Standards Board.

When certification is desired in another state, most state Departments of Education request a copy of the teaching certificate obtained from the state in which the teacher education program was completed. Graduates can contact a state's Department of Education to ask for an application for certification and can contact the Certification Specialist at Asbury University for assistance in interpreting individual state certification requirements.

Asbury graduates currently teach throughout the United States and in many foreign countries. Over 60% of the states, including Kentucky, belong to the Interstate Certification Compact.

Student Teaching Overseas - Asbury is affiliated with Interaction International / STAGE (Student Teaching and Global Experiences). These organizations provide Asbury with an accredited framework to offer overseas student teaching. Dual placement is necessary, with candidates teaching stateside in a local school district with supervision by Education faculty during half of the professional semester and teaching overseas during the other half of the semester. There is an application and stateside training fee. **Candidates must apply at least one full calendar year in advance of student teaching placement.** Contact the Director of Clinical Experiences in the School of Education for details and application specifications.

All program requirements are in response to Kentucky Education Professional Standards Board and are subject to change.

Engineering Mathematics major policies:

Note: Policies relating to early enrollment at the University of Kentucky to complete additional pre-engineering courses while enrolled at Asbury are pending the final agreement with UK. Details will be provided once the agreement is finalized. The same Asbury major requirements will apply; only timeline and registration details are expected to change.

1. A minimum GPA of 2.5 must be maintained to participate in this program. Some engineering programs may have a higher GPA requirement. Consult the department chair for more information.
2. All Asbury University Foundations requirements, except Cross Cultural Immersion Experience (CCE 150EX), must be complete prior to transferring to the University of Kentucky. While CCE does not need to be finalized prior to transfer, CCE 150EX Immersion Experience requirement must be complete to receive the Asbury University degree.
3. The University of Kentucky requires a comment on the Asbury official transcript indicating that Foundations requirements are completed prior to transferring to UK. The registrar's office will add this comment only after all requirements are fulfilled. The student must request the official transcript with this comment to be sent to UK.
4. Permission may be granted to take a limited number of University of Kentucky courses provided the student is enrolled full-time at Asbury (12 or more credit hours) in addition to any registered UK course. Per University policy, full-time Asbury enrollment is required for financial aid (full-time eligibility), athletic eligibility, campus housing, and international student status at Asbury. For UK Class Registration see "Approved Affiliate or Partnership courses" under Academic Information for Undergraduates.
5. Official University of Kentucky transcript with minimum 27 credits in engineering must be sent to Asbury University in order to receive the Engineering Mathematics degree.)

Health Professions Majors and Programs

Medical, dental, pharmacy, and veterinary schools do not require a science major, but a strong preparation in science is required. While medical schools do not have a prescribed list of science BION courses applicants must take, a sound understanding of the following areas is required: a) biological, biochemical, chemical, and physical foundations of living systems, b) psychological, social, and biological foundations of behavior, and c) critical analysis and reasoning skills. Asbury students interested in medicine are assigned to the Health Professions Advisor who assists them in planning their schedules and meeting other admissions requirements. Email the Health Professions Advisor for more information.

Biology - Pre-Nursing (BION) Program*

Asbury University offers a major in Pre-Nursing which provides options to students interested in pursuing a career in nursing.

1. Students may complete an Asbury University degree by transferring to and completing credits at an approved school of nursing in their fourth year. Students take a prescribed course of study (BION) and Foundations courses at Asbury University. The BION major must transfer to an accredited 4-year school of nursing. Upon completing the first 30 hours of professional nursing courses the credits must be transferred back to Asbury University to complete the Bachelor of Arts degree in Biology - Pre-Nursing. Asbury has arrangements with UK-CON and with IWU-SON for accepting qualified Asbury students, but other Schools of Nursing may be used.

A. **University of Kentucky - College of Nursing (UK-CON)** - Students can complete two degrees by successfully completing this program, a Bachelor of Arts in Biology - Pre-Nursing from Asbury and a Bachelor of Science in Nursing from the University of Kentucky. Participating students take the prescribed course of study at Asbury, including Foundations courses, and then transfer to UK-CON. To complete the Asbury University degree in Biology - Pre-Nursing the first 30 credits of nursing courses from UK must be officially transferred to Asbury University upon completion. Entrance requirements for UK-CON must be met, and spaces are limited (Contact the Health Professions Advisor for more information).

B. **Indiana Wesleyan University - School of Nursing (IWU-SON)** - Students can complete two degrees by successfully completing this program, a Bachelor of Arts in Biology - Pre-Nursing from Asbury and a Bachelor of Science in Nursing from Indiana Wesleyan University. Participating students take the prescribed course of study at Asbury, including Foundations courses, and then transfer to IWU-SON. To complete the Asbury University degree in Biology - Pre-Nursing the first 30 credits of nursing courses from Indiana Wesleyan must be officially transferred to Asbury University upon completion. Entrance requirements for IWU-SON must be met, and spaces are limited (Contact the Health Professions Advisor for more information).

