FOUNDATIONS - Required for all APS Online Undergraduate Degrees

Academic Affairs and the Liberal Arts Council

Asbury University's Foundations Liberal Arts Program organizes around five (5) key conceptual areas. Each of the five areas clearly identifies a Student Learning Outcome (SLO) crucial to the liberal arts vision and overall academic mission of the University. While each conceptual category is distinct, and supports a clearly defined learning outcome, none of categories is to be considered as isolated from the other, nor static. They are of a piece, all interconnected, inseparable, and dynamic. They invite reflection on the whole person, not on some disaggregated set of aptitudes or skills. Thus Christian faith and culture sheds light on and informs human thought and creative expression. Yet neither the religious nor the creative life unfolds in a vacuum. A person in search of knowledge, meaning, and wisdom must necessarily engage society and answer the call to public and global responsibility, while also recognizing that informed citizenship requires critical thinking, analysis, and problem solving.

To graduate must complete all major requirements, Foundations requirements, and additional electives needed for 124 hour minimum bachelor's degree requirement, or for 60 hour minimum associate's degree requirement.

Students with waivers of any Foundations requirement must still meet the minimum credits required for graduation (60 for Associate's, and 124 for Bachelor's degree)