C. **Other schools of nursing** - Students may transfer to other approved nursing schools although there is no agreement on admission or programs at these other schools. The Asbury degree is completed by the official transfer of the first 30 credits of nursing courses. Degrees and requirements for the other nursing schools vary. The school must be approved for use in the Biology - Pre-Nursing degree program. (Contact the Health Professions Advisor about other schools).

2. Students may complete the pre-nursing requirements and seek admission to a nursing program without completing the Asbury three-year pre-nursing curriculum and Foundations requirements. This option will not lead to a degree from Asbury. No transfer of nursing courses would be needed.
3. Students with other Asbury majors may complete pre-nursing requirements without declaring the BION major. Contact the Health Professions Advisor if you are interested in any nursing / medical related field.

*Biology - Pre-Nursing (BION) Program Restrictions

- A. BION Student completes the major requirements at Asbury. BION majors transfer to an accredited 4-year school of nursing to complete the major and the AU degree by finishing 30.0 hours of nursing courses. These credits must be officially transferred back to Asbury University to receive an AU degree. Students must have 124.0 total hours to receive an AU degree. Entrance requirements at the school of nursing must be met.
- B. BION Student may not have a double major. If completing any other Asbury major the Pre-nursing major will not be listed. Student will complete and graduate from Asbury University in the other major only. However, any student who is preparing to apply for nursing or medical schools should contact the Health Professions Advisor about taking required pre-nursing or pre-medical courses outside their declared major.
- C. The 75.0 hours maximum transfer rule applies and includes the 30.0 nursing hours which limits all other transfer hours and institutional credit to 45 hours.
- D. Transfer course restrictions: 50% of the BION major must be completed at Asbury University (minimum 33.0 major hours at Asbury) with the transferred nursing hours accounting for the other 50% of the major. If any of the other required major courses are taken at other schools the student will be required to take additional Asbury University course hours in BIO, PSY, CHE, or SOC to account for the 50% at Asbury.
- E. All Pre-Nursing students are reviewed at the end of the sophomore year (60.0 cumulative hours). After 2 years, students should have no grade below a "C" in all BIO and CHE courses in order to continue in the program. Schools of nursing have stringent GPA requirements for admission (Contact the Health Professions Advisor for information).
- F. Changing out of the BION major - A student who decides not to pursue nursing needs to make this decision by the first semester of the junior year to allow time to complete the courses needed for another major. Discuss major changes with the Health Professions Advisor.

Early Acceptance Programs in Medicine, Dentistry, and Pharmacy

Asbury University has contractual agreements with certain schools of medicine, dentistry, and pharmacy whereby students can gain early acceptance to these medical programs by meeting specific requirements.

- A. **Lake Erie College of Osteopathic Medicine (LECOM)** - The Early Acceptance Program (EAP) is designed to facilitate the admission of Asbury students into LECOM's Doctor of Osteopathic Medicine (D.O.) program. LECOM will interview eligible students prior to their enrollment at Asbury University or within the first two years of study at Asbury. Students interviewing successfully will be offered a provisional acceptance in LECOM's Doctor of Osteopathic Medicine program. Upon meeting the criteria for final acceptance they will matriculate at the LECOM campus of their choice (dependent upon space availability). Each academic year a maximum combined total of 5 students will be accepted by LECOM from Asbury University. Contact the Health Professions Advisor for eligibility information.
- B. **University of Kentucky College of Medicine - Northern Kentucky Campus** - The Early Assurance Program (EAP) is designed to provide students from Northern and North Central Kentucky early assurance of admission to medical school. Students apply to the EAP during the spring semester of their sophomore year at Asbury University. An indicated clear interest in establishing medical practice in the Northern / North Central region of Kentucky, and commitment to participate in all elements of the EAP are required. Contact the Health Professions Advisor for eligibility information.
- C. **LECOM - School of Dental Medicine** - The Early Acceptance Program (EAP) is designed to facilitate the admission of Asbury students into LECOM's Doctor of Dental Medicine (D.M.D.) program. Asbury University does not discriminate on the basis of race, color, gender, age, national or ethnic origin, or disability in the admission of students, educational policies and programs, employment policies, and activities. In addition, Asbury University does not discriminate on the basis of religion in the admission of students and student access to educational programs. The following person has been designated to handle inquiries regarding the nondiscrimination policies: Director of Human Resources, Asbury University, Wilmore, KY 40390; 859-858-3511, ext. 2357.

In conformity with the pertinent requirements of *Title IX of the Education Amendments of 1972* enacted by the Congress of the United States, Asbury University does not within the context of its religious principles, its heritage, its mission and its goals discriminate on the basis of sex in the areas of employment, admission, educational programs, or other activities. Inquiries concerning the application of Title IX to Asbury University may be addressed to a Title IX Coordinator. A listing of Title IX Coordinators may be found in the Sexual Misconduct policy located on the Asbury University website (www.asbury.edu/student-life/resources/handbook-community-life/general-policies-and-procedures), and as an addendum to the Student, Employee and Faculty Handbooks.

As required by the *Student Right-to-Know Act (101-542)*, Asbury University hereby reports that the graduation rate [representing the number of students in the cohort who earned a degree within six years of freshmen matriculation] for the cohort of first-time, full-time freshmen who entered in

Fall 2011 cohort is 68.8%;
Fall 2012 cohort is 60.9%;
Fall 2013 cohort is 68.3%;
Fall 2014 cohort is 63.0%;
Fall 2015 cohort is 63.4%.

The average for these eight cohorts is 64.8%. Questions regarding these statistics should be addressed to the Registrar.

Annual Notification of Rights Under FERPA

Asbury University complies with the Family Education Rights and Privacy Act, 20 U. S. C. § 1232g (FERPA), which affords eligible students certain rights with respect to their education records. (An "eligible student" under FERPA is a student who is 18 years of age or older or who attends a postsecondary institution.) Asbury University students are considered to be in attendance once they have registered for courses for their initial term of enrollment.

These rights include:

- 1. The right to inspect and review the student's education records** within 45 days after the day Asbury University receives a request for access. A student should submit to the Registrar a written request that identifies the record(s) the student wishes to inspect. The school official will make arrangements for access and notify the student of the time and place where the records may be inspected. If the records are not maintained by the school official to whom the request was submitted, that official shall advise the student of the correct official to whom the request should be addressed.
- 2. The right to request an amendment of the student's education record/s that the student believes are inaccurate or misleading**, or otherwise in violation of the student's privacy rights under FERPA. A student who wishes to ask the University to amend a record that they believe is inaccurate or misleading should write the school official responsible for the record, clearly identify the part of the record the student wants changed and specify why it should be changed. If the school decides not to amend the record as requested, the school will notify the student in writing of the decision and the student's right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.
- 3. The right to provide written consent before the university discloses personally identifiable information (PII)** from the student's education records, except to the extent that FERPA authorizes disclosure without consent. Asbury University discloses education records without a student's prior written consent under the FERPA exception for disclosure to school officials with legitimate educational interest. School officials are those persons employed by Asbury University in administrative, supervisory, academic, research, instructional, advisory, governance, and support staff functions of the University (including law enforcement unit personnel and health staff). They do not necessarily need to be paid employees of the University; school officials may include students serving on official committees or assisting a school official in performing his or her tasks; contractors, consultants, volunteers or other

parties outside of Asbury University to whom Asbury University has outsourced institutional services or functions (such as an attorney, auditor, or collection agent). A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibilities for Asbury University. Education records can be released without written consent to Local, State, and Federal agencies as well as contracted agencies that qualify as Asbury University school officials.

4. **The right to file with the U.S. Department of Education a complaint concerning alleged failures by Asbury University to comply with the requirements of FERPA.**

The name and address of the Office that administers FERPA is: Family Policy Compliance Office, U.S. Department of Education, 400 Maryland Avenue, SW, Washington, DC 20202

Directory Information

Asbury University may release, without the written consent of the student, the following items which have been specified as public or "directory information" for students: name, address(es), email address(es), telephone number(s), fields of study, level and classification, enrollment status, dates of attendance, actual and expected graduation date, degree(s) conferred, including dates, honors, scholarships and awards, previous institution(s) or agency attended, past and present participation in officially recognized activities and sports, and weight and height of athletic team members, and photograph or video image.

Asbury works hard to protect each student's privacy and does not automatically release directory information to all requestors. Information that is NOT classified as directory information and is therefore not released without advance student permission or applicable exception under the Act includes: specific course grades, grade point averages, race or ethnic group, or parent names.

However, a currently enrolled student may request under the provisions of the Family Educational Rights and Privacy Act of 1974, that the University not release any directory information by completing the FERPA Block Form available from the Office of the Registrar by the end of the drop/add period of the fall semester. Requests for non-disclosure will be honored until the student releases the hold on disclosure or until the end of the last term of the student's enrollment, whichever comes first. The student accepts all consequences of having his or her directory information withheld, and the institution assumes no liability for honoring the student's instructions that such information be withheld.

For more information regarding FERPA please visit: <http://www2.ed.gov/policy/gen/guid/fpco/ferpa/index.html>
